Subject: Nicolet Elem Bus Drop Off

Mark-

Welcome back from you vacation.

I am making the following formal request on behalf of Menasha Joint School District. I have spoken to Chief Stanke and Tim Jacobson about this. They both pointed me to your office for the formal request.

At Nicolet Elementary we have some painted curb and 2 signs for bus drop off / pick up. This school year our numbers at Nicolet increased drawing the need for more space. The current space is not adequate for the needs of 3 buses. We are asking the bus zone be expanded approx 80 feet south. The request would involve repainting the curb (if you look close at the curb it was painted yellow many years ago) and adding a sign showing the new expanded zone. I realize this request may involve presenting to a commission and / or city council. I would be happy to do so if need be. Thanks for your help in this matter and I look forward to speaking with you on your return next week.
