Fax # 920-733-2201

To whom it may concern,

Bucklin's Tree Service is requesting the re-zoning of parcel # 4-762-3 from C-1 commercial to industrial.

The adjacent properties are not zoned as residential and some are already zoned as Industrial. The overhead wires make this property less useful for many reasons. Zoned as commercial property our mulch may not be manufactured on this property. If zoned industrial we would be able to manufacture our products out of sight of the public and it would be much more cost effective for our business. This would also minimize the noise created while manufacturing to all most area residents and businesses.

I would also like to note the adjoining property to the east, purchased by Miron Construction, was re-zoned to industrial.

Thank you,

12-11-12
