December 16, 2014

Engineering and Technical Services Division
Great Lakes Hydraulics and Hydrology Office

To Our Lake Winnebago Partners:

The purpose of this letter is to inform you of our upcoming interagency conference call regarding the Lake Winnebago drawdown strategy. The conference call is scheduled for Wednesday, January 14, 2015 at 1:30 PM (C.S.T.). During the conference call, the timing and extent of the 2015 winter drawdown on Lake Winnebago will be discussed. The agenda for the conference call is as follows:

- Introduction and Conference Call Guidelines
- Basin Conditions to include:
  Lake Winnebago water levels, Snow pack, Ice cover, River flows
- Expected winter conditions
- Drawdown timing and extent
- Open forum for questions

This conference call is open to the public. To join the conference call, please dial (877) 873-8017 and enter 5016219 when prompted for the pass code. After entering the access code, you will be asked to enter the security code which is 1234. Once you have joined the conference call, please press *6 to mute your phone. You may press *6 again during the call when you wish to speak.

For your added convenience, we would like to continue sending out our meeting notices and information using email whenever possible. We will continue to mail out hard copies to those people who do not use email. Please send an email to Keith.W.Kompoltowicz@usace.army.mil and list the email address that you would like these notices sent to if you haven't already.

If you have any questions please feel free to call Mr. Keith Kompoltowicz at (313) 226-6442.

Sincerely,

Michael K. O'Bryan

Michael K. O'Bryan, P.E.
