Assurex Global PRIVATE EXCHANGE

With additional provisions of health care reform set to take affect in 2014, is your business ready? Our firm will soon be offering a private exchange through our exclusive partnership with Assurex Global, the world's largest privately held commercial insurance, risk management and employee-benefits brokerage group. We're prepared to exceed your expectations.

A plan that works for you and your employees

Through our private exchange, **manage your increasing benefits costs, maintain a competitive advantage** in the battle for talent and **provide tremendous flexibility** in design options for your employees.

Among the key advantages of our private exchange:

- Ability to choose a defined contribution or defined benefit strategy
- Prepackaged portfolio of medical and ancillary benefits for employers and their employees
- Supports health care reform record-keeping responsibilities
- Single-source administrative package
- Marketplace business data integration
- Flexible decision support tools that support consumer choice
