**Subject:** Turkey Trot Maps & Amendments

Carol, Mark and Mike,

Attached are revised maps of both the Festival Foods Turkey Trot 2 & 5 mile courses for Thanksgiving morning. I have found a major flaw in the proposed plan of using Midway Rd. as a start/finish line area in that the runner traffic coming into the finish would completely seal off several major parking areas. The most notable would be the lots off the Opportunity Way driveway and at the UW. There would be no way to leave until everybody had finished, making for some very upset drivers late to catch the kickoff of the Packer game.

This leads to a proposed start/finish line south of Midway Rd. on University Dr., while staging waves of runners north of Midway on University and walking them across in "waves." The question would be if the city departments would allow a road closure of University to allow for this system to be set up properly and executed safely. Also the Midway Rd. "crossing" area would need police presence. We would also need to cone the center line of this stretch with delineator pylons to separate finishing 2 and 5 mile participants. I would propose 6am to 10:30 am.

I have witnessed firsthand the minimal traffic in this area on Thanksgiving morning and also know of no residential or commercial/industrial conflicts from such a closure. Please review and let me know if we can work this out together. Thanks.

John Mory

Director

John,

In discussing your email with Mark, your revisions make sense. Please be sure to notify the affected businesses per your Special Event Packet. As a reminder the Board of Public Works will be considering this item at it's Monday night meeting. If the Board approves your request it will be advanced to the Common Council at their November 7<sup>th</sup> meeting. cs
