City of Menasha • Office of the City Clerk

July 13, 2011

To: Common Council

From: Debbie Galeazzi, City Clerk

Subject: Redistricting

The redistricting plan that the Common Council created at the July 11, 2011 workshop has caused some concerns in the election process of the City of Menasha. As the person in charge of elections, the proposed plan will add unnecessary costs to the election budgets for the next ten years.

For every ballot style that needs to be created for each election there is a cost that includes the data programming of the election machines and the cost to print the ballots

For past Spring elections each polling place (excluding Clovis Grove) has not had more than two different ballot styles. The plan proposed by the Common Council would require multiple polling places to have three different ballot styles for each Spring election. Which will be extra costs for those polling places that could range from $300-$500 per polling place per Spring election over the next ten years.

Redistricting is intended to streamline the election process, however; the proposed plan coupled with the new Voter ID Bill may create unnecessary changes and confusion for both voters and poll workers.
