Subject: Park and Rec. appointment

I would like to be considered for placement on the Park and Rec. board for the City of Menasha. With the abundance of current and potential outdoor activities the City of Menasha is able to accommodate, I would like the opportunity to help shape and cultivate the city to use its full potential. I believe my connection to the outdoor industry, including the fishing industry and pro fishing, along with my ability at event coordination would be a great asset to the residents of Menasha.

Thank you for your consideration.
