Subject: Redevelopment Authority

Don, I am interested in Redevelopment Authority. I feel my experience in economic development and construction would be an asset to the committee. I have worked in the construction industry for 15 years as a Project Manager after graduating from UW-Platteville in Civil/Structural Engineering. As part of my current position with Keller, Inc. for the last 10 years my responsibilities also include Business Development and Sales. I am responsibly for going out into my communities and forming my networks in order to find the work and sell it for my company.

I also live just to the north of Lake Park Villas and Square in the Lake Park Heights subdivision so I am very familiar with the development.

Let me know if you have any additional questions. I look forward to serving the City of Menasha.

Thanks

Kip N. Golden
Co-Owner/Project Manager
