Menasha, WI 54952-3190

Dear Don,

Every company or organization has a mission – something they want to accomplish, a reason for existing. The Chamber works as a strong advocate for our stakeholders. We exist to promote growth and prosperity.

Here are a few ways we have responded to our members and stakeholders suggestions by developing new innovative, award-winning programs. YourFuture Fox Cities is a career-based learning program. Career-based learning refers to activities, both in and out of the classroom, that provide opportunities for students to connect education to the workplace. Talent Upload is another program targeting college students in their final year of studies. Through this program, students are provided a weekend tour of our region, showcasing our local companies and the unlimited opportunities in the Fox Cities.

The Talent Upload program was selected “Best in Show” for Excellence in Economic Development and chosen as the winner of the Gold Excellence Award at the recent International Economic Development Annual Conference. We are thrilled with the success of the program and the international recognition. We are grateful for our many partners that have made Talent Upload a success and look forward to growing this program and others.

Please continue to engage with us, invest with us and grow with us – we are here to help you.

Sincerely,

A handwritten signature in black ink that reads 'Shannon Full'. The signature is written in a cursive style.
