Snow Sculpting Team Rules and Registration

Rules:

1. Sculpture must be made completely from snow*
2. No colorant (like paint, etc.) may be used
3. Spritzing or misting your sculpture to solidify a sculpture is permitted
4. An ice chopper (with chisel edge or a roofing shovel) and small hand tools work well
5. A drawing or photograph of the sculpture to work from is recommended

*Snow covered supporting pieces like wood lath, rebar, or PVC pipe may be used. No plywood, lumber or cardboard. Support pieces will be discarded after the sculpture melts.
