WAHPC, founded in 1985**

TO: Landmarks and Historic Preservation Commissions and HP supporters

RE: Update membership list and contacts

Contents: WAHPC *Landmarks Newsletter*, December 2010

Enclosed are copies of the Wisconsin Association of Historic Preservation Commissions (WAHPC) December *Landmarks Newsletter*. Please share them with your Commission members. The WAHPC Board is grateful for your volunteer efforts as you serve on your commission guiding your community to preserve and safeguard the history of Wisconsin's treasured past.

The WAHPC Board is updating its mailing list which changes annually as commission appointments occur. To complete our inventory and distribute the Newsletter to all members, we would appreciate the most recent listing of:

- Names of commissioners, officers, and staff;
- Addresses, and
- Emails.

This is also a good time to consider renewing your Commission's WAHPC membership for 2011. There is a small membership form on the top of page one for your convenience. Your membership benefits enable you to receive the newsletter, attend annual workshops at reduced fees, network with other commissions, receive helpful contact with WHS staff, and nominate projects for WAHPC historic preservation awards. The spring conference in Columbus will include speakers providing information and training with practical applications.

If you have any questions or suggestions, please contact any of our WAHPC Board members. We appreciate all of your accomplishments and struggles to preserve the built history of Wisconsin.

Sincerely,

Shirley Brabender Mattox
WAHPC, Vice president
