RE: Recognition Plaque Request from Landmarks Commission

The Landmarks Commission has directed me to request permission from the Common Council to place a recognition plaque on the existing bench adjacent to the Tayco Street Bridge Tower Museum. The content of the plaque is shown on the attached. For those of you who are not familiar with Bill Herziger, Bill was a member of the city's Historic Preservation Committee (predecessor to the Landmarks Commission). He was also instrumental in saving the bridge tower and in the subsequent creation of the bridge tower museum and green space.

IN HONOR OF ALL WHO HAVE TENDED THIS BRIDGE TOWER

IN MEMORY OF
WILLIAM HERZIGER
