WITNESSETH: That for and in consideration of payments covering the operating costs of the Tayco Street Bridge and the Racine Street Bridge to be made by the State to the City as permitted under the provisions of Section 84.10 Statutes, said City agrees as follows:

The State will notify the City each year of the start and ending days of the navigation season. The operators will be considered as seasonal employees eligible for unemployment compensation during the non-navigation period. The hours and dates of navigation will be defined by the Commander, Ninth Coast Guard District.
  - (2b) To employ the services of a substitute operator if needed, as determined by the City, who shall serve on both bridges during vacation periods, periods of illness, and for other periods as may be deemed appropriate, and to minimize the need for premium overtime pay.

A certified copy of the action by the governing body establishing such salaries and bonus payments, if any, shall be filed with the State at the time the agreement is returned for execution by the State. The City may alter the salaries and provide for or alter bonus payments during the life of this agreement in the event it is necessary to make adjustments on account of changing economic conditions. A certified copy of the action to alter salaries or to provide for or alter bonus payments shall be filed with the State and will be subject to the approval of the State.
  - (2d) To notify the State, as to the name, address and telephone number, if any, of each of the operators. The City Street Superintendent shall be in

charge of all operators and he shall receive and carry out such orders or instructions as received pertaining to the proper operation and care of the bridge. The State shall reimburse the City for that portion of time that the Street Superintendent spends checking the operators and the bridges.

- (2e) Except as stated below, no operator shall work more than eight (8) hours in any twenty-four (24) hours or 40 hours in any week. During periods of emergencies operators shall work not more than twelve (12) hours each in any twenty-four (24) hours. When an operator is to be absent from duty, the State shall be notified by the Street Superintendent and advised as to the probable extent of such absence. The Street Superintendent shall review each bridge operator's building weekly after the navigation season is closed to check for appropriate heat.
- (2f) To grant such vacation and sick leave with pay to each operator as may be due in accordance with applicable rules and regulations governing the matter of vacation and sick leave for other employees of the City covered by a labor agreement with Local 1035. A certified current copy of the action governing same shall be filed with the State at the time the agreement is returned for execution by the State. Vacations charged to the State shall be prorated according to the number of months served per year by the employees as bridge operator.
- (2g) To terminate the service of any operator when it can be shown that the operator is negligent in his/her duty or is otherwise conducting himself in a manner detrimental to the best interest of the State and/or the City as provided in the collective bargaining covering full time non-probationary bridge tenders.
- (3) To assume the cost of roadway lighting system and snow and ice removal and control.
- (4) To make such reports and records as may be required by the City and/or the State.
