Section 3. Terms of the Bonds. The Bonds shall be designated "Sewerage System Revenue Bonds, Series 2013B" (the "Bonds"); shall be dated their date of issuance; shall be numbered one and upward; shall bear interest at the rate of 2.625% per annum; shall be issued in denominations of \$0.01 or any integral multiple thereof; and shall mature on the dates and in the amounts as set forth in Exhibit B of the Financial Assistance Agreement and in the Bond form attached hereto as Exhibit A as it is from time to time adjusted by the State of Wisconsin based upon the actual draws made by the Municipality. Interest on the Bonds shall be payable commencing on November 1, 2013 and semiannually thereafter on May 1 and November 1 of each year. The Bonds shall not be subject to redemption prior to maturity except as provided in the Financial Assistance Agreement.

The schedule of maturities of the Bonds is found to be such that the amount of annual debt service payments is reasonable in accordance with prudent municipal utility practices.

Section 4. Form, Execution, Registration and Payment of the Bonds. The Bonds shall be issued as registered obligations in substantially the form attached hereto as Exhibit A and incorporated herein by this reference.

The Bonds shall be executed in the name of the Municipality by the manual signatures of the Mayor and City Clerk, and shall be sealed with its official or corporate seal, if any.

The principal of, premium, if any, and interest on the Bonds shall be paid by the Municipal Treasurer, who is hereby appointed as the Municipality's Bond Registrar.

Both the principal of and interest on the Bonds shall be payable in lawful money of the United States of America by the Bond Registrar. Payment of principal of the final maturity on the Bond will be payable upon presentation and surrender of the Bond to the Bond Registrar. Payment of principal on the Bond (except the final maturity) and each installment of interest shall be made to the registered owner of each Bond who shall appear on the registration books of the Municipality, maintained by the Bond Registrar, on the Record Date and shall be paid by check or draft of the Municipality and mailed to such registered owner at his or its address as it appears on such registration books or at such other address may be furnished in writing by such registered owner to the Bond Registrar.

Section 5. Security for the Bonds. The Bonds, together with interest thereon, shall not constitute an indebtedness of the Municipality nor a charge against its general credit or taxing power. The Bonds, together with interest thereon, shall be payable only out of the Debt Service Fund hereinafter created and established, and shall be a valid claim of the registered owner or owners thereof only against such Debt Service Fund and the revenues of the System pledged to such fund, on a parity with the pledge granted to the holders of the Prior Bonds. Sufficient revenues are hereby pledged to said Debt Service Fund, and shall be used for no other purpose than to pay the principal of, premium, if any, and interest on the Prior Bonds, the Bonds and any Parity Bonds as the same becomes due.

Section 6. Funds and Accounts. In accordance with the Act, for the purpose of the application and proper allocation of the revenues of the System, and to secure the payment of the principal of and interest on the Prior Bonds, the Bonds and Parity Bonds, certain funds of the System which were created and established by the 2004 Resolution are hereby continued and shall be used solely for the following respective purposes:

- (a) Revenue Fund, into which shall be deposited as received the Gross Earnings of the System, which money shall then be divided among the Operation and Maintenance Fund, the Debt Service Fund and the Surplus Fund in the amounts and in the manner set forth in Section 7 hereof and used for the purposes described below.
- (b) Operation and Maintenance Fund, which shall be used for the payment of Current Expenses.
- (c) Debt Service Fund, which shall be used for the payment of the principal of, premium, if any, and interest on the Prior Bonds, the Bonds and Parity Bonds as the same becomes due.
- (d) Surplus Fund, which shall first be used whenever necessary to pay principal of, premium, if any, or interest on the Prior Bonds, the Bonds and Parity Bonds when the Debt Service Fund shall be insufficient for such purpose, and thereafter shall

be disbursed as follows: (i) at any time, to remedy any deficiency in any of the Funds provided in this Section 6 hereof; and (ii) money thereafter remaining in the Surplus Fund at the end of any Fiscal Year may be transferred to any of the funds or accounts created herein or to reimburse the general fund of the Municipality for advances made by the Municipality to the System.

Section 7. Application of Revenues. After the delivery of the Bonds, the Gross Earnings of the System shall be deposited as collected in the Revenue Fund and shall be transferred monthly to the funds listed below in the following order of priority and in the manner set forth below:

- (a) to the Operation and Maintenance Fund, in an amount equal to the estimated Current Expenses for such month and for the following month (after giving effect to available amounts in said Fund from prior deposits);
- (b) to the Debt Service Fund, an amount equal to one-sixth (1/6) of the next installment of interest coming due on the Prior Bonds, the Bonds and any Parity Bonds then outstanding and an amount equal to one-twelfth (1/12) of the installment of principal of the Prior Bonds, the Bonds and any Parity Bonds coming due during such Bond Year (after giving effect to available amounts in said Fund from accrued interest, any premium or any other source); and
- (c) to the Surplus Fund, any amount remaining in the Revenue Fund after the monthly transfers required above have been completed.

Transfers from the Revenue Fund to the Operation and Maintenance Fund, the Debt Service Fund and the Surplus Fund shall be made monthly not later than the tenth day of each month, and such transfer shall be applicable to monies on deposit in the Revenue Fund as of the last day of the month preceding. Any other transfers and deposits to any fund required or permitted by subsection (a) through (c) of this Section, except transfers or deposits which are required to be made immediately or annually, shall be made on or before the tenth day of the month. Any transfer or deposit required to be made at the end of any Fiscal Year shall be made within sixty (60) days after the close of such Fiscal Year. If the tenth day of any month shall fall on a day other than a business day, such transfer or deposit shall be made on the next succeeding business day.

It is the express intent and determination of the Governing Body that the amounts transferred from the Revenue Fund and deposited in the Debt Service Fund shall be sufficient in any event to pay the interest on the Prior Bonds, the Bonds and any Parity Bonds as the same accrues and the principal thereof as the same matures.

Section 8. Deposits and Investments. The Debt Service Fund shall be kept apart from monies in the other funds and accounts of the Municipality and the same shall be used for no purpose other than the prompt payment of principal of and interest on the Prior Bonds, the Bonds and any Parity Bonds as the same becomes due and payable. All monies therein shall be deposited in special and segregated accounts in a public depository selected under Chapter 34, Wisconsin Statutes and may be temporarily invested until needed in legal investments subject to

the provisions of Section 66.0603(1m), Wisconsin Statutes. The other funds herein created (except the Sewerage System CWFP Project Fund) may be combined in a single account in a public depository selected in the manner set forth above and may be temporarily invested until needed in legal investments subject to the provisions of Section 66.0603(1m), Wisconsin Statutes.

Section 9. Service to the Municipality. The reasonable cost and value of services rendered to the Municipality by the System by furnishing sewerage services for public purposes shall be charged against the Municipality and shall be paid in monthly installments as the service accrues, out of the current revenues of the Municipality collected or in the process of collection, exclusive of the revenues derived from the System; that is to say, out of the tax levy of the Municipality made by it to raise money to meet its necessary current expenses. The reasonable cost and value of such service to the Municipality in each year shall be equal to an amount which, together with other revenues of the System, will produce in each Fiscal Year Net Revenues equivalent to not less than the annual principal and interest requirements on the Prior Bonds, the Bonds, any Parity Bonds and any other obligations payable from the revenues of the System then outstanding, times the greater of (i) 110% or (ii) the highest debt service coverage ratio required with respect to any obligations payable from revenues of the System then outstanding. However, such payment out of the tax levy shall be subject to (a) approval of the Public Service Commission, or successors to its function, if applicable, (b) yearly appropriations therefor, and (c) applicable levy limitations, if any; and neither this Resolution nor such payment shall be construed as constituting an obligation of the Municipality to make any such appropriation over and above the reasonable cost and value of the services rendered to the Municipality and its inhabitants or to make any subsequent payment over and above such reasonable cost and value.

Section 10. Operation of System; Municipality Covenants. It is covenanted and agreed by the Municipality with the owner or owners of the Bonds, and each of them, that the Municipality will perform all of the obligations of the Municipality as set forth in the Financial Assistance Agreement.

Section 11. Additional Bonds. The Bonds are issued on a parity with the Prior Bonds as to the pledge of revenues of the System. No bonds or obligations payable out of the revenues of the System may be issued in such manner as to enjoy priority over the Bonds. Additional obligations may be issued if the lien and pledge is junior and subordinate to that of the Bonds. Parity Bonds may be issued only under the following circumstances:

(a) Additional Parity Bonds may be issued for the purpose of completing the Project and for the purpose of financing costs of the Project which are ineligible for payment under the State of Wisconsin Clean Water Fund Program. However, such additional Parity Bonds shall be in an aggregate amount not to exceed 20% of the face amount of the Bonds; or

(b) Additional Parity Bonds may also be issued if all of the following conditions are met:

(1) The Net Revenues of the System for the Fiscal Year immediately preceding the issuance of such additional bonds must have been in an amount at least equal to the maximum annual interest and principal requirements on all bonds outstanding payable from the revenues of the System, and on the bonds then to be issued, times the greater of (i) 1.10 or (ii) the highest debt service coverage ratio to be required with respect to the Additional Parity Bonds to be issued or any other obligations payable from the revenues of the System then outstanding. Should an increase in permanent rates and charges, including those made to the Municipality, be properly ordered and made effective during the Fiscal Year immediately prior to the issuance of such additional bonds or during that part of the Fiscal Year of issuance prior to such issuance, then Net Revenues for purposes of such computation shall include such additional revenues as an independent certified public accountant, consulting professional engineer or the Wisconsin Public Service Commission may certify would have accrued during the prior Fiscal Year had the new rates been in effect during that entire immediately prior Fiscal Year.

(2) The payments required to be made into the funds enumerated in Section 6 of this Resolution must have been made in full.

(3) The additional bonds must have principal maturing on May 1 of each year and interest falling due on May 1 and November 1 of each year.

(4) The proceeds of the additional bonds must be used only for the purpose of providing extensions or improvements to the System, or to refund obligations issued for such purpose.

Section 12. Sale of Bonds. The sale of the Bonds to the State of Wisconsin Clean Water Fund Program for the purchase price of up to \$504,200 and at par, is ratified and confirmed; and the officers of the Municipality are authorized and directed to do any and all acts, including executing the Financial Assistance Agreement and the Bonds as hereinabove provided, necessary to conclude delivery of the Bonds to said purchaser, as soon after adoption of this Resolution as is convenient. The purchase price for the Bonds shall be paid upon requisition therefor as provided in the Financial Assistance Agreement, and the officers of the Municipality are authorized to prepare and submit to the State requisitions and disbursement requests in anticipation of the execution of the Financial Assistance Agreement and the issuance of the Bonds.

Section 13. Application of Bond Proceeds. The proceeds of the sale of the Bonds shall be deposited by the Municipality into a special fund designated as "Sewerage System CWFPP Project Fund." The Sewerage System CWFPP Project Fund shall be used solely for the purpose of paying the costs of the Project as more fully described in the preamble hereof and in the Financial Assistance Agreement. Moneys in the Sewerage System CWFPP Project Fund shall be disbursed within three (3) business days of their receipt from the State of Wisconsin and shall not be invested in any interest-bearing account.

Section 14. Amendment to Resolution. After the issuance of any of the Bonds, no change or alteration of any kind in the provisions of this Resolution may be made until all of the Bonds have been paid in full as to both principal and interest, or discharged as herein provided, except: (a) the Municipality may, from time to time, amend this Resolution without the consent of any of the owners of the Bonds, but only to cure any ambiguity, administrative conflict, formal defect, or omission or procedural inconsistency of this Resolution; and (b) this Resolution may be amended, in any respect, with a written consent of the owners of not less than two-thirds (2/3) of the principal amount of the Bonds then outstanding, exclusive of Bonds held by the Municipality; provided, however, that no amendment shall permit any change in the pledge of revenues derived from the System or the maturity of any Bond issued hereunder, or a reduction in the rate of interest on any Bond, or in the amount of the principal obligation thereof, or in the amount of the redemption premium payable in the case of redemption thereof, or change the terms upon which the Bonds may be redeemed or make any other modification in the terms of the payment of such principal or interest without the written consent of the owner of each such Bond to which the change is applicable.

Section 15. Defeasance. When all Bonds have been discharged, all pledges, covenants and other rights granted to the owners thereof by this Resolution shall cease. The Municipality may discharge all Bonds due on any date by irrevocably depositing in escrow with a suitable bank or trust company a sum of cash and/or bonds or securities issued or guaranteed as to principal and interest of the U.S. Government, or of a commission, board or other instrumentality of the U.S. Government, maturing on the dates and bearing interest at the rates required to provide funds sufficient to pay when due the interest to accrue on each of said Bonds to its maturity or, at the Municipality's option, if said Bond is prepayable to any prior date upon which it may be called for redemption, and to pay and redeem the principal amount of each such Bond at maturity, or at the Municipality's option, if said Bond is prepayable, at its earliest redemption date, with the premium required for such redemption, if any, provided that notice of the redemption of all prepayable Bonds on such date has been duly given or provided for.

Section 16. Rebate Fund. Unless the Bonds are exempt from the rebate requirements of the Internal Revenue Code of 1986, as amended (the "Code"), the Municipality shall establish and maintain, so long as the Bonds and any Parity Bonds are outstanding, a separate account to be known as the "Rebate Fund." The sole purpose of the Rebate Fund is to provide for the payment of any rebate liability with respect to the Bonds under the relevant provisions of the Code and the Treasury Regulations promulgated thereunder (the "Regulations"). The Rebate Fund shall be maintained by the Municipality until all required rebate payments with respect to the Bonds have been made in accordance with the relevant provisions of the Code and the Regulations.

The Municipality hereby covenants and agrees that it shall pay to the United States from the Rebate Fund, at the times and in the amounts and manner required by the Code and the Regulations, the portion of the "rebate amount" (as defined in Section 1.148-3(b) of the Regulations) that is due as of each "computation date" (within the meaning of Section 1.148-3(e) of the Regulations). As of the date of this Resolution, the provisions of the Regulations specifying the required amounts of rebate installment payments and the time and manner of such payments are contained in Sections 1.148-3(f) and (g) of the Regulations, respectively. Amounts held in the Rebate Fund and the investment income therefrom are not pledged as security for the

Bonds or any Parity Bonds and may only be used for the payment of any rebate liability with respect to the Bonds.

The Municipality may engage the services of accountants, attorneys or other consultants necessary to assist it in determining the rebate payments, if any, owed to the United States with respect to the Bonds. The Municipality shall maintain or cause to be maintained records of determinations of rebate liability with respect to the Bonds for each computation date until six (6) years after the retirement of the last of the Bonds. The Municipality shall make such records available to the State of Wisconsin upon reasonable request therefor.

Section 17. Resolution a Contract. The provisions of this Resolution shall constitute a contract between the Municipality and the owner or owners of the Bonds, and after issuance of any of the Bonds no change or alteration of any kind in the provisions of this Resolution may be made, except as provided in Section 14, until all of the Bonds have been paid in full as to both principal and interest. The owner or owners of any of the Bonds shall have the right in addition to all other rights, by mandamus or other suit or action in any court of competent jurisdiction, to enforce such owner's or owners' rights against the Municipality, the Governing Body thereof, and any and all officers and agents thereof including, but without limitation, the right to require the Municipality, its Governing Body and any other authorized body, to fix and collect rates and charges fully adequate to carry out all of the provisions and agreements contained in this Resolution.

Section 18. Continuing Disclosure. The officers of the Municipality are hereby authorized and directed, if requested by the State of Wisconsin, to provide to the State of Wisconsin Clean Water Fund Program and to such other persons or entities as directed by the State of Wisconsin such ongoing disclosure regarding the Municipality's financial condition and other matters, at such times and in such manner as the Clean Water Fund Program may require, in order that securities issued by the Municipality and the State of Wisconsin satisfy rules and regulations promulgated by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended and as it may be amended from time to time, imposed on brokers and dealers of municipal securities before the brokers and dealers may buy, sell, or recommend the purchase of such securities.

Section 19. Conflicting Resolutions. All ordinances, resolutions (other than the Prior Resolutions), or orders, or parts thereof heretofore enacted, adopted or entered, in conflict with the provisions of this Resolution, are hereby repealed and this Resolution shall be in effect from and after its passage. In case of any conflict between this Resolution and the Prior Resolutions, the Prior Resolutions shall control as long as any of the respective Prior Bonds are outstanding.

The Municipality acknowledges that s. 70.60, Wis. Stats., and the General Resolution, provide that if the Municipality fails to repay the Loan when due, the State shall recover amounts due the CWFP by adding a special charge to the amount of taxes apportioned to and levied upon the county in which the Municipality is located.

(z) The representations of the Municipality in the Application are true and correct as of the date of this FAA and are incorporated herein by reference as if fully set forth in this place.

(aa) There has been no material adverse change in the financial condition or operation of the Municipality or the Project since the submission date of the Application.

Section 3.01. Loan Clauses

(a) Subject to the conditions and in accordance with the terms of this FAA, the CWFP hereby agrees to make the Loan, and the Municipality agrees to accept the Loan. As evidence of the Loan made to the Municipality, the Municipality hereby agrees to sell to the CWFP Municipal Obligations in the aggregate principal amount of \$504,200. The CWFP shall pay for the Municipal Obligations in lawful money of the United States, which shall be disbursed as provided in this FAA.

(b) Prior to disbursement, Loan proceeds shall be held by the CWFP or by the Trustee for the account of the CWFP. Earnings on undisbursed Loan proceeds shall be for the account of the CWFP. Loan proceeds shall be disbursed only upon submission by the Municipality of disbursement requests and approval thereof as set forth in Section 3.06 hereof.

(c) The Loan shall bear interest at the rate of two and 625/1000ths percent (2.625%) per annum, and interest shall accrue and be payable only on Loan proceeds actually disbursed, from the date of disbursement until the date such amounts are repaid. A description of how the interest rate was determined is included in the Project Manager Summary Page (Exhibit F).

(d) The Municipal Obligation shall include the Loan Disbursement Table (Exhibit C). The actual dates of disbursements shall be reflected as part of the Municipal Obligations. DOA shall make entries as each disbursement is made and as each principal amount is repaid; the CWFP and the Municipality agree that such entries shall be mutually binding.

(e) Upon Final Completion of the Project, DOA may request that the Municipality issue substitute Municipal Obligations in the aggregate principal amount equal to the outstanding principal balance of the Loan.

(f) The Municipality shall deliver, or cause to be delivered, a Municipal Obligation Counsel Opinion to the CWFP concurrently with the delivery of the Municipal Obligations.

Section 3.02. Loan Amortization Principal and interest payments on the Loan (and on the Municipal Obligations evidencing the Loan) shall be due on the dates set forth in Exhibit B of this FAA. The payment amounts shown on Exhibit B are for informational purposes only and assume the full amount of the Loan is disbursed to the Municipality on July 24, 2013. It is understood that the actual amount of the Municipality's Loan payments shall be based on the actual date and amount of Loan disbursements for the Project. Notwithstanding the foregoing or anything in the Municipal Obligations, the Loan shall be for no longer than twenty (20) years from the date of this FAA, and shall mature and be fully amortized not later than twenty (20) years after the original issue date of the Municipal Obligations. Repayment of principal on the Loan shall begin not later than twelve (12) months after the expected or actual Substantial Completion date of the Project.

Section 3.03. Type of Municipal Obligation and Security The Municipality's obligation to meet annual debt service requirements shall be a revenue obligation evidenced by issuance of revenue bonds pursuant to s. 66.0621, Wis. Stats. The security for the Municipality's obligation shall be a pledge of revenues to be derived from the Municipality's Sewerage System, and the Municipality shall agree that if revenues from the Sewerage System are insufficient to meet annual debt service requirements, the Municipality shall purchase sewerage services in amounts sufficient to meet annual debt service requirements as provided in and set forth in Section 9 of the Municipal Obligation Resolution. The annual revenues net of all current expenses shall be equal to not less than the annual principal and interest requirements on the Municipal Obligations, any Parity Obligations and any other debt obligations payable from the revenues of the Sewerage System then outstanding, times the greater of (i) 110 percent or (ii) the highest debt service coverage ratio required with respect to any Parity Obligations or any other debt obligations payable from the revenues of the Sewerage System then outstanding. As of the date of this FAA, the required debt service coverage ratio is

110 percent; however, this percentage is subject to change as outlined in the prior sentence. The Loan is also secured as provided in Section 3.08 hereof.

Section 3.04. Other Amounts Payable The Municipality hereby expressly agrees to pay to the CWFP:

(a) such Servicing Fee as the CWFP may impose pursuant to s. 281.58(9)(d), Wis. Stats., which shall be payable in semiannual installments on each interest payment date; such a Servicing Fee shall be imposed upon the Municipality after approval of a future Biennial Finance Plan by the State of Wisconsin Building Commission which contains a Servicing Fee requirement, schedule and amount; and

(b) the Municipality's allocable share of the Fees and Charges as such costs are incurred. Allocable share shall mean the proportionate share of the Fees and Charges based on the outstanding principal of the Loan.

Amounts paid by the Municipality pursuant to this Section 3.04 shall be deposited in the Expense Fund established pursuant to the General Resolution.

Section 3.05. Sale and Redemption of Municipal Obligations

(a) Municipal Obligations may not be prepaid without the prior written consent of the CWFP. The CWFP has sole discretion to withhold such consent.

(b) The Municipality shall pay all costs and expenses of the CWFP in effecting the redemption of the Bonds to be redeemed with the proceeds of the prepayment of the Municipal Obligations. Such costs and expenses may include any prepayment premium applicable to the CWFP and any investment losses incurred or sustained by the CWFP resulting directly or indirectly from any such prepayment.

(c) Subject to subsection (a), the Municipality may prepay the Loan with any settlements received from any third party relating to the design or construction of the Project.

(d) Prepayments of the Municipal Obligations shall be applied pro rata to all maturities of the Municipal Obligations.

Section 3.06. Disbursement of Loan Proceeds

(a) Each disbursement request shall be delivered to DNR. Each request must contain invoices or other evidence acceptable to DNR and DOA that Project Costs for which disbursement is requested have been incurred by the Municipality.

(b) The CWFP, through its agents or Trustee, plans to make disbursements of Loan proceeds on a semimonthly basis, upon approval of each disbursement request by DNR and DOA. Such approval by DNR and DOA may require adjustment and corrections to the disbursement request submitted by the Municipality. The Municipality shall be notified whenever such an adjustment or correction is made by DNR or DOA.

(c) Disbursements made to the Municipality are subject to pre- and post-payment adjustments by DNR or DOA.

(1) If the Loan proceeds are not yet fully disbursed, and CWFP funds were previously disbursed for non-CWFP funded Project Costs, the CWFP shall make necessary adjustments to future disbursements.

(2) If the Loan proceeds are fully disbursed, including disbursements for non-CWFP funded Project Costs, the Municipality agrees to repay to the CWFP an amount equal to the non-CWFP funded Project Costs within 60 days of notification by DNR or DOA. The CWFP shall then apply the amount it receives as a Loan prepayment.

(d) The CWFP or its agent shall disburse Loan proceeds only to the Municipality's account by electronic transfer of funds. The Municipality hereby covenants that it shall take actions and provide information necessary to facilitate these transfers.

(e) Disbursement beyond ninety-five percent (95%) of the principal amount of the Loan, unless otherwise agreed to by DNR and DOA pursuant to a written request from the Municipality, may be withheld until:

(1) DNR is satisfied that the Project has been completed in accordance with the Plans and Specifications, DNR has approved all change orders relating to the Project, and DNR has determined that the Project is in compliance with the Municipality's WPDES Permit;

(2) the Municipality certifies to DNR its acceptance of the Project from its contractors;

(3) DNR certifies in writing to DOA the Municipality's compliance with all applicable requirements of this FAA; and

(4) the Municipality certifies in writing to DNR its compliance with the wage rate requirements. Certification must be as prescribed on Exhibit G.

(f) The following IRS Regulation applies to project expenditures. IRS Regulation 1.148-6(d)(1)(iii), which states, in part, "An issuer must account for the allocation of proceeds to expenditures not later than 18 months after the later of the date the expenditure is paid or the date the project, if any, that is financed by the issue is placed in service".

### Section 3.07. Remedies

(a) If the Municipality:

(1) or any authorized representative is not complying with federal or state laws, regulations, or requirements relating to the Project, and following due notice by DNR the Project is not brought into compliance within a reasonable period of time; or

(2) is not complying with or is in violation of any provision set forth in this FAA; or

(3) is not in compliance with the Act or the Regulations;

then DNR may, until the Project is brought into compliance or the FAA non-compliance is cured to the satisfaction of DNR or DOA, impose one (1) or more of the following sanctions:

(i) Progress payments or disbursements otherwise due the Municipality of up to 20% may be withheld.

(ii) Project work may be suspended.

(iii) DNR may request a court of appropriate jurisdiction to enter an injunction or afford other equitable or judicial relief as the court finds appropriate.

(iv) Other administrative remedies may be pursued.

(b) If the Municipality fails to make any payment when due on the Municipal Obligations or fails to observe or perform any other covenant, condition, or agreement on its part under this FAA for a period of thirty (30) days after written notice is given to the Municipality by DNR, specifying the default and requesting that it be remedied, the CWFP is provided remedies by law and this FAA. These remedies include, but are not limited to, the following rights:

(1) Pursuant to s. 281.59(11)(b), Wis. Stats., DOA shall place on file a certified statement of all amounts due the CWFP under this FAA. DOA may collect all amounts due the CWFP by deducting those amounts from any State payments due the Municipality, or add a special charge to the amount of taxes apportioned to and levied upon the county in which the Municipality is located under s. 70.60, Wis. Stats.

(2) Pursuant to s. NR 162.18(1), Wis. Adm. Code, DNR may: declare the unpaid Loan balance due and immediately payable; increase the interest rate on the unpaid balance of the Loan to the market interest rate in effect on the date the FAA was executed; or immediately terminate the FAA and disburse no additional funds, if the Loan has not been fully disbursed.

(3) The CWFP may, without giving bond to the Municipality or anyone claiming under it, have a receiver appointed for the CWFP's benefit of the Project and the Municipality's Sewerage System and of the earnings, income, rents, issues and profits thereof, with such powers as the court making such appointment shall confer. The Municipality hereby irrevocably consents to such appointment.

(4) In the case of a joint utility system, the CWFP may bill the users of the Municipality's system directly.

(5) The CWFP may enforce any right or obligation under this FAA, including the right to seek specific performance or mandamus, whether such action is at law or in equity.

Section 3.08. Security for the Loan In accordance with the terms of the Municipal Obligation Resolution:

(a) as security for the Loan hereunder, the Municipality hereby pledges the revenue to be derived from the Municipality's Sewerage System (which is a dedicated source of revenue); and

(b) other than as already pledged to the outstanding Parity Obligations the Municipality shall not pledge the revenues, except as provided in Section 11 of the Municipal Obligation Resolution, to be derived from the Municipality's User Charge System or other revenues pledged under Section 3.08(a), above, to any person other than the CWFP, unless the revenues pledged to such other person meet the highest debt coverage ratio then applicable to the Municipality.

Section 3.09. Effective Date and Term This FAA shall become effective upon its execution and delivery by the parties hereto, shall remain in full force and effect from such date and shall expire on such date as the Municipal Obligations shall be discharged and satisfied in accordance with the provisions thereof.

ARTICLE IV  
CONSTRUCTION OF THE PROJECT

Section 4.01. Insurance The Municipality agrees to maintain property and liability insurance for the Sewerage System and Project that is reasonable in amount and coverage and that is consistent with prudent municipal insurance practices for the term of the Loan. The Municipality agrees to provide written evidence of insurance coverage to the CWFP upon request at any time during the term of the Loan.

In the event that the Sewerage System or Project is damaged or destroyed, the Municipality agrees to use the proceeds from its insurance coverage either to repay the Loan or to repair or replace the Sewerage System.

Section 4.02. Construction of the Project The Municipality shall construct the Project, or cause it to be constructed, to Final Completion in accordance with the Application and the Plans and Specifications. The Municipality shall proceed with the acquisition and construction of the Project in conformity with law and with all applicable requirements of governmental authorities having jurisdiction with respect thereto, subject to such modifications of Plans and Specifications that alter the cost of the Project, use of space, scope or functional layout as may be previously approved by DNR.

Section 4.03. Performance Bonds The Municipality shall provide, or cause to be provided, performance bonds assuring the performance of the work to be performed under all construction contracts entered into with respect to the Project. All performance bonds required hereunder shall be issued by independent surety companies authorized to transact business in the State.

Section 4.04. Completion of the Project

(a) The Municipality agrees that it shall undertake and complete the Project for the purposes and in the manner set forth in this FAA and in accordance with all federal, state and local laws, ordinances and regulations applicable thereto. The Municipality shall, with all practical dispatch and in a sound and economical manner, complete or cause to be completed, the acquisition and construction of the Project, and do all other acts necessary and possible to entitle it to receive User Fees with respect to the Project at the earliest practicable time. The Municipality shall obtain all necessary approvals from any and all governmental agencies prior to construction which are requisite to the Final Completion of the Project.

(b) The Municipality shall notify DNR of the Substantial Completion of the Project. The Municipality shall cause to be prepared as-built plans for the Project at or prior to completion thereof.

(c) The Municipality shall take and institute such proceedings as shall be necessary to cause and require all contractors and material suppliers to complete their contracts diligently and in accordance with the terms of the contracts including, without limitation, the correcting of defective work.

(d) Upon Final Completion of the Project in accordance with the Plans and Specifications, the Municipality shall:

- (1) certify to DNR its acceptance of the Project from its contractors, subject to claims against contractors and third parties;
- (2) complete and deliver to DNR the completed Contract Utilization of Disadvantaged Business Enterprises (DBE) form attached hereto as Exhibit E of this FAA;
- (3) obtain all required permits and authorizations from appropriate authorities, if required, for operation and use of the Project; and
- (4) submit to DNR an Operation and Maintenance Manual Certification Checklist.

Section 4.05. Payment of Additional Project Costs

(a) In the event of revised eligibility determinations, cost overruns and amendments exceeding the Loan amount, the CWFP may allocate additional financial assistance to a Project. The allocation of additional financial assistance may be in the form of a loan at less than the market interest rate, which is established pursuant to the Act and Regulations. The allocation of additional financial assistance shall depend upon availability of funds and present value subsidy, pursuant to the Act and the Regulations.

(b) In the event that Loan proceeds are not sufficient to pay the costs of the Project in full, the Municipality shall nonetheless complete the Project and pay that portion of the Project Costs as may be in excess of available Loan proceeds, and shall not be entitled to any reimbursement therefor from the CWFP, or the owners of any bonds, except from the proceeds of additional financing which may be provided by the CWFP pursuant to an amendment of this FAA or through a separate FAA.

Section 4.06. No Warranty Regarding Condition, Suitability or Cost of Project Neither the CWFP, DOA, DNR nor the Trustee makes any warranty, either express or implied, as to the Project or its condition or that it shall be suitable for the Municipality's purposes or needs, or that the proceeds of the Loan shall be sufficient to pay the costs of the Project. Review or approval of engineering reports, facilities plans, Plans and Specifications, or other documents, or the inspection of Project construction by DNR does not relieve the Municipality of its responsibility to properly plan, design, build and effectively operate and maintain the Project as required by laws, regulations, permits and good management practices. DNR or its representatives are not responsible for increased costs resulting from defects in the Plans and Specifications or other Project documents. Nothing in this section prohibits a Municipality from requiring more assurances, guarantees, or indemnity or other contractual requirements from any party performing Project work.

ARTICLE V

Section 5.02. Operation and Maintenance; Equipment Replacement Fund

(b) The Municipality shall establish an equipment replacement fund according to s. NR 162.08, Wis. Adm. Code, and maintain the equipment replacement fund as a separate fund of the Municipality. All User Fees or other revenues specifically collected for the equipment replacement fund shall be deposited into the equipment replacement fund and used for replacement and major repair of equipment necessary for the operation of the Sewerage System. Annual deposits shall be made to the equipment replacement fund in amounts sufficient to meet the equipment replacement itemized schedule developed by the Municipality or the percentage schedule option. The Project Manager Summary Page (Exhibit F) shall specify the required annual deposit or required minimum balance/percentage.

Section 5.03. Section 5.06. Records The Municipality shall retain all files, books, documents and records relating to construction of the Project for at least three years following the date of Final Completion of the Project, or for longer periods if necessary due to any appeal, dispute, or litigation. All other files and records relating to the Project shall be retained so long as this FAA remains in effect. As-built plans for the Project shall be retained for the useful life of the Project.

Section 5.07. Project Areas The Municipality shall permit representatives of DNR access to the Project and related records at all reasonable times, include provisions in all contracts permitting such access during construction and operation of the Sewerage System, and allow extracts and copies of Project records to be made by DNR representatives.

Section 5.08. The Municipality shall direct such engineer to inspect work necessary for the construction of the Project and to determine whether such work has been performed in accordance with the Plans and Specifications. Any such work not in accordance with the Plans and Specifications shall be remedied, unless such noncompliance is waived by DNR.

Section 5.09. Tax Covenants

(a) The Municipality covenants and agrees that it shall not take any action or omit to take any action, which action or omission would result in the loss of the exclusion of the interest on any Municipal Obligations now or hereafter issued from gross income for purposes of federal income taxation as that status is governed by Section 103(a) of the Code or any successor provision.

(b) The Municipality shall not take any action or omit to take any action, which action or omission would cause its Municipal Obligations to be "private activity bonds" within the meaning of Section 141(a) of the Code or any successor provision.

(c) The Municipality shall not directly or indirectly use or permit the use of any proceeds of the Bonds (or amounts replaced with such proceeds) or any other funds or take any action or omit to take any action, which use or action or omission would cause the Bonds to be "arbitrage bonds" within the meaning of Section 148(a) of the Code or any successor provision. The Municipality hereby further covenants to ensure that all amounts actually received by such Municipality from the CWFP are advanced to the entity submitting the invoice (or to reimburse the Municipality) to which each amount relates within three business days and that all amounts actually received by such Municipality from the CWFP shall not be invested in any interest-bearing account.

(d) The Municipality shall not use (directly or indirectly) the proceeds of the Bonds in any manner that would constitute an "advance refunding" within the meaning of Section 149(d)(5) of the Code or any successor provision.

NR 162.08, Wis. Adm. Code. The Municipality covenants that it shall review the User Charge System at least every two years and shall revise and charge User Fees with respect to the Project such that the revenues and funds described in paragraph (a) shall be sufficient to pay the costs described in paragraph (a).

Section 5.11. Notice of Impaired System The Municipality shall promptly notify DNR and DOA in the case of any material damage to or destruction of the Project or any part thereof, or actual or threatened proceedings for the purpose of taking or otherwise affecting by condemnation, eminent domain or otherwise, all or a part of the Sewerage System, any action, suit or proceeding at law or in equity or by or before any governmental instrumentality or agency, or any other event which may impair the ability of the Municipality to construct the Project or operate the Sewerage System or set and collect User Fees as set forth in Section 5.10.

Section 5.12. Hold Harmless The Municipality shall save, keep harmless and defend DNR, DOA and all their officers, employees, and agents, against any and all liability claims, costs of whatever kind and nature, for injury to or death of any person or persons, and for loss or damage to any property occurring in connection with or in any way incident to or arising out of the construction, occupancy, use, service, operation, or performance of work in connection with the Project, acts, or omissions of the Municipality's employees, agents, or representatives.

#### Section 5.13. Nondiscrimination Covenant

- (1) the resulting, surviving or transferee legal entity is a legal entity established and duly existing under the laws of Wisconsin;
- (2) such resulting, surviving or transferee legal entity is eligible to receive financial assistance under the Act;
