July 8, 2011

To: Common Council

From: Debbie Galeazzi, City Clerk

Subject: Redistricting

Attached to this memo is additional information regarding redistricting:

1) The 2010 census numbers based on the current City of Menasha Wards and current City of Menasha Aldermanic Districts. These numbers were complied by editing the proposed ward map in the State provided internet program, WISE-LR (Wisconsin Shape Editor for Local Redistricting).
2) A map of current City of Menasha Wards. Since the City of Menasha is divided into Aldermanic Districts, one of the Engineering Aides created a special map showing the City's wards.
3) A smaller version of the Winnebago County Tentative Supervisory District Plan. Calumet County is all one Supervisory District.

In comparing the 2000 census population with the 2010 census population, Aldermanic District 8, which currently incorporates Winnebago and Calumet Counties, was the only district with substantial growth.

A Special Common Council meeting to approve your redistricting resolution will be held on Thursday July 14, 2011 at 5PM. I've included an e-mail from Andy Hess, GIS Administrator/Land Information Officer from Calumet County's Planning Department that states the need for a special meeting if the Council's regular meeting is after July 17, 2011.

Please bring the redistricting information that was provided to you for the July 5 meeting.

If you have questions or concerns on any issues, my door is always open. If I don't have the answer immediately, I'll do my due diligences to find the answer for you.

CITY OF MENASHA POPULATION

CURRENT WARDS 1-26

Ward/District	2010 Population
Ward 1/District 1	2061
Ward 2/District 2	1815
Ward 3/District 4	928
Ward 4/Distrct 4	955
Ward 5/District 6	1863
Ward 6/District 5	2112
Ward 7/District 3	1563
Ward 8/District 7	1012
Ward 9/District 8	1214
Ward 10/District 7	1058
Ward 11/District 8	2201
Ward 12/District 3	184
Ward 13/District 3	270
Ward 14/District 8	105
Ward 15/District 8	0
Ward 22/District 5	4
Ward 24/District 7	0
Ward 25/District 3	0
Ward 26/District 5	0

District	2000 Population	2010 Population
District 1	2056	2061
District 2	1956	1815
District 3	2050	2017
District 4	2129	1883
District 5	1985	2112
District 6	2056	1863
District 7	2120	2070
District 8	1979	3523

Subject: RE: Calumet County 2011 Redistricting - Phase 2

Good Morning,

On July 17th phase 2 of the redistricting process will have come to the end of its 60 days. Each municipality needs to have an approved 2011 ward plan via an ordinance/resolution by then. If your council usually meets in July later than the 17th, then you will have to either approve the plan in the June meeting or have a special meeting prior to July 17th.

If you have not made a map and began drafting a resolution/ordinance by now, or if you are confused on how to proceed, please contact me. I can help with the mapping via WISE-LR and help you with your ordinance.

Thanks and have a good afternoon.

Subject: Calumet County 2011 Redistricting - Phase 2

Good Afternoon,

As some of you may know, the Tentative Supervisory Districts map was approved by the county board at the May 17th public hearing. That date was the beginning of your 60 days to adopt your ward plan. So you need to create a ward map that satisfies all of the legal requirements that were spelled out in the "Guidelines for Adjusting Municipal Wards" document I sent a few weeks ago (attached), get it adopted by your governing body via an ordinance or resolution (with pseudo legal descriptions for each ward boundary), and have all that sent back to our county clerk within 5 days of adoption. Again, this is all in the attached document which I strongly recommend you spend a few minutes to study.

If you need help with your ward boundaries I am here to help. We can meet in my office or at your municipal hall. We only need a computer with internet access to do the maps. Quite a few of you are already working on your maps and have been in close contact with me, which is great. I'm just reaching out to make sure everyone is clear on what to do, how to do it, and is aware that I am here to help.

Thanks and have a good afternoon.

I just spoke with Michael Keane from the Legislative Reference Bureau and have been informed that **ALL** wards for the City of Menasha are to have the population target range between 600 – 2,100 people…this **INCLUDES** wards located in Calumet County. The wards are based off of the total population in the City of Menasha as a whole and the city is **NOT** considered two separate municipalities by the state. He informed me that the computer program the municipalities are using had a glitch and everyone was notified to ignore the results if the program used a lower target range like that. All cities with populations larger than 10,000 must form the wards in population segments using the 600 – 2,100 target range, even if they cross county lines.
