Re: Outdoor Alcohol Beverage Permits

Originally the issuance of outdoor alcohol beverage permits were granted on a very limited basis to restaurants that intended on serving beverages with their meals in an outdoor setting. This seemed to work well and we did not experience any issues with these establishments. Today we are now witnessing the request of numerous establishments, many of which are bars that also serve food on a limited basis.

In order to avoid future potential problems it would be the recommendation of the police department to place certain restrictions on those applicants who are located in highly congested areas as well as those establishments that wish to locate the outdoor area that abuts public streets or sidewalks minus a buffer area of at least three feet. In these specific locations we would also recommend that capacity of the area be restricted to the number of available seats and restrict the hours to no later than 10:30 p.m.
