Subject: Recycle collection

Good evening Rebecca,

I understand that the City Council will be discussing the possible change of recycle pick up from a four week schedule to a three week schedule. We are a household of four with a pet and would greatly appreciate the change to the three week schedule as soon as 2015 or sooner. We find many months that our recycle container is overflowing several days before pickup. I hope you and your fellow council members will consider this change and discuss with constituents in your district's for opinions. I think you will find a majority of the city residents would favor this change.

Thank you for your consideration,

Peter and Pamela DeWolf
349 Elm St.
Menasha.
