I. Material Safety Data Sheet

Product Name Sticky-side Powder
Catalog Number 1-2722, 1-2723
Manufacturer Lightning Powder Company, Inc., Salem, OR, 97302-2121 Date March 1st, 2005
Supplier Forensi-Tech Limited
Emergency Phone Number 503-585-9900

II. Hazardous Ingredients/Identity Information

Component	CAS #	Percent	PEL (OHSA)	TLV (ACGIH)
Proprietary formula - contains no hazardous ingredients				

III. Physical/Chemical Characteristics

Appearance	Light gray powder			
Boiling Point	n/a	Vapor Pressure	n/a	
Specific Gravity	n/a	Evaporation Rate	n/a	
Vapor Density	n/a	Solubility in Water	n/a	
Melting Point	n/a			

IV. Fire and Explosion Hazard Data

Flash Point	Upper Explosion Limits	Lower Explosion Limits
n/a	n/a	n/a
Extinguishing Media		
Firefighting Procedures		
Unusual Fire Hazards		

V. Reactivity Data

Stable	Yes	Corrosive	No	Hazardous Polymerization	None known
Incompatibility					
None known					
Hazardous Decomposition					
None known					

VI. Health Hazard Data

	Routes of Entry and First Aid Procedures:
• Eyes	Flush immediately with plenty of water for at least 15 minutes. Call a physician.
• Inhalation	If inhaled, remove to fresh air. If breathing difficult, give oxygen. Call a physician.
• Skin	Wash skin with water and mild soap or waterless hand cleaner to remove dust.
• Ingestion	Not normal route of entry
Health Hazards	Skin: Dermatitis possible as allergic reactions from prolonged contact. Eyes: can cause irritation. Inhalation: may cause respiratory distress. Ingestion: not normal route of entry.
Symptoms of Exposure	A review of available data does not identify any symptoms from exposure.
Medical Conditions Aggravated	Long term exposure may result in dermatitis for sensitive individuals.

VII. Precautions for Safe Handling and Use

If Material Is Spilled	Vacuum, sweep or spray with water and collect in a suitable container. For a large spill, collect uncontaminated material for possible reuse.
Waste Disposal Method	Bury or burn in accordance with local, state and federal regulations.
Precautions for Handling/Storing	Use and store with adequate ventilation. Keep containers closed when not in use.
Other Precautions	Avoid dust cloud formations.

VIII. Control Measures

Respiratory Protection	NIOSH approved dust mask required when dust concentrations may become irritating.
Ventilation	Sufficient to maintain adequate fresh air.
Protective Gloves	Cotton or latex gloves are recommended for prolonged use.
Eye Protection	Safety glasses or splash goggles for prolonged use.
Other Protective Equipment	Eye wash station strongly suggested if there is the possibility of getting powder in eyes.
Work & Hygienic Practices	Employ good industrial hygiene practices by using adequate ventilation and personal protection, as needed. Where dust cannot be controlled, personal respiratory protection should be employed.

The suggestions and data provided herewith are based upon tests and information which we believe to be reliable. The information is believed to be accurate and represents the best information currently available to us. However, we make no guarantee with respect thereto and assume no liability resulting from the use thereof. Users should make their own investigations to determine the suitability of the information or products for their particular purpose. Furthermore, nothing contained herein is intended as permission, inducement or recommendation to violate any laws or to practice any invention covered by existing patents.

This form meets or exceeds the requirements of OSHA form #174 .
