

February 26, 2016

Don Merkes, Mayor  
City of Menasha  
140 Main Street  
Menasha, WI: 54952

Dear Don:

I am hereby announcing my retirement as Community Development Director with an effective date of April 8, 2016. I would like to thank you for the support and encouragement you have given me in your tenure as mayor.

I have enjoyed working with city department heads and staff on the challenges and opportunities that our community has faced over the past two decades. I am proud to have been part of the initiatives that have brought forth the many positive changes that are making Menasha a better place to live, work and do business. I am also proud of the resilience of our city as we worked through a difficult period and are now poised to realize the benefits of our investments in the downtown, waterfront, and in our new developments in the eastern quadrant of the city.

Despite more than a few contentious issues, I have mostly enjoyed working with the Common Council and would like to express my appreciation for their service to the community. I would also like to thank the members of the Plan Commission, Redevelopment Authority and Landmarks Commission for their service and for the guidance they have given to the growth and development of the city.

I hope that I have made a positive contribution to the appearance and character of our community and also hope that Menasha continues to embrace projects that build upon its unique assets that make this a great place to live.

Sincerely,

Greg Keil  
Community Development Director
