Warren and Roddie,

I appreciate you taking time to comment on the proposed Elm Street parking changes. The answer to your question is, yes, parking would be allowed on the west side of Elm Street any night between April 1 and October 31. No on street overnight parking is allowed from November 1 through March 31. If you have no objection, I will distribute your comments to the Council at its Monday night meeting.

Thanks again,
Mark

Subject: Elm Street parking issue

We live at 209 Elm Street. I am not sure what the letter concerning this issue is asking. Does it mean that parking overnight on the west (odd) side of Elm would now be legal, and we would not have to call in if we had a car overnight in front of the house, even if it was an *even* night? We are a little confused on the letter wording.

Regardless, it would be so much simpler if our company could just park in front of our (odd) house without us having to remember to call in on the even nights, and getting a ticket if we forget to do so. If odd and even overnight parking on the west side would be okay without calling in is what this request is about, then we are all for it.

Warren and Roddie Larsen
