CITY OF MENASHA
ADMINISTRATION COMMITTEE
Third Floor Council Chambers
140 Main Street, Menasha
November 18, 2013
MINUTES

DRAFT

A. CALL TO ORDER

Meeting called to order by Chairman Nichols at 7:45 p.m.

B. ROLL CALL/EXCUSED ABSENCES

PRESENT: Aldermen Zelinski, Englebert, Benner, Nichols, Taylor Sevenich, Langdon, Keehan

ALSO PRESENT: Mayor Merkes, CA/HRD Captain, PC Styka, DPW Radtke, CDD Keil, ASD Steeno, LD Lenz, Clerk Galeazzi

C. MINUTES TO APPROVE

1. [Administration Committee, 11/4/13](#)

Moved by Ald. Langdon, seconded by Ald. Keehan to approve minutes.
Motion carried on voice vote.

D. DISCUSSION/ACTION ITEMS

1. [Volunteer Accident Insurance](#)

CA/HRD Captain explained Volunteer Accident Insurance is a new product being offered by CVMIC to their members. This policy would cover volunteers that are performing City business. Public safety volunteers would not be included. Currently the City has 39 people that volunteer on a regular base. The annual premium is \$300.30

LD Lenz explained the procedure used at the Library when someone volunteers.

General discussion ensued on what the policy covers, keeping track of all volunteers.

Moved by Ald. Englebert, seconded by Ald. Keehan to recommend to Common Council To accept the proposal for Volunteer Accident Insurance coverage for one year offered through National Union Fire Ins. Co. of Pittsburgh, PA, beginning January 1, 2014.
Motion carried roll call 8-0.

2. [O-7-13 An Ordinance Amending Title 2, Chapter 4 of the Code of Ordinances \(Municipal Court Costs\) \(Introduced by Mayor Merkes\)](#)

CA/HRD Captain explained a change in State Statute allows municipal courts to charge up to \$38 for court costs. The Neenah-Menasha Municipal Judge has recommended changing court cost from \$28 to \$38.

Moved by Ald. Sevenich, seconded by Ald. Langdon to recommend to Common Council O-7-13 An Ordinance Amending Title 2, Chapter 4 of the Code of Ordinances (Municipal Court Costs)
Motion carried roll call 8-0.

E. ADJOURNMENT

Moved by Ald. Langdon, seconded by Ald. Keehan to adjourn at 8:15 p.m.
Motion carried on voice vote.

Respectfully submitted by Deborah A. Galeazzi, WCMC, City Clerk

COMMENTS AND OBSERVATIONS	
1. Status of Prior Year Comment - Segregation of Duties	19

To the Honorable Mayor and Members of City Council
City of Menasha, Wisconsin

We have completed our audit of the basic financial statements of the City of Menasha (the "City") as of and for the year ended December 31, 2012. The City's financial statements, including our report thereon dated November 26, 2013 are presented in a separate audit report document. Professional standards require that we provide you with the following information related to our audit.

Our Responsibilities Under U.S. Generally Accepted Auditing Standards, OMB Circular A-133 and the State Single Audit Guidelines

As stated in our engagement letter, our responsibility, as described by professional standards, is to plan and perform our audit to obtain reasonable, but not absolute, assurance that the financial statements are free of material misstatement and are fairly presented in accordance with accounting principles generally accepted in the United States of America. Because an audit is designed to provide reasonable, but not absolute, assurance and because we did not perform a detailed examination of all transactions, there is a risk that material errors, fraud, noncompliance with the provisions of laws, regulations, contracts and grants or other illegal acts may exist and not be detected by us.

In planning and performing our audit, we considered the City's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide assurance on the internal control over financial reporting. We also considered internal control over compliance with requirements that could have a direct and material effect on major federal and state programs in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133 and the State Single Audit Guidelines.

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit. Also in accordance with OMB Circular A-133 and the *State Single Audit Guidelines*, we examined, on a test basis, evidence about the City's compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 *Compliance Supplement* and the *State Single Audit Guidelines* applicable to each of its major federal and state programs for the purpose of expressing an opinion on the city's compliance with those requirements. While our audit provides a reasonable basis for our opinion, it does not provide a legal determination on the City's compliance with those requirements.

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to you in our correspondence about planning matters.

Significant Audit Findings

Consideration of Internal Control

In planning and performing our audit of the financial statements of the City as of and for the year ended December 31, 2012, in accordance with auditing standards generally accepted in the United States of America, we considered the City's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control. Our report on internal control over financial reporting is presented on pages 64 - 65 of the annual report.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a control deficiency, or a combination of control deficiencies, that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiencies to be significant deficiencies in internal control:

Finding 2012-01	Preparation of Annual Financial Report
Finding 2012-02	Capital Asset Additions
Finding 2012-03	Financial Reporting for Federal and State Financial Assistance
Finding 2012-04	Late Submittal of City's Reporting Package in Accordance with OMB Circular A-133

These findings are described in detail in the schedule of findings and questioned costs on pages 74 - 77 of the annual report.

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The significant accounting policies used by the City are described in Note A to the financial statements. The City implemented GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position* and GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities* for the year ended December 31, 2012. We noted no significant transactions entered into by the City during the year for which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates included in the financial statements were:

- Management's estimate of the other post employment benefits is based on an actuarial report. We evaluated the key factors and assumptions used to develop the other post employment benefits in determining that it is reasonable in relation to the financial statements taken as a whole.
- Management's estimate of the depreciable life of the capital assets is based upon analysis of the expected useful life of the capital assets. We evaluated the key factors and assumptions and the

consistency in these factors and assumptions used to develop the depreciable life in determining that it is reasonable in relation to the financial statements taken as a whole.

- Management's estimate of the incurred, but not reported (IBNR) insurance reserves are based on actuarial projections of the expected cost of the ultimate settlement and administration of claims. We evaluated the key factors and assumptions used to develop the reserves in determining that it is reasonable in relation to the financial statements taken as a whole.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. The financial statements reflect all accounting adjustments proposed during our audit. The adjustments included various end-of year payable, receivable and reclassification entries. These entries are considered routine in nature and normally do not vary significantly from year to year. Copies of the audit adjustments are available from management.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated November 26, 2013. The management representation letter follows this communication.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the City's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to conducting the audit. These discussions occurred in the normal course of our professional relationship and our responses were not a condition to completing the services as your auditor.

In addition, during our audit, we noted certain other matters that are presented for your consideration. We will review the status of these comments during our next audit engagement. Our comments and recommendations are intended to improve the internal control or result in other operating efficiencies. We will be pleased to discuss these matters in further detail at your convenience, perform any additional study of these matters, or assist you in implementing the recommendations. Our comments are summarized in the comments and observations section of this letter.

This communication, which does not affect our report dated November 26, 2013 on the financial statements of the City, is intended solely for the information and use of the Mayor and City Council, management, and others within the City, and is not intended to be and should not be used by anyone other than these specified parties.

Sincerely,

A handwritten signature in cursive script that reads "Schenck SC".

Green Bay, WI 54305-3819

This representation letter is provided in connection with your audit of the financial statements of the City of Menasha, Wisconsin, (the "City"), which comprise the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information as of December 31, 2012, and the respective changes in the financial position and where applicable, cash flows for the year then ended, and the related notes to the financial statements for the purpose of expressing opinions as to whether the financial statements are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Certain representations in this letter are described as being limited to matters that are material. Items in No. 45 are considered material based on the materiality criteria specified in OMB Circular A-133 and the *State Single Audit Guidelines* issued by the Wisconsin Department of Administration. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

We confirm, to the best of our knowledge and belief, as of November 26, 2013, the following representations made to you during your audit.

Financial Statements

1. We have fulfilled our responsibilities, as set out in the terms of the audit engagement letter dated November 9, 2012.
2. The financial statements referred to above are fairly presented in conformity with accounting principles generally accepted in the United States of America and include all properly classified funds and other financial information of the primary government required by accounting principles generally accepted in the United States of America to be included in the financial reporting entity.
3. We acknowledge our responsibility for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.
4. We acknowledge our responsibility for the design, implementation, and maintenance of internal control to prevent and detect fraud.
5. Significant assumptions we used in making accounting estimates are reasonable.

6. Related party relationships and transactions, including revenues, expenditures/expenses, loans, transfers, leasing arrangements, and guarantees, and amounts receivable from or payable to related parties have been appropriately accounted for and disclosed in accordance with the requirements of accounting principles generally accepted in the United States of America.
7. All events subsequent to the date of the financial statements and for which accounting principles generally accepted in the United States of America requires adjustment or disclosure have been adjusted or disclosed. No events, including instances of noncompliance, have occurred subsequent to the balance sheet date and through the date of this letter that would require adjustment to or disclosure in the aforementioned financial statements or in the schedule of findings and questioned costs.
8. We are in agreement with the adjusting journal entries you have proposed, and they have been posted to the City's accounts.
9. We are not aware of any pending or threatened litigation, claims or assessments or unasserted claims or assessments that are required to be accrued or disclosed in the financial statements, and we have not consulted a lawyer concerning litigation, claims, or assessments.
10. Guarantees, whether written or oral, under which the City is contingently liable, if any, have been properly recorded or disclosed.

Information Provided

11. We have provided you with:
 - a. Access to all information, of which we are aware, that is relevant to the preparation and fair presentation of the financial statements, such as records, documentation, and other matters.
 - b. Additional information that you have requested from us for the purpose of the audit.
 - c. Unrestricted access to persons within the entity from whom you determined it necessary to obtain audit evidence.
 - d. Minutes of the meetings of the City Council or summaries of actions of recent meetings for which minutes have not yet been prepared.
12. All material transactions have been recorded in the accounting records and are reflected in the financial statements and the schedules of expenditures of federal awards and state financial assistance.
13. We have made an assessment of the risk that the financial statements may be materially misstated as a result of fraud. We have disclosed the results of our assessment as follows:
 - a. We have no knowledge of any fraud or suspected fraud that affects the entity and involves:
 - i. Management,
 - ii. Employees who have significant roles in internal control, or
 - iii. Others where the fraud could have a material effect on the financial statements.
 - b. We have no knowledge of any allegations of fraud or suspected fraud affecting the City's financial statements communicated by employees, former employees, regulators, or others.

14. We have disclosed to you all known instances of noncompliance or suspected noncompliance with provisions of laws, regulations, contracts, or grant agreements, or abuse, whose effects should be considered when preparing financial statements.
15. We are not aware of any pending or threatened litigation, claims, or assessments or unasserted claims or assessments that are required to be accrued or disclosed in the financial statements, and we have not consulted a lawyer concerning litigation, claims, or assessments.
16. We have disclosed to you the identity of the City's related parties and all the related party relationships and transactions of which we are aware.

Government - specific

17. We have made available to you all financial records and related data.
18. There have been no communications from regulatory agencies concerning noncompliance with, or deficiencies in, financial reporting practices.
19. We have identified to you any previous audits, attestation engagements, and other studies related to the audit objectives and whether related recommendations have been implemented.
20. We have provided our views on reported findings, conclusions, and recommendations, as well as our planned corrective actions, for the report.
21. The City has no plans or intentions that may materially affect the carrying value or classification of assets, liabilities, or equity.
22. We are responsible for compliance with the laws, regulations, and provisions of contracts and grant agreements applicable to us, including tax or debt limits and debt contracts; and we have identified and disclosed to you all laws, regulations and provisions of contracts and grant agreements that we believe have a direct and material effect on the determination of financial statement amounts, or other financial data significant to the audit objectives, including legal and contractual provisions for reporting specific activities in separate funds.
23. There are no violations or possible violations of budget ordinances, laws and regulations (including those pertaining to adopting, approving, and amending budgets), provisions of contracts and grant agreements, tax or debt limits, and any related debt covenants whose effects should be considered for disclosure in the financial statements, or as a basis for recording a loss contingency, or for reporting on noncompliance.
24. As part of your audit, you assisted with preparation of the financial statements and related notes, the schedule of expenditures of federal awards, and the schedule of state financial assistance. We have designated an individual with suitable skill, knowledge, or experience to oversee your services and have made all management decisions and performed all management functions. We have reviewed, approved, and accepted responsibility for those financial statements and related notes, the schedule of expenditures of federal awards, and the schedule of state financial assistance.
25. The City has satisfactory title to all owned assets, and there are no liens or encumbrances on such assets nor has any asset been pledged as collateral.
26. The City has complied with all aspects of contractual agreements that would have a material effect on the financial statements in the event of noncompliance.

27. We have followed all applicable laws and regulations in adopting, approving, and amending budgets.
28. The financial statements include all component units as well as joint ventures with an equity interest, and properly disclose all other joint ventures and other related organizations.
29. The financial statements properly classify all funds and activities.
30. All funds that meet the quantitative criteria in GASB Statement Nos. 34 and 37 for presentation as major are identified and presented as such and all other funds that are presented as major are particularly important to financial statement users.
31. Components of net position (net investment in capital assets, restricted, and unrestricted) and components of fund balance (nonspendable, restricted, committed, assigned and unassigned) are properly classified and, if applicable, approved.
32. Provisions for uncollectible receivables have been properly identified and recorded.
33. Expenses have been appropriately classified in or allocated to functions and programs in the statement of activities, and allocations have been made on a reasonable basis.
34. Revenues are appropriately classified in the statement of activities within program revenues or general revenues.
35. Interfund, internal, and intra-entity activity and balances have been appropriately classified and reported.
36. Deposits and investment securities and derivative transactions are properly classified as to risk and are properly disclosed.
37. Capital assets, including infrastructure and intangible assets, are properly capitalized, reported, and, if applicable, depreciated.
38. We have appropriately disclosed the City's policy regarding whether to first apply restricted or unrestricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position are available and have determined that net position were properly recognized under the policy.
39. We acknowledge our responsibility for presenting the nonmajor fund combining statements, (the supplementary information) in accordance with accounting principles generally accepted in the United States of America, and we believe the supplementary information, including its form and content, is fairly presented in accordance with accounting principles generally accepted in the United States of America. The methods of measurement and presentation of the supplementary information have not changed from those used in the prior period, and we have disclosed to you any significant assumptions or interpretations underlying the measurement and presentation of the supplementary information.
40. The fact that the amount of "uncollateralized" deposits or "uninsured, unregistered securities held by the counterparty, or by its trust department or agent but not in the City's name" during the period significantly exceeded the amounts in those categories as of the balance sheet was properly disclosed in the financial statements.
41. Arrangements with financial institutions involving repurchase, reverse repurchase, or securities lending agreements, compensating balances, or other arrangements involving restrictions on cash

balances and line-of-credit or similar arrangements, have been properly recorded or disclosed in the financial statements.

42. The methods and significant assumptions used to determine fair values of financial instruments are as follows: Fair value is the amount at which a financial instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The methods and significant assumptions used result in a measure of fair value appropriate for financial statement measurement and disclosure purposes.
43. Receivables recorded in the financial statements represent valid claims against debtors for transactions arising on or before the balance sheet date and have been appropriately reduced to their estimated net realizable value.
44. Capital assets have been evaluated for impairment as a result of significant and unexpected decline in service utility.
45. With respect to federal and state award programs:
 - a. We are responsible for understanding and complying with and have complied with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and the *State Single Audit Guidelines* issued by the Wisconsin Department of Administration including requirements relating to preparation of the schedule of federal awards and the schedule of state financial assistance.
 - b. We have prepared the schedule of expenditures of federal awards in accordance with OMB Circular A-133 and the schedule of state financial assistance in accordance with *State Single Audit Guidelines*, and have identified and disclosed in the schedules of expenditures of federal awards and state financial assistance, expenditures made during the audit period for all awards provided by federal and state agencies in the form of grants, cost-reimbursement contracts, loans, loan guarantees, property (including donated surplus property), cooperative agreements, interest subsidies, insurance, food commodities, direct appropriations, and other direct assistance.
 - c. We acknowledge our responsibility for presenting the schedule of expenditures of federal awards (SEFA) in accordance with the requirements of OMB Circular A-133 §310.b and the schedule of state financial assistance (SSFA) in accordance with the requirements of the *State Single Audit Guidelines* and we believe the SEFA and SSFA, including their form and content, are fairly presented in accordance with the Circular and the Guidelines. The methods of measurement and presentation of the SEFA and SSFA have not changed from those used in the prior period and we have disclosed to you any significant assumptions and interpretations underlying the measurement and presentation of the SEFA and SSFA.
 - d. If the SEFA and SSFA are not presented with the audited financial statements, we will make the audited financial statements readily available to the intended users of the SEFA and SSFA information no later than the date we issue the supplementary information and the auditors' report thereon.
 - e. We have identified and disclosed to you all of our government programs and related activities subject to OMB Circular A-133 and the *State Single Audit Guidelines*.
 - f. We are responsible for understanding and complying with, and have complied with, the requirements of laws, regulations, and the provisions of contracts and grant agreements related to each of our federal and state programs and have identified and disclosed to you the

requirements of laws, regulations, and the provisions of contracts and grant agreements that are considered to have a direct and material effect on each major federal and state program.

- g. We are responsible for establishing and maintaining, and have established and maintained, effective internal control over compliance requirements applicable to federal and state programs that provide reasonable assurance that we are managing our federal and state awards in compliance with laws, regulations, and the provisions of contracts and grant agreements that could have a material effect on our federal and state programs. We believe the internal control system is adequate and is functioning as intended.
- h. We have made available to you all contracts and grant agreements (including amendments, if any) and any other correspondence with federal and state agencies or pass-through entities relating to each major federal and state programs and related activities.
- i. We have received no requests from a federal or state agency to audit one or more specific programs as a major program.
- j. We have complied with the direct and material compliance requirements, (except for noncompliance disclosed to you) including when applicable, those set forth in the *OMB Circular A-133 Compliance Supplement* and the *State Single Audit Guidelines*, relating to federal and state awards and have identified and disclosed to you all amounts questioned and all known noncompliance with the requirements of federal and state awards.
- k. We have disclosed any communications from grantors and pass-through entities concerning possible noncompliance with the direct and material compliance requirements, including communications received from the end of the period covered by the compliance audit to the date of the auditors' report.
- l. We have disclosed to you the findings received and related corrective actions taken for previous audits, attestation engagements, and internal or external monitoring that directly relate to the objectives of the compliance audit, including findings received and corrective actions taken from the end of the period covered by the compliance audit to the date of the auditors' report.
- m. Amounts claimed or used for matching were determined in accordance with relevant guidelines in *OMB Circular A-87, Cost Principles for State, Local, and Tribal Governments*, and *OMB's Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments*.
- n. We have disclosed to you our interpretation of compliance requirements that may have varying interpretations.
- o. We have made available to you all documentation related to compliance with the direct and material compliance requirements, including information related to federal and state program financial reports and claims for advances and reimbursements.
- p. We have disclosed to you the nature of any subsequent events that provide additional evidence about conditions that existed at the end of the reporting period affecting noncompliance during the reporting period.
- q. There are no such known instances of noncompliance with direct and material compliance requirements that occurred subsequent to the period covered by the auditors' report.

- r. No changes have been made in internal control over compliance or other factors that might significantly affect internal control, including any corrective action we have taken regarding significant deficiencies in internal control over compliance (including material weaknesses in internal control over compliance), have occurred subsequent to the date as of which compliance was audited.
 - s. Federal and state program financial reports and claims for advances and reimbursements are supported by the books and records from which the financial statements have been prepared.
 - t. We have charged costs to federal and state awards in accordance with applicable cost principles.
 - u. The copies of federal and state program financial reports provided you are true copies of the reports submitted, or electronically transmitted, to the respective federal and state agency or pass-through entity, as applicable.
 - v. We are responsible for and have accurately prepared the summary schedule of prior audit findings to include all findings required to be included by OMB Circular A-133 and the *State Single Audit Guidelines* and we have provided you with all information on the status of the follow-up on prior audit findings by federal and state awarding agencies and pass-through entities, including all management decisions.
 - w. We are responsible for and have accurately prepared the auditee section of the Data Collection Form as required by OMB Circular A-133.
 - x. We are responsible for preparing and implementing a corrective action plan for each audit finding.
46. We have evaluated and classified any subsequent events as recognized or nonrecognized through the date of this letter. No events, including instances of noncompliance, have occurred subsequent to the balance sheet date and through the date of this letter that would require adjustment to or disclosure in the aforementioned financial statements or in the schedule of findings and questioned costs.

Signed:

Don Merkes
Mayor

Tax Incremental District No. 10	827	5,762
Assigned		
Roadways at River's Edge	3,183	3,183
2008 Capital projects	278,972	281,914
Capital improvements	10,396	10,396
Tax Incremental District No. 9	288,445	178,543
Unassigned		
Capital facilities	(1,918)	(124,006)
Tax Incremental District No. 4	(198,418)	(113,925)
Tax Incremental District No. 6	(141,330)	(387,669)
Tax Incremental District No. 7	(418,158)	(346,462)
Tax Incremental District No. 8	(163,967)	(106,011)
Tax Incremental District No. 11	(39,909)	(47,084)
Tax Incremental District No. 12	(372,373)	(61,635)
Total Capital Projects Funds	(98,779)	(315,619)
 Total Governmental Fund Balances	 \$ 3,934,773	 \$ 3,884,956

The City's general and debt service funds report a nonspendable fund balance related to deficit cash positions of the City's tax incremental districts. Because the cash deficits are not expected to be repaid within one year, portions of the fund balance of each fund is not currently available to appropriate.

The City's general fund increased \$115,157 during the year. The City's unassigned fund balance currently is \$1,417,607 or 9% of the City's 2012 general fund expenditures.

2. City's Debt Position

At December 31, 2012, the City has outstanding general obligation debt totaling \$41,677,001. Annual principal and interest maturities of the outstanding general obligation debt on December 31, 2012 are allocated as follows:

Year Ended December 31	General City		Menasha Utilities		Total G.O. Debt	
	Principal	Interest	Principal	Interest	Principal	Interest
2013	\$ 1,967,600	\$ 742,200	\$ 1,222,100	\$ 462,500	\$ 3,189,700	\$ 1,204,700
2014	7,099,300	795,500	937,200	747,400	8,036,500	1,542,900
2015	1,877,800	503,700	974,700	709,900	2,852,500	1,213,600
2016	1,951,900	427,300	1,011,900	672,700	2,963,800	1,100,000
2017	3,293,000	345,900	1,054,200	630,400	4,347,200	976,300
2018-2022	4,036,700	722,200	5,936,600	2,486,300	9,973,300	3,208,500
2023-2027	1,544,372	190,400	7,223,300	1,199,600	8,767,672	1,390,000
2028-2031	-	-	1,546,329	141,300	1,546,329	141,300
	<u>\$ 21,770,672</u>	<u>\$ 3,727,200</u>	<u>\$ 19,906,329</u>	<u>\$ 7,050,100</u>	<u>\$ 41,677,001</u>	<u>\$ 10,777,300</u>

The City's tax incremental financing districts are responsible for outstanding debt of \$13,185,000 and these debt payments will be recovered from future tax increments generated.

Legal Margin for New Debt

The City's legal margin for creation of additional general obligation debt on December 31, 2012 was \$8,164,966 as follows:

Equalized valuation of the City		\$ 992,831,200
Statutory limitation percentage		(x) 5%
General obligation debt limitation, per Section 67.03 of the Wisconsin Statutes		<u>49,641,560</u>
Total outstanding general obligation debt applicable to debt limitation	\$ 41,677,001	
Less: Amounts available for financing general obligation debt		
Debt service fund	<u>200,407</u>	
Net outstanding general obligation debt applicable to debt limitation		41,476,594
Legal Margin for New Debt		<u>\$ 8,164,966</u>

3. Tax Incremental Districts

The City has created and recorded financial activity in ten tax incremental districts as of December 31, 2012. All project expenditures for TID No. 1 and 3 have been completed; accordingly, financial transactions of the districts are recorded in special revenue funds. The remaining districts are still eligible to incur project expenditures and are therefore recorded in capital projects funds. A summary of the net unreimbursed project costs and outstanding long-term debt as of December 31, 2012 is presented below:

	Net Unreimbursed Project Costs	Outstanding Long-term Debt
Tax Incremental District No. 1	\$ 247,714	\$ -
Tax Incremental District No. 3	2,082	610,000
Tax Incremental District No. 4	888,797	695,000
Tax Incremental District No. 5	1,902,900	2,800,000
Tax Incremental District No. 6	2,556,331	2,415,000
Tax Incremental District No. 7	1,928,159	1,510,000
Tax Incremental District No. 8	963,967	800,000
Tax Incremental District No. 9	4,066,554	4,355,000
Tax Incremental District No. 10	220,172	-
Tax Incremental District No. 11	39,909	-
Tax Incremental District No. 12	372,373	-
	<u>\$ 13,188,958</u>	<u>\$ 13,185,000</u>

As previously indicated, many of the Districts are in deficit cash positions, resulting in a use of general or debt service funds. In some cases, debt service funds were increased in prior years to cover the deficit cash positions due to transfers for debt service. We recommend the City evaluate the financial status of each District in the upcoming year.

4. City Garage

Presented below is a summary of revenues, expenses and changes in retained earnings for the City garage internal service fund for the years ended December 31, 2012 and 2011.

	2012	2011
Operating Revenues		
Charges for services	\$ 1,212,853	\$ 1,366,092
Operating Expenses		
Operation and maintenance	941,365	956,287
Depreciation	343,998	296,894
Total Operating Expenses	<u>1,285,363</u>	<u>1,253,181</u>
Operating Income	<u>(72,510)</u>	112,911
Nonoperating Revenues		
Interest revenue	453	393
Gain on disposal of capital assets	676	33,117
Total Nonoperating Revenues	<u>1,129</u>	<u>33,510</u>
Changes in Net Position	(71,381)	146,421
Net Position - January 1	2,982,719	2,977,894
Prior period adjustment	<u>-</u>	<u>(141,596)</u>
Net Position - December 31	<u>\$ 2,911,338</u>	<u>\$ 2,982,719</u>

The City has used cash generated from operations to finance annual capital asset purchases. During 2012, capital assets of \$629,190 were acquired by the City. As of December 31, 2012, the City had cash and investments of \$135,885 to finance future operations and capital purchases.

5. Property and Liability Insurance

During 1987, the City, together with certain other units of government within the State of Wisconsin, created the Cities and Villages Mutual Insurance Company (CVMIC) to provide liability insurance services to its members. The City provided its share of the original financing for CVMIC by the issuance of general obligation bonds totaling \$1,031,220 on November 1, 1987. The 1987 bonds were fully retired in 2007.

The City has established a separate internal service fund to account for the operations of the property and liability insurance fund. The fund pays all liability claims owed by the City along with any premiums charged to the City by CVMIC. Revenues of the fund consist of charges to City departments covered by the insurance. A summary of the 2012 transactions, with a comparison to 2011, for the property and liability self-insurance fund follows:

	2012	2011
Operating Revenues		
Charges for services	\$ 98,565	\$ 96,825
Other	47,285	-
Total Operating Revenues	<u>145,850</u>	<u>96,825</u>
Operating Expenses		
Operation and Maintenance	34	-
Insurance payments and claims	98,724	218,998
Total Operating Expenses	<u>98,758</u>	<u>218,998</u>
Operating Income (Loss)	<u>47,092</u>	<u>(122,173)</u>
Nonoperating Revenues		
CVMIC dividend	<u>34,392</u>	<u>32,708</u>
Changes in Net Position	81,484	(89,465)
Net Position - January 1	<u>1,123,444</u>	<u>1,212,909</u>
Net Position - December 31	<u>\$ 1,204,928</u>	<u>\$ 1,123,444</u>

The liability self-insurance fund generated operating income of \$47,092 for 2012, compared to an operating loss of \$122,173 for the prior year due to fluctuating claims. At December 31, 2012 the City has \$176,988 for future claims.

6. Dental Insurance

During 1997, the City became self-funded for dental insurance. An internal service fund was established to accumulate resources through department charges to pay dental claims of City employees, retirees and employee dependents and administrative fees. A summary of 2012 transactions with a comparison to 2011 is presented below:

	2012	2011
Operating Revenues		
Charges for services	\$ 125,012	\$ 127,084
Operating Expenses		
Dental insurance claims	6,536	114,692
Administrative fees	117,899	11,824
Total Operating Expenses	124,435	126,516
Changes in Net Position	577	568
Deficit - January 1	(31)	(599)
Net Position (Deficit) - December 31	\$ 546	\$ (31)

On December 31, 2012, the dental insurance internal service fund reported a claim liability of \$4,069 based on the requirements of GASB Statement No. 10.

COMMENTS AND OBSERVATIONS

1. Status of Prior Year Comment - Segregation of Duties

In our prior year management letter comment, we discussed that there certain departments within the City that have staff perform substantially all accounting functions, which under ideal conditions should be segregated.

While limited segregation of duties is not unusual for a municipality the size of the City, we continue to recommend management review internal controls and identify cost effective alternatives to improve the internal control structure, when possible.

2. Prior Period Adjustment

The prior year financial statements were restated to reflect a transfer of land and the related notes payable of \$3.9 million from the Menasha Redevelopment Authority (RDA) to the City. Note D 12 to the financial statements provides additional information on this adjustment. In addition, audit entries were proposed to record an interest payment and related development incentive to RDA from the City's tax incremental district no. 12.

Because both the RDA and City are related but legally separate entities, it is important that financial transactions are properly recorded in the RDA throughout the year to reflect ongoing activity of the RDA.

INDEPENDENT AUDITORS' REPORT

To the Honorable Mayor
and Members of the City Council
City of Menasha, Wisconsin

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Menasha, Wisconsin ("the City") as of and for the year ended December 31, 2012, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City as of December 31, 2012, and the respective changes in financial position and, where applicable, cash flows thereof and the budgetary comparison for the general fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As described in Note A.5.h, the City has implemented GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position* and GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*, for the year ended December 31, 2012. Our opinions are not modified with respect to this matter.

As described in Note D.12, the City and its discretely presented component unit restated their net position as of January 1, 2012 to reflect the City's acquisition of property and subsequent sale to the Redevelopment Authority of the City of Menasha. Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the schedule of funding progress and the schedule of employer contributions on pages 4 through 10 and 53 through 54 be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The financial information listed in the table of contents as supplementary information and the schedule of expenditures of federal awards and schedule of state financial assistance, as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and the *State Single Audit Guidelines* issued by the Wisconsin Department of Administration are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplementary information and schedules of expenditures of federal awards and state financial assistance are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information, the schedules of expenditures of federal awards and the schedule of state financial assistance are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated September 30, 2013, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

City of Menasha, Wisconsin Management's Discussion and Analysis

As management of the City of Menasha, Wisconsin, we offer readers of the City's basic financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended December 31, 2012.

Financial Highlights

- The City's assets and deferred outflows exceeded its liabilities and deferred inflows as of December 31, 2012 by \$48.2 million (net position). Of this amount, \$5.5 million (unrestricted net position) may be used to meet the City's ongoing obligations to citizens and creditors.
- The City's total net position increased by \$8.6 million (increase of \$.8 million in governmental activities and an increase of \$7.8 million in business-type activities with \$5.4 million of that increase due to forgiveness of debt).
- Property taxes levied to finance general City operations totaled \$11,362,147, an increase of \$277,083 from the prior year. Tax increments generated by the City's eleven tax incremental districts totaled \$1,757,603.
- As of December 31, 2012, the City's governmental funds reported combined ending fund balances of \$3,934,773, an increase \$49,817 in comparison with the prior year.
- As of December 31, 2012, unassigned fund balance for the general fund was \$1.4 million, or approximately 9% of total general fund expenditures. The general fund balance increased \$115,157 during 2012. The City had a positive expenditure budget variance of \$452,057 for the current year.

Overview of the Basic Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the City's assets and liabilities, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *statement of activities* presents information showing how the City's net position changed during the most recent year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City include general government, public safety, public works, health and human services, culture and recreation, and conservation and development. The business-type activities of the City include Menasha Utilities (provides electric, water, steam and telecommunication services to City residents), the sewage treatment services and storm water management.

The government-wide financial statements can be found on pages 11 - 13 of this report.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating the City's near-term financing requirements.

It is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the City's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City maintains 32 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the general fund, debt service fund and steam utility fund, all of which are considered to be major funds. Data from the other 30 governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The City adopts an annual appropriated budget for its governmental funds. As part of the basic governmental fund financial statements, budgetary comparison statements have been provided for the general fund to demonstrate compliance with the budget.

The basic governmental fund financial statements can be found on pages 14 - 18 of this report.

Proprietary funds. The City maintains two different types of proprietary funds. *Enterprise funds* are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its electric, water, steam and telecommunications utilities (Menasha Utilities) and its sewerage system and storm water operations (reclassified from a special revenue fund in 2003). *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses an internal service funds to account liability and dental insurance claims and the City's garage. Because these services predominantly benefits governmental rather than business-type functions, they have been included within *governmental activities* in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Menasha Utilities which is considered to be a major fund of the City and the sewage treatment operations. The City's internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements.

The basic proprietary fund financial statements can be found on pages 19 - 21 of this report.

Fiduciary fund. The City accounts for tax collections of other taxing entities within an agency fund. The fiduciary fund financial statements can be found on page 22 of this report.

Notes to the basic financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the basic financial statements can be found on pages 23 - 52 of this report.

Other information. The combining statements referred to earlier in connection with nonmajor governmental funds are presented immediately following notes to the basic financial statements.

Government-wide Financial Analysis

Net position. As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$48.2 million at the close of 2012.

City of Menasha, Wisconsin's Net Position (in thousands of dollars)						
	Governmental Activities		Business-type Activities		Totals	
	2012	2011	2012	2011	2012	2011
Current and other assets	\$ 25,489	\$ 26,878	\$ 15,081	\$ 31,754	\$ 40,570	\$ 58,632
Capital assets	33,787	34,095	65,608	64,487	99,395	98,582
Total Assets	59,276	60,973	80,689	96,241	139,965	157,214
Deferred outflows of resources						
Tower Painting	-	-	91	-	91	-
Long-term liabilities outstanding	23,618	25,211	48,503	71,408	72,121	96,619
Other liabilities	1,225	1,139	6,997	7,407	8,222	8,546
Total Liabilities	24,843	26,350	55,500	78,815	80,343	105,165
Deferred inflows of resources						
Property taxes	11,468	11,378	-	-	11,468	11,378
Net Position						
Net investment in capital assets	11,975	10,556	21,773	(8,092)	33,748	2,464
Restricted	5,717	4,235	3,294	19,381	9,011	23,616
Unrestricted	5,273	8,454	213	6,137	5,486	14,591
Total Net Position	\$ 22,965	\$ 23,245	\$ 25,280	\$ 17,426	\$ 48,245	\$ 40,671

By far the largest portion of the City's net position reflects its investment in capital assets (e.g. land, buildings, machinery and equipment, infrastructure, etc.) less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although, the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City's net position represents resources that are subject to external restrictions on how they may be used and consist of \$3.8 million restricted for community development loans, \$.5 million restricted for debt service, \$.9 million restricted for capital projects and \$.5 million restricted for other purposes. The remaining balance of unrestricted net position (\$5.3 million) may be used to meet the City's ongoing obligations to citizens and creditors.

Change in net position. A summary of the City's change in net position follows:

City of Menasha, Wisconsin's Change in Net Position (In thousands of dollars)

Net Position - December 31	\$ 22,965	\$ 23,245	\$ 25,280	\$ 17,426	\$ 48,245	\$ 40,671

The narrative that follows considers the operations of governmental and business-type activities separately.

Governmental activities. The above transfer represents the payment in lieu of taxes that Menasha Utilities pays to the City, less a transfer to the Menasha Utilities for debt retirement.

Business-type activities. The change in net position for 2012 was an increase of \$7.9 million with Menasha Utilities operation contributing \$2.4 million while the forgiveness of Menasha Utilities debt was an increase of \$5.4 million.

Financial Analysis of the City's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of the City's net resources available for spending at the end of the fiscal year.

As of December 31, 2012, the City's governmental funds reported combined ending fund balances of \$3.9 million, an increase of \$50 thousand in comparison with the prior year. \$3.5 million of the fund balance is *nonspendable or restricted* to indicate that it is not available for new spending. \$0.7 million is assigned, indicating there is a specific purpose for the revenues earned in these funds. Unassigned fund balance is a deficit \$0.2 million.

The general fund is the chief operating fund of the City. At the end of the current year, unassigned fund balance of the general fund was \$1,417,607, while total fund balance increased to \$2,363,718. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 8.8% of total general fund expenditures, while total fund balance represents 14.7% of that same amount.

The City's general fund balance increased \$115,157 during the current year primarily due to positive revenue variances.

The debt service fund is used to retire long-term debt related to governmental activities and annually levies sufficient taxes, special assessment collections or anticipated transfers from the City's tax incremental districts to retire all obligations as they come due. The debt service fund balance totals \$1,334,169, a decrease of \$278,196 from the prior year.

Proprietary funds. The City's proprietary funds provide the same type of information found in the City's government-wide financial statements, but in more detail.

Total net position of Menasha Utilities at the end of the year amounted to \$11,631,864 with \$9,641,164 recorded in net investment in capital assets, \$694,321 restricted for debt retirement, \$894,470 restricted for a lease obligation, \$1,705,429 restricted for plant replacement and a negative \$1,303,520 as unrestricted. The fund experienced an increase in net position of \$2,342,620, plus its debt forgiveness of \$5,427,776.

Total net position of the sewage treatment operation at the end of the year amounted to \$4,158,775. Included in net position is \$3,551,259 recorded in net investment in capital assets and \$670,516 as unrestricted. The fund experienced an increase in net position of \$109,745.

The City created a stormwater utility in 2009 by transferring assets from the governmental activities. Total net position of the sewage treatment operation at the end of the year amounted to \$9,489,851. Included in net position is \$8,580,716 recorded in net investment in capital assets and \$909,135 as unrestricted. The fund experienced a decrease in net position of \$25,541.

General Fund Budgetary Highlights

During the year, actual revenues were more than budgeted revenues by \$111,881 with miscellaneous revenues providing the major variation. Actual expenditures were less than budgeted expenditures by \$452,057 with significant savings in the public safety area.

Capital Asset and Debt Administration

Capital assets. The City's investment in capital assets for its governmental and business-type activities as of December 31, 2012 amounts to \$99.4 million (net of accumulated depreciation). This investment in capital assets includes land, land improvements, buildings, machinery and equipment, vehicles, public domain infrastructure (highways, sidewalks, parking facilities), and construction in progress. The total increase in the City's investment in capital assets for the current year was \$.8 million or .2% lower than last year.

Major capital assets acquired, constructed or deleted during the year include:

Governmental Activities

- The City added machinery and equipment of \$400 thousand in the current year.

Business-Type Activities

- Menasha Utilities reclassified buildings, machinery and equipment and the related impairment loss related to the steam plant into an account titled property held for sale during 2012. Menasha Utilities capital asset additions related to some main replacement projects and improvements to its distribution plant through normal operations.

Long-term debt. At the end of the current fiscal year, the City had total bonded debt outstanding of \$57,523,135. Of this amount, \$41,677,001 comprises debt backed by the full faith and credit of the government while the remainder of the City's debt represents bonds secured solely by specified revenue sources (i.e., revenue bonds).

Due to Town of Menasha	-	-	580,042	604,939	580,042	604,939
Total	\$ 21,770,672	\$ 23,468,330	\$ 35,752,463	\$ 58,306,477	\$ 57,523,135	\$ 81,774,807

During the year, the City's long-term debt decreased \$24.3 million due primarily to repayment of governmental activities debt and the forgiveness of a portion of the revenue bond anticipation notes.

State statutes limit the amount of general obligation debt the City may issue to 5% of its total equalized valuation. The current debt limitation for the City is \$49,641,560.

Economic Factors and Next Year's Budgets and Rates

- The economic condition and outlook of the City has remained fairly stable based on a relatively healthy mix of manufacturing, tourism, service industry and retail activities which support our tax base.
- Inflationary trends in our region compare favorably to national indices.

All of these factors were considered in preparing the City's budget for the 2013 year.

Contacting the City's Financial Management

This financial report is designed to provide a general overview of the City's finances for all those with an interest in the City's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the City of Menasha Comptroller/Treasurer, 140 Main Street, Menasha, WI 54952-3190.

 Balance Sheet (Continued)
 Governmental Funds
 December 31, 2012

Reconciliation to the Statement of Net Position

Total Fund Balances as shown on previous page \$ 3,934,773

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not current financial resources and therefore are not reported in the funds. 30,966,890

Other long-term assets are not available to pay current period expenditures and therefore are deferred in the funds.

Special assessments	938,930
Loans receivable	6,892,917
Land contract receivable	38,891

Internal service funds reported in the statement of net position as governmental activities (see page 19) 4,115,544

Some liabilities are not due and payable in the current period and, therefore, are not reported in the funds.

Bonds and notes payable	\$ (21,770,672)	
Debt premium	(41,379)	
Compensated absences	(1,582,173)	
OPEB liability	(224,086)	
Accrued interest on long-term obligations	(304,247)	<u>(23,922,557)</u>

Net Position of Governmental Activities as Reported on the Statement of Net Position (see page 11) \$ 22,965,388

Statement of Revenues, Expenditures and Changes in Fund Balances (Continued)
Governmental Funds
For the Year Ended December 31, 2012

Reconciliation to the Statement of Activities

Net Change in Fund Balances from previous page	\$	49,817
<p>Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.</p>		
Capital outlay reported in governmental fund statements	\$	631,987
Depreciation expense reported in the statement of activities		<u>(1,206,885)</u>
Amount by which capital outlays are greater than depreciation in current period		(574,898)
<p>Certain employee benefits are reported in the governmental funds when amounts are paid. The statement of activities reports the value of benefits earned during the year. This year the accrual of these benefits increased by:</p>		
		(134,655)
<p>Some capital assets acquired and other development expenditures incurred during the year were financed with debt. Debt issued is reported in the governmental funds as an other financing source. In the statement of net position, however, debt constitutes a long-term liability. The amount of debt proceeds reported in the governmental fund statements is:</p>		
		(8,720,000)
<p>Repayment of principal on long-term debt is reported in the governmental funds as an expenditure, but is reported as a reduction in long-term debt in the statement of net position and does not affect the statement of activities. The amount of long-term obligation payments in the current year is:</p>		
		10,417,658
<p>Interest payments on outstanding debt are reported in the governmental funds as an expenditure when paid; in the statement of activities interest is reported as it accrues.</p>		
		38,092
<p>Governmental funds report the effect of premiums and discounts when the debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. These costs paid in excess of the amortization is:</p>		
		29,160
<p>The net revenue of internal service funds is reported with governmental activities.</p>		
		9,412
<p>Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.</p>		
		<u>(327,816)</u>
<p>Change in Net Position of Governmental Activities as Reported in the Statement of Activities (see pages 12 - 13)</p>		<u>\$ 786,770</u>

CITY OF MENASHA, WISCONSIN
Notes to Basic Financial Statements
December 31, 2012

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of the City of Menasha, Wisconsin ("the City"), have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The significant accounting principles and policies utilized by the City are described below:

1. Reporting Entity

The City of Menasha is a municipal corporation governed by an elected eight member council. In accordance with GAAP, the basic financial statements are required to include the City (the primary government) and any separate component units that have a significant operational or financial relationship with the City. The City has identified the Menasha Redevelopment Authority as a component unit that is required to be included in the basic financial statements in accordance with standards established by GASB Statement Nos. 14 and 39.

2. Individual Component Unit Disclosure

DISCRETELY PRESENTED COMPONENT UNIT

The component unit column in the combined financial statements represents the financial data of the Menasha Redevelopment Authority (RDA). It is reported in a separate column to emphasize that the RDA is legally separate from the City. The board of the RDA is appointed by the City Council. Wisconsin Statutes provide for circumstances whereby the City can impose their will on the RDA, and also create a potential financial benefit to or burden on the City. See Note D3. As a component unit, the RDA's financial statements have been presented as a discrete column in the basic financial statements. The information presented is for the fiscal year ended December 31, 2012. Separate financial statements are not prepared for the RDA.

JOINT VENTURE

The City of Menasha is a participant with six other area municipalities in a joint venture to operate a wastewater treatment facility. The Neenah-Menasha Sewerage Commission was created for that purpose. The Commission is governed by a seven-member board composed of appointed members from the various municipalities. The Commission is designed to be a self-supporting entity, deriving its revenues from sewage treatment user fees from the various municipalities and industries it serves. The Commission has not been created for profit, and no part of the net income or profit shall accrue to the benefit of any private individual or any organization created for profit. Complete financial statements for the Neenah-Menasha Sewerage Commission can be obtained from the Commission's office at 101 Garfield Avenue, Menasha, Wisconsin 54952.

3. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the City. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which are primarily supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

CITY OF MENASHA, WISCONSIN
Notes to Basic Financial Statements
December 31, 2012

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Governmental funds include general, special revenue, debt service and capital projects funds. Proprietary funds include enterprise and internal services funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

The City reports the following major governmental funds:

GENERAL FUND

This is the City's main operating fund. It accounts for all financial resources of the general government, except those accounted for in another fund.

DEBT SERVICE FUND

This fund accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds.

The City reports the following major enterprise funds:

MENASHA UTILITIES FUND

This fund is used to account for the operating activities of the Menasha Water, Steam and Electric operations.

SEWAGE TREATMENT FUND

This fund is used to account for the operating activities of the Menasha Sewage Treatment operations.

STORMWATER UTILITY FUND

This fund is used to account for the operating activities of the Menasha Stormwater operations.

Additionally, the government reports the following fund types:

Internal service funds account for fleet maintenance and insurance services provided to other departments of the City on a cost reimbursement basis.

The City accounts for property taxes collected on behalf of other governments in an *agency fund*.

4. Measurement Focus and Basis of Accounting

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and fiduciary fund (other than agency funds) financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met. Agency funds follow the accrual basis of accounting, and do not have a measurement focus.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

CITY OF MENASHA, WISCONSIN
Notes to Basic Financial Statements
December 31, 2012

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Revenues susceptible to accrual include intergovernmental grants, intergovernmental charges for services, public charges for services and interest. Other revenues such as licenses and permits, fines and forfeits and miscellaneous revenues are recognized when received in cash or when measurable and available.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the City's water and electric functions and various other functions of the City. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, and fees and fines, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise funds are charges to customers for services. Operating expenses for enterprise funds include the cost of services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources, as they are needed.

5. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Fund Balance

a. Cash and Investments

Cash and investments are combined in the financial statements. Cash deposits consist of demand and time deposits with financial institutions and are carried at cost. Investments are stated at fair value. Fair value is the amount at which a financial instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. For purposes of the statement of cash flows, all cash deposits and highly liquid investments (including restricted assets) with a maturity of three months or less are considered to be cash equivalents.

b. Accounts Receivable

Accounts receivable are recorded at gross amount with uncollectible amounts recognized under the direct write-off method. No allowance for uncollectible accounts has been provided since it is believed that the amount of such allowance would not be material to the basic financial statements.

c. Interfund Receivables and Payables

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as "due from other funds" and "due to other funds" in the fund financial statements. Noncurrent portions of the interfund receivables for the governmental funds are reported as "advances to other funds" and are offset by nonspendable fund balance since they do not constitute expendable available financial resources and therefore are not available for appropriation.

The amount reported on the statement of net position for internal balances represents the residual balance outstanding between the governmental activities and business-type activities.

CITY OF MENASHA, WISCONSIN
Notes to Basic Financial Statements
December 31, 2012

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

d. Inventories

Inventories are recorded at cost, which approximates market, using the first-in, first-out method. Inventories consist of expendable supplies held for consumption. The cost is recorded as an expenditure at the time individual inventory items are consumed rather than when purchased.

Inventories of governmental funds in the fund financial statements are offset by nonspendable fund balance to indicate that they do not represent spendable available financial resources.

e. Prepaid Items

Payments made to vendors that will benefit periods beyond the end of the current fiscal year are recorded as prepaid items.

Prepaid items of governmental funds in the fund financial statements are offset by nonspendable fund balance to indicate that they do not represent spendable available financial resources.

f. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of \$5,000 or higher and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Capital assets of the City are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	Governmental	Business-type
	Activities	Activities
	Years	
Buildings	30 - 40	25 - 50
Improvements other than buildings	-	25 - 100
Machinery and equipment	3 - 20	3 - 10
Infrastructure	10 - 100	-

g. Compensated Absences

It is the City's policy to permit employees to accumulate earned but unused vacation and sick leave benefits in accordance with bargaining unit agreements. All vacation and sick leave is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds in the fund financial statements only if they have matured, for example, as a result of employee resignations and retirements.

The Menasha Utilities Enterprise Fund has recorded a liability for accrued employee vacation leave at December 31, 2012. Employees are not granted a specific number of sick days, rather they may use as many as needed in each particular instance. Employees are not allowed to accumulate sick leave. Therefore, no liability for accumulated sick leave is recorded at December 31, 2012.

CITY OF MENASHA, WISCONSIN
Notes to Basic Financial Statements
December 31, 2012

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

h. Deferred Outflows/Inflows of Resources

The City implemented GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Revenues, Deferred Inflows of Resources, and Net Position* and GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities* for the year ended December 31, 2012. In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has one type of item, tower painting, that qualifies for reporting in this category.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represent an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The City has one type of item that qualifies for reporting in this category, property taxes. The amounts will be recognized as an inflow of resources in the subsequent year for which they were levied. The City also has an additional type of item, which arises only under a modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, the item, unavailable revenue, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from two sources, special assessments and loan receivables. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available.

i. Long-term Obligations

In the government-wide financial statements, and proprietary funds in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenses.

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

CITY OF MENASHA, WISCONSIN
Notes to Basic Financial Statements
December 31, 2012

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

j. Fund Equity

FUND FINANCIAL STATEMENTS

Fund balance of governmental funds are reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

- Nonspendable fund balance - Amounts that are not in spendable form (such as inventory, prepaid items, or long-term receivables) or are legally or contractually required to remain intact.
- Restricted fund balance - Amounts that are constrained for specific purposes by external parties (such as grantor or bondholders), through constitutional provisions, or by enabling legislation.
- Committed fund balance - Amounts that are constrained for specific purposes by action of the City Council. These constraints can only be removed or changed by the City Council using the same action that was used to create them.
- Assigned fund balance - Amounts that are constrained for specific purposes by action of City management. Residual amounts in any governmental fund, other than the General Fund, are also reported as assigned.
- Unassigned fund balance - Amounts that are available for any purpose. Positive unassigned amounts are only reported in the General Fund.

The City has not adopted a fund balance spend-down policy regarding the order in which fund balance will be utilized. When a policy does not specify the spend-down policy, GASB Statement No. 54 indicates that restricted funds would be spent first, followed by committed funds, and then assigned funds. Unassigned funds would be spent last.

GOVERNMENT-WIDE AND PROPRIETARY FUND STATEMENTS

Equity is classified as net position and displayed in three components:

- Net investment in capital assets - Amount of capital assets, net of accumulated depreciation, less outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- Restricted net position - Amount of net position that is subject to restrictions that are imposed by 1) external groups, such as creditors, grantors, contributors or laws or regulations of other governments or 2) law through constitutional provisions or enabling legislation.
- Unrestricted net position - Net position that is neither classified as restricted nor as net investment in capital assets.

k. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

CITY OF MENASHA, WISCONSIN
Notes to Basic Financial Statements
December 31, 2012

NOTE B - STEWARDSHIP AND COMPLIANCE

1. Budgets and Budgetary Accounting

The City follows these procedures in establishing the budgetary data reflected in the basic financial statements:

- a. During October, City management submits to the City Council a proposed operating budget for the calendar year commencing the following January 1. The operating budget includes proposed expenditures and the means of financing them. After submission to the governing body, public hearings are held to obtain taxpayer comments. Following the public hearings, the proposed budget, including authorized additions and deletions, is legally enacted by City Council action.
- b. Budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America for the governmental funds. Budget is defined as the originally approved budget plus or minus approved amendments. Individual amendments throughout the year were not material in relation to the original budget. Budget appropriations not expended during the year are closed to fund balance unless authorized by the governing body to be forwarded into the succeeding year's budget.
- c. During the year, formal budgetary integration is employed as a management control device for the governmental funds.
- d. The legal level of budgetary control is by activity or department. Expenditures may not exceed budgeted appropriations provided in accounts maintained for each activity or department of the City. Amendments to the budget during the year require initial approval by management and are subsequently authorized by the City Council. Management does not have authority to amend activity or department budget accounts.
- e. Encumbrance accounting is not used by the City to record commitments related to unperformed contracts for goods or services.

The City did not have any material violation of legal or contractual provisions for the fiscal year ended December 31, 2012.

2. Deficit Fund Equity

The following funds had deficit fund equity as of December 31, 2012:

Funds	Deficit Fund Balance
Special Revenue Funds	
Tax incremental district No. 3	\$ 169,033
Recycling	133,796
Lead paint reduction	15,858
Public safety donations	3,129
Capital Projects Funds	
Capital facility	1,918
Tax incremental district No. 4	198,418
Tax incremental district No. 6	141,330
Tax incremental district No. 7	418,158
Tax incremental district No. 8	163,967
Tax incremental district No. 11	39,909
Tax incremental district No. 12	372,373

The City anticipates funding the above deficit from future operations of the funds.

CITY OF MENASHA, WISCONSIN
Notes to Basic Financial Statements
December 31, 2012

NOTE C - DETAILED NOTES ON ALL FUNDS

1. Cash and Investments

The City maintains various cash and investment accounts, including pooled funds that are available for use by all funds. Each fund's portion of these accounts is displayed on the financial statements as "Cash and investments."

The City is authorized by Wisconsin Statute 66.0603 to invest in the following instruments:

- a. Time deposits in any credit union, bank, savings bank, trust company or savings and loan association which is authorized to transact business in this state if the time deposits mature in not more than three years.
- b. Bonds or securities issued or guaranteed as to principal and interest by the federal government, or by a commission, board or other instrumentality of the federal government.
- c. Bonds or securities of any county, city, drainage district, technical college district, village, town or school district of this state. Also, bonds issued by a local exposition district, local professional baseball park district, local professional football stadium district, local cultural arts district, or the University of Wisconsin Hospitals and Clinics Authority.
- d. Any security which matures or which may be tendered for purchase at the option of the holder within not more than 7 years of the date on which it is acquired, if that security has a rating which is the highest or second highest rating category assigned by Standard & Poor's Corporation, Moody's Investor Service or other similar nationally recognized rating agency or if that security is senior to, or on a parity with, a security of the same issuer which has such a rating.
- e. The Local Government Pooled Investment Fund.
- f. Repurchase agreements with public depositories, if the agreement is secured by federal bonds or securities.
- g. Securities of open-end management investment companies or investment trusts (mutual funds) if the portfolio is limited to (a) bonds and securities issued by the federal government or a commission, board or other instrumentality of the federal government, (b) bonds that are guaranteed as to principal and interest by the federal government or a commission, board or other instrumentality of the federal government, and (c) repurchase agreements that are fully collateralized by these bonds or securities.

CITY OF MENASHA, WISCONSIN
Notes to Basic Financial Statements
December 31, 2012

NOTE C - DETAILED NOTES ON ALL FUNDS (Continued)

In addition to the foregoing, the City may have investments in shares of common stock and mutual funds held for specific endowment funds. The carrying amount of the City's cash and investments, including the separate accounts noted above, totaled \$23,152,379 on December 31, 2012 as summarized below:

Petty cash and cash on hand	\$ 7,117
Deposits with financial institutions	21,202,364
Investments	1,942,898
	\$ 23,152,379

Reconciliation to the basic financial statements:

Government-wide Statement of Net Position	
Primary Government	
Cash and investments	\$ 10,176,273
Restricted cash and investments	7,176,207
Component Unit	
Cash and investments	134,929
Fiduciary Fund Statement of Net Position	
Agency Fund	5,664,970
	\$ 23,152,379

Deposits and investments of the City are subject to various risks. Presented below is a discussion of the specific risks and the City's policy related to the risk.

Custodial Credit Risk

Custodial credit risk for *deposits* is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for *investments* is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. Wisconsin statutes require repurchase agreements to be fully collateralized by bonds or securities issued or guaranteed by the federal government or its instrumentalities. The City does not have an additional custodial credit risk policy.

Deposits with financial institutions within the State of Wisconsin are insured by the Federal Deposit Insurance Corporation (FDIC) in the amount of \$250,000 for time and savings deposits and \$250,000 for demand deposits per official custodian per insured depository institution. Deposits with financial institutions located outside the state of Wisconsin are insured by the FDIC in the amount of \$250,000 for all time accounts, savings accounts and interest-bearing demand deposit accounts per official custodian per depository institution. In addition, the City's non-interest bearing transaction accounts are fully insured through December 31, 2012. As of January 1, 2013 the City's noninterest-bearing transaction accounts are combined with its interest-bearing demand deposits for FDIC insurance coverage. Also, the State of Wisconsin has a State Guarantee Fund which provides a maximum of \$400,000 per public depository above the amount provided by an agency of the U.S. Government. However, due to the relatively small size of the State Guarantee Fund in relation to the Fund's total coverage, total recovery of insured losses may not be available.

As of December 31, 2012, none of the City's deposits with financial institutions were in excess of federal depository insurance limits and uncollateralized (or collateralized with securities held by the pledging financial institution or its trust department or agent but not in the City's name).

On December 31, 2012, the City held repurchase agreement investment of \$1,441,319 of which the underlying securities are held by the investment's counterparty, not in the name of the City.

CITY OF MENASHA, WISCONSIN
Notes to Basic Financial Statements
December 31, 2012

NOTE C - DETAILED NOTES ON ALL FUNDS (Continued)

Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Wisconsin statutes limit investments in securities to the top two ratings assigned by nationally recognized statistical rating organizations. The City does not have an additional credit risk policy. Presented below is the actual rating as of year end for each investment type.

Investment Type	Amount	Exempt From Disclosure	AAA	Aa	Not Rated
U.S. Government Agency Securities	\$ 180,909	\$ -	\$ -	\$ -	\$ 180,909
Wisconsin Local Government Investment Pool	320,216	-	-	-	320,216
Totals	\$ 501,125	\$ -	\$ -	\$ -	\$ 501,125

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The City does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Information about the sensitivity of the fair values of the City's investments to market interest rate fluctuations is provided by the following table that shows the distribution of the City's investments by maturity:

Investment Type	Amount	Remaining Maturity (in Months)			
		12 Months or Less	13 to 24 Months	25 to 60 Months	More Than 60 Months
Repurchase Agreements	\$ 1,441,319	\$ 1,441,319	\$ -	\$ -	\$ -
U.S. Government Agency Securities	180,909	-	-	-	180,909
Wisconsin Local Government Investment Pool	320,216	320,216	-	-	-
Totals	\$ 1,942,444	\$ 1,761,535	\$ -	\$ -	\$ 180,909

Investment in Wisconsin Local Government Investment Pool

The City has investments in the Wisconsin local government investment pool of \$320,216 at year-end. The Wisconsin local government investment pool (LGIP) is part of the State Investment Fund (SIF), and is managed by the State of Wisconsin Investment Board. The SIF is not registered with the Securities and Exchange Commission, but operates under the statutory authority of Wisconsin Chapter 25. The SIF reports the fair value of its underlying assets annually. Participants in the LGIP have the right to withdraw their funds in total on one day's notice. At December 31, 2012, the fair value of the City's share of the LGIP's assets was substantially equal to the carrying value.

CITY OF MENASHA, WISCONSIN
Notes to Basic Financial Statements
December 31, 2012

NOTE C - DETAILED NOTES ON ALL FUNDS (Continued)

2. Property Taxes

Property taxes consist of taxes on real estate and personal property. They are levied during December of the prior year and become an enforceable lien on property the following January 1. Property taxes are payable in various options depending on the type and amount. Personal property taxes are payable on or before January 31 in full. Real estate taxes are payable in full by January 31 or in four equal installments on or before January 31, March 31, May 31 and July 31. Real estate taxes not paid by July 31 are purchased by the County as part of the August tax settlement. Delinquent personal property taxes remain the collection responsibility of the City.

The City bills and collects its own property taxes and also levies and collects taxes for the Menasha School District, Appleton Area School District, Winnebago and Calumet Counties, Fox Valley Technical College and the State of Wisconsin. Collections and remittances of taxes for other entities are accounted for in the property tax agency fund.

3. Restricted and Other Assets

Restricted assets on December 31, 2012 totaled \$8,359,028 as detailed below:

Governmental Activities	
Capitalization deposit with CVMIC	\$ 1,031,220
Beneficial interest in library endowment funds held by the Community Foundation	147,798
Total Governmental Activities	1,179,018
Business-type Activities	
Menasha Utilities	
Cash and investments	7,106,207
Interest accrued	3,803
Total Menasha Utilities	7,110,010
Sewage Treatment	
Equipment replacement	70,000
Total Restricted and Other Assets	\$ 8,359,028

Restricted cash and investments of Menasha Utilities are held for the following purposes:

Bond redemption fund	\$ 694,322
Capital addition fund	1,705,429
Depreciation fund	439,339
Lease reserve fund	894,470
Utility reserve fund	185,184
Working capital reserve	2,088,989
Chemical stabilization fund	287,867
Unfunded liability	233,381
Post employment health benefits fund	215,422
Energy conservation fund	180,442
Other investments	181,362
Total Cash and Investments	\$ 7,106,207

NOTE C - DETAILED NOTES ON ALL FUNDS (Continued)

4. Capital Assets

Capital asset activity for the year ended December 31, 2012 was as follows:

	Beginning Balance	Increases	Decreases	Ending Balance
Governmental activities:				
Capital assets, not being depreciated:				
Land	\$ 9,040,876	\$ -	\$ -	\$ 9,040,876
Construction in progress	132,484	-	-	132,484
Total capital assets, not being depreciated	9,173,360	-	-	9,173,360
Capital assets, being depreciated:				
Buildings and improvements	11,928,215	72,461	-	12,000,676

NOTE C - DETAILED NOTES ON ALL FUNDS (Continued)

The Menasha Utilities portion of the City's unfunded pension obligation totaled \$253,842. The Menasha Utilities' portion of the liability was retired in 2003 using available financial resources of the City and an advance to Menasha Utilities was recorded for this amount. This amount is reported in the Menasha Utilities Enterprise Fund as an advance due to municipality. Annual maturities of principal and interest for the portion assigned to Menasha Utilities are as follows:

Year Ended December 31	Principal	Interest	Total
2013	\$ 253,842	\$ 4,696	\$ 258,538

The City's tax incremental district no. 5 provided temporary financing of tax incremental district no. 10 projects through an advance which bears an interest rate of 3.75%. At December 31, 2012, the balance of this advance was \$221,000.

Interfund transfers for the year ended December 31, 2012 were as follows:

	Transfer to:				Total
	General Fund	Debt Service Fund	Nonmajor Governmental Funds	Steam Utility	
Transfers from:

Total interest paid during the year on long-term debt totaled \$3,799,655.

General Obligation Debt

The City has issued general obligation debt to provide funds for the acquisition and construction of major capital facilities and capitalization deposit with CVMIC. General obligation debt has been issued for both governmental and proprietary fund activities. General obligation debt is reported in the proprietary funds if it is expected to be repaid from proprietary fund revenues.

General obligation debt service requirements are direct obligations and pledge the full faith and credit of the City. General obligation debt outstanding on December 31, 2012 totaled \$41,677,001 and was comprised of the following issues:

Governmental Activities:

Bonds

\$1,305,000 issued 12/15/01; \$120,000 to \$150,000 due annually through 2017; interest 4.6% to 4.875%	\$ 695,000
\$1,390,000 issued 12/1/03; \$115,000 to \$165,000 due annually beginning in 2012 through 2021; interest 3.9% to 4.6%	1,275,000
\$1,160,000 issued 1/1/04; \$100,000 to \$115,000 due annually through 2018; interest 3.4% to 4.3%	615,000
\$2,565,000 issued 6/15/05; \$385,000 to \$475,000 due annually through 2016; interest 4.25% to 4.65%	1,780,000

Revenue Bonds

Revenue bond debt service requirements are financed from operations of the City's enterprise fund. Revenue bonds outstanding on December 31, 2012 totaled \$15,266,092 and were composed of the following issues:

Revenue Bonds

\$1,076,097 Clean Water Fund Loan dated 11/24/04; \$991,397 received; \$45,844 to \$62,122 due annually through 2024; interest 2.365%	\$ 657,672
\$12,061,890 Clean Water Fund Loan dated 4/26/06; \$12,061,890 received; \$585,443 to \$812,092 due annually through 2025; interest 2.365%	9,210,847
\$779,363 Clean Water Fund Loan dated 4/11/07; \$394,158 received; \$18,485 to \$26,673 due annually through 2026; interest 2.475%	632,414
\$2,733,387 Clean Water Fund Loan dated 3/8/08; \$2,530,286 received; \$112,462 to \$163,466 due annually through 2027; interest 2.365%	2,092,530
\$678,908 Clean Water Fund Loan dated 4/22/09; \$644,286 received; \$27,185 to \$42,534 due annually through 2028; interest 2.668%	562,711
\$872,956 Clean Water Fund Loan dated 11/9/11; \$681,027 received; \$31,938 to \$49,830 due annually through 2031; interest 2.4%	787,157
\$233,307 issued 2011 - 2012; \$9,809 to \$14,512 due annually through 2031; interest 2.20%	228,299
\$564,355 issued 2012; \$22,768 to \$34,426 due annually through 2032; interest 2.2%	564,355
\$530,108 issued 2012; \$21,386 to \$32,337 due annually through 2032; interest 2.2%	530,107
Total Revenue Bonds	\$ 15,266,092

Annual principal and interest maturities of the above outstanding enterprise fund revenue bonds of \$15,266,092 on December 31, 2012 are shown below:

Year Ended December 31	Business-type Activities		
	Principal	Interest	Total
2013	\$ 933,496	\$ 349,870	\$ 1,283,366
2014	955,625	328,080	1,283,705
2015	978,280	305,158	1,283,438
2016	1,001,470	281,692	1,283,162
2017	1,025,212	257,668	1,282,880
2018-2022	5,502,374	907,564	6,409,938
2023-2027	4,254,762	262,558	4,517,320
2028-2032	614,873	32,466	647,339
	\$ 15,266,092	\$ 2,725,056	\$ 17,991,148

There are a number of compliance requirements associated with these debt issues. The City is in compliance with those requirements.

CITY OF MENASHA, WISCONSIN
Notes to Basic Financial Statements
December 31, 2012

NOTE C - DETAILED NOTES ON ALL FUNDS (Continued)

Capital Leases

The City is obligated under various leases accounted for as capital leases that were used to finance the acquisition of capital assets. Presented below is a schedule of future minimum lease payments required under the capital leases, and the present value of the net minimum lease payments at December 31, 2012:

Year Ended December 31	Business-type Activities
	Principal
2013	\$ 1,191,946
2014	1,191,946
2015	1,191,946
2016	1,191,946
2017	1,191,946
2018-2022	5,959,732
2023-2027	5,959,732
2028-2032	3,972,620
Total Payments	21,851,814
Amount representing interest	9,101,525
Principal amount outstanding	\$ 12,750,289

Leased plant, included in electric capital assets, consists of the following:

Land	\$ 522,728
Buildings	2,379,697
Improvements other than buildings	17,450,704
Equipment	5,094,266
Accumulated depreciation	(13,101,090)
Net leased plant	\$ 12,346,305

Since WPPI is considered a related party, the leased capital assets have continued to be recorded at their historical cost along with the related accumulated depreciation to date. Depreciation on the leased plant is included in depreciation expense in the financial statements. Menasha Utilities fully expects to reacquire the capital assets at the conclusion of the lease. The Wisconsin Public Services Commission has also allowed the leased capital assets to continue to be included as part of all utility capital assets for the purposes of the annual payment in lieu of tax calculation.

Forgiveness of Debt

During 2012, Menasha Utilities finalized the settlement with the bondholders of the outstanding Steam Utility revenue bond anticipation notes. The settlement resulted in a gain on forgiveness of debt totaling \$5,427,776 as reported in the Statement of Revenues, Expenses, and Changes in Net Position.

Redevelopment Authority Promissory Notes

In prior years, the Redevelopment Authority of the City of Menasha acquired land from and issued a promissory note to the City of Menasha in the amount of \$3,900,000. Annual payments of \$214,500 through 2016 and \$388,540 from 2017 through 2031 are due with an interest rate of 5.5%.

	Outstanding 1/1/12	Issued	Retired	Outstanding 12/31/12	Due Within One Year
Component unit:					
Promissory note	\$ 3,900,000	\$ -	\$ -	\$ 3,900,000	\$ -

Total interest paid during the year totaled \$214,500.

2. Component Unit

This report contains the Menasha Redevelopment Authority (RDA) which is included as a component unit. Financial information is presented as a discrete column in the statement of net position and the statement of activities.

In addition to the basic financial statements and the preceding notes to financial statements which apply, the following are additional disclosures related to the RDA.

- a) Cash and Investments: At year end, the carrying amount of the RDA's deposits and investments was \$168,247. This amount is included in the totals presented in Note C1.
- b) Property held for sale: At year end, the RDA had property held for redevelopment of \$3,179,500 and land contract receivables of \$570,432 related to sales of lots to developers. The RDA receives a portion of the amount due when the developer sells an individual lot to a third party.
- c) Promissory Notes: The RDA financed the property available for sale through a promissory note with the City of Menasha, as presented in Note C6.

CITY OF MENASHA, WISCONSIN
Notes to Basic Financial Statements
December 31, 2012

NOTE D - OTHER INFORMATION (Continued)

3. Retirement Commitments

All eligible City employees participate in the Wisconsin Retirement System (WRS), a cost-sharing, multiple-employer, defined benefit, public employee retirement system. All employees, initially employed by a participating WRS employer prior to July 1, 2011, expected to work at least 600 hours a year (440 hours for teachers and school district educational support employees) and expected to be employed for at least one year from employee's date of hire are eligible to participate in the WRS. All employees, initially employed by a participating WRS employer on or after July 1, 2011, and expected to work at least 1200 hours a year (880 hours for teachers and school district educational support employees) and expected to be employed for at least one year from employee's date of hire are eligible to participate in the WRS. Employees hired to work nine or ten months per year, (e.g. teachers contracts), but expected to return year after year are considered to have met the one-year requirement.

Prior to June 29, 2011, covered employees in the General/Teacher/Educational Support Personnel category were required by statute to contribute 6.5% of their salary (3.9% for Executives and Elected Officials, 5.8% for Protective Occupations with Social Security, and 4.8% for Protective Occupations without Social Security) to the plan. Employers could make these contributions to the plan on behalf of employees. Employers were required to contribute an actuarially determined amount necessary to fund the remaining projected cost of future benefits.

Effective the first day of the first pay period on or after June 29, 2011 the employee required contribution was changed to one-half of the actuarially determined contribution rate for General category employees, including Teachers, and Executives and Elected Officials. Required contributions for protective employees are the same rate as general employees. Employers are required to contribute the remainder of the actuarially determined contribution rate. The employer may not pay the employee required contribution unless provided for by an existing collective bargaining agreement. Contribution rates are as follows:

	2012	
	<u>Employee</u>	<u>Employer</u>
General (including Teachers)	5.9%	5.9%
Executives & Elected Officials	7.05%	7.05%
Protective with Social Security	5.9%	9.0%
Protective without Social Security	5.9%	11.3%

The payroll for City employees covered by the WRS for the year ended December 31, 2012 was \$11,213,649; the employer's total payroll was \$9,990,808. The total required contribution for the year ended December 31, 2012 was \$1,487,497, which consisted of \$825,153 or 7.9% of covered payroll from the employer and \$662,344 or 5.9% of covered payroll from employees. Of the \$662,344 required contributions for the employee for the year ended December 31, 2012, \$154,562 was financed by the City and \$507,782 was financed by the employees. Total contributions for the years ending December 31, 2011 and 2010 were \$1,467,058 and 1,404,747 respectively, equal the required contributions for the year. The payroll covered by the WRS for the year ended December 31, 2012 of \$11,213,649 includes \$1,858,247 of covered wages for the City of Menasha's share of the Neenah/Menasha Fire Department. The fire department employees are not employed or paid by the City, but are part of the City's retirement plan.

CITY OF MENASHA, WISCONSIN
Notes to Basic Financial Statements
December 31, 2012

NOTE D - OTHER INFORMATION (Continued)

Employees who retire at or after age 65 (62 for elected officials and 54 for protective occupation employees with less than 25 years of service, 53 for protective occupation employees with more than 25 years of service) are entitled to receive a retirement benefit. Employees may retire at age 55 (50 for protective occupation employees) and receive actuarially reduced benefits. The factors influencing the benefit are: (1) final average earnings, (2) years of creditable service, and (3) a formula factor. A final average earnings is the average of the employee's three highest year's earnings. Employees terminating covered employment and submitting application before becoming eligible for a retirement benefit may withdraw their contributions and, by doing so, forfeit all rights to any subsequent benefit. For employees beginning participation on or after January 1, 1990, and no longer actively employed on or after April 24, 1998, creditable service in each of five years is required for eligibility for a retirement annuity. Participants employed prior to 1990 and on or after April 24, 1998 and prior to July 1, 2011 are immediately vested. Participants who initially became WRS eligible on or after July 1, 2011 must have five years of creditable service to be vested.

The WRS also provides death and disability benefits for employees. Eligibility and the amount of all benefits are determined under Chapter 40 of Wisconsin Statutes.

The WRS issues an annual financial report that may be obtained by writing to the Department of Employee Trust Funds, P.O. Box 7931, Madison, WI 53707-7931.

4. Wisconsin Public Power Incorporated Contract (WPPI)

The City's electric utility purchases its electric requirements from the Wisconsin Public Power Incorporated (WPPI). WPPI is a municipal electric company and political subdivision of the State of Wisconsin created by contract by its members on September 5, 1980 pursuant to the Municipal Electric Company Act, Sec. 66.073 of the Wisconsin Statutes (the Act). WPPI's purposes include providing an adequate, economical and reliable supply of electric energy to its members.

The City is one of 50 members of WPPI located throughout the State of Wisconsin. On December 31, 1989, each of WPPI's members, including the City of Menasha, commenced purchasing electric service from WPPI under a new Long-term Power Supply Contract for Participating Members (the Long-term Contract) under which WPPI has agreed to sell and deliver to each member, and each member has agreed to take and pay for, the electric power and energy requirements of the members for an initial thirty-five (35) year term. The contract was amended during 2002 to extend the term of the contract through 2037.

Under the Long-term Contract, the City and the other members of WPPI are required to pay for all power and energy requirements supplied or made available by WPPI at rates sufficient to cover all of WPPI's revenue requirement which includes power supply costs, administrative expenses and debt service on outstanding bonds. WPPI's subsequent year's rates and operating budget are approved annually by its Board of Directors, which consists of representatives from each member municipality. The City has agreed to charge rates to the retail rate payers of its electric system sufficient to meet its obligation to WPPI. The Long-term Contract provides that all payments to WPPI under the Contract constitute operating expenses of the City's electric system payable from any operating and maintenance fund established by the City.

The Long-term Contract may be terminated by either party upon five years prior written notice effective at the end of the initial thirty-five year term, or at any other time thereafter, provided that no WPPI bonds are outstanding at the time of the proposed termination and certain other contract provisions are met.

The electric operation purchases power through Wisconsin Public Power, Inc. for distribution to its customers. Total purchases under this arrangement amounted to approximately \$40.1 million in 2012.

CITY OF MENASHA, WISCONSIN
Notes to Basic Financial Statements
December 31, 2012

NOTE D - OTHER INFORMATION (Continued)

5. Risk Management

The City is exposed to various risks of loss related to torts; theft, damage or destruction of assets; errors or omissions; injuries to employees; or acts of God. The City has chosen to retain a portion of the risks through self-insurance programs and has also purchased insurance to transfer other risks to outside parties. Payments of premiums for these policies are recorded as expenditures or expenses in various funds of the City. Insurance settlements have not exceeded insurance coverage in any of the past three years nor has there been any significant reduction in insurance coverage compared to the prior year. A description of the City's risk management programs follows.

Property and Liability Insurance

During 1987, the City, together with certain other units of government within the State of Wisconsin, created the Cities and Villages Mutual Insurance Company (CVMIC), a joint venture, to provide liability insurance services to its members. The City is partially self-insured for liability insurance and pays premiums to CVMIC for its excess liability insurance coverage. The actuary for CVMIC determines premium charges to its members required to pay the expected claims and loss adjustment expenses. CVMIC's ongoing operational expenses, other than loss adjustment expenses, are apportioned pro rata to each member. CVMIC provides general liability, police and nurses professional liability, public official's liability and vehicle liability coverage for the City. The City's self-insured retention limit is \$25,000 for each occurrence with a maximum limit of \$100,000 annually. Premiums paid to CVMIC for insurance coverage are recorded in a self-insurance internal service fund. The self-insurance internal service fund charges various City departments and operations for their portion of insurance coverage for the year.

The claims liability of \$3,256 reported in the fund at December 31, 2012 is based on the requirements of GASB Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the basic purpose financial statements indicates that it is probable that a liability has been incurred at the date of the basic financial statements and the amount of the loss can be reasonably estimated. On December 31, 2012, the property and liability insurance internal service fund has available \$1,204,928 for future unreported claims. Changes in the fund's claim liability amount for 2011 and 2012 follow:

	Liability January 1	Current Claims and Changes in Estimates	Claim Payments	Liability December 31
2011	\$ 8,202	\$ 200,157	\$ 175,393	\$ 32,966
2012	32,966	(1,569)	28,141	3,256

CITY OF MENASHA, WISCONSIN
Notes to Basic Financial Statements
December 31, 2012

NOTE D - OTHER INFORMATION (Continued)

Dental Insurance

City employees, COBRA employees, retirees and employee dependents are eligible for dental benefits from a dental insurance internal service fund. Funding is provided by charges to City departments, employees and retirees. Fund expenses consist of payments to a third-party administrator for dental claims and administrative fees. The claims liability of \$4,069 reported in the fund at December 31, 2012, is based on the requirements of GASB Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the basic financial statements indicates that it is probable that a liability has been incurred at the date of the basic financial statements and the amount of the loss can be reasonably estimated. On December 31, 2012, the dental insurance internal service fund has available \$546 for future unreported claims. Changes in the fund's claims liability amount for 2011 and 2012 follow:

	Liability January 1	Current Claims and Changes in Estimates	Claim Payments	Liability December 31
2011	\$ 6,427	\$ 126,515	\$ 127,126	\$ 5,816
2012	5,816	117,899	119,646	4,069

6. Other Post-Employment Benefits

Plan Description - The City provides health care insurance coverage for employees who retire until they reach the age of 65. The retired employee contributes 100% of the premium for family coverage or 100% of the premium for single coverage. There are 194 active and 14 retired employees in the plan.

Annual OPEB Cost and Net OPEB Obligation - The City's annual other post-employment benefit (OPEB) cost (expense) is calculated based on the annual required contribution (ARC), and the amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities over a period not to exceed thirty years. The following table shows the components of the City's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the City's net OPEB obligation.

Component	Amount
Annual required contribution	\$ 94,153
Interest on net OPEB	6,128
Adjustment to annual required contribution	(8,311)
Annual OPEB cost (expense)	91,970
Contributions made	2,280
Change in net OPEB obligation	89,690
OPEB obligation - beginning of year	134,396
OPEB obligation - end of year	\$ 224,086

The annual required contribution for the current year was determined as part of the January 1, 2012 actuarial valuation using the projected unit credit method. The actuarial assumptions included (a) 4.56% discount rate, and (b) projected salary increases at 4%.

CITY OF MENASHA, WISCONSIN
Notes to Basic Financial Statements
December 31, 2012

NOTE D - OTHER INFORMATION (Continued)

The actuarial methods and assumptions used include techniques that are designed to reduce the effect of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with a long-term perspective of the calculations. The unfunded actuarial accrued liability is being amortized as a level dollar amount of projected payroll. The remaining amortization period at December 31, 2012 is 30 years, and the remaining amount is \$771,308.

Trend Information - The City's annual OPEB cost, the percentage of the annual OPEB cost contributed to the plan, and the net OPEB obligation for 2009 through 2012 is as follows:

Fiscal Year Ended	Annual OPEB Cost	Percentage Of Annual OPEB Cost Contributed	Net OPEB Obligation
12/31/2010	\$ 85,104	44.04%	\$ 95,256
12/31/2011	76,616	48.91%	134,396
12/31/2012	91,970	2.48%	224,086

Funded Status and Funding Progress - As of January 1, 2012, the most recent actuarial valuation date, the City's unfunded actuarial accrued liability (UAAL) was \$771,308. The annual payroll for active employees covered by the plan for the 2011 fiscal year was \$8,362,803 for a ratio of the UAAL to covered payroll of 9.22%.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future, such as assumptions about future terminations, mortality, and healthcare cost trends. Actuarially determined amounts are subject to continual revision as actuarial results are compared with past experience and new estimates are made about the future.

Actuarial Methods and Assumptions - Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effect of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the January 1, 2012 actuarial valuation, the projected unit credit method was used. The actuarial assumptions included a rate of 4.56% to discount expected liabilities to the valuation date. The initial healthcare trend rate was 10% for medical, reduced by decrements to an ultimate rate of 5% for medical after six years. The UAAL is being amortized as a level percentage of projected payrolls on an open basis. The remaining amortization period at December 31, 2012 was 30 years.

CITY OF MENASHA, WISCONSIN
Notes to Basic Financial Statements
December 31, 2012

NOTE D - OTHER INFORMATION (Continued)

7. Tax Incremental Districts

The City currently maintains separate special revenue and capital project funds to account for eleven Tax Incremental Districts (TID) created in accordance with Section 66.1105 of the Wisconsin Statutes. At the time the Districts were created, the property tax base within each District was "frozen" and increment taxes resulting from increases to the property tax base are used to finance District improvements, including principal and interest on general obligation debt issued by the City to finance such improvements. All eligible project expenditures for the Districts have been completed for the TID No. 1, and TID No. 3 projects. Therefore, special revenue funds are utilized to account for tax increment and other revenues used to finance principal and interest payments on outstanding general obligation debt applicable to these Districts. The Statutes allow eligible project costs to be incurred up to five years prior to the maximum termination date. The City's TID No. 4, No. 5, No. 6, No. 7, No. 8, No. 9, No. 10, No. 11, and No. 12 were created in 1997, 1998, 1998, 2002, 2004, 2004, 2006, 2008, and 2011 respectively, and therefore are still eligible to incur project costs. Accordingly, TID No. 4, 5, 6, 7, 8, 9, 10, 11, and 12 are accounted for as capital projects funds.

Since creation of the above Districts, the City has provided various financing sources to each TID and has also recorded eligible TID project costs in other funds of the City. The foregoing amounts are not recorded as liabilities in the TID special revenue and capital projects funds but can be recovered by the City from future excess tax increment revenues. Detail of the amounts recoverable (surplus) by the City as of December 31, 2012 from future excess tax increment revenues follows:

Net Unreimbursed Project Costs	
Tax Incremental District No. 1	\$ 247,714
Tax Incremental District No. 3	2,082
Tax Incremental District No. 4	888,797
Tax Incremental District No. 5	1,902,900
Tax Incremental District No. 6	2,556,331
Tax Incremental District No. 7	1,928,159
Tax Incremental District No. 8	963,967
Tax Incremental District No. 9	4,066,554
Tax Incremental District No. 10	220,172
Tax Incremental District No. 11	39,909
Tax Incremental District No. 12	372,373
	<u>\$ 13,188,958</u>

The intent of the City is to recover the above amounts from future TID surplus funds, if any, prior to termination of the respective Districts. The City has amended the project plan of District No. 3 to include transfers to Districts No. 1 and 2.

8. Major Customer

During 2012, the City's electric utility billed SCA Tissue \$19,644,206. This represents 42% of electric utility operating revenue. No other utility customer accounted for more than 10% of operating revenue.

9. Property Tax Levy Limit

Wisconsin state statutes provide for a limit on the property tax levies for all Wisconsin cities, villages, towns and counties. For the 2012 and 2013 budget years, the increase in the maximum allowable tax levy is limited to the greater of the percentage change in the City's January 1 equalized value as a result of net new construction. The actual limit for the City for the 2012 budget was .61%. The actual limit for the City for the 2013 budget was .47%. Debt service for debt authorized after July 1, 2005 is exempt from the levy limit. In addition, Wisconsin statutes allow the limit to be adjusted for the increase in debt service authorized prior to July 1, 2005 and in certain other situations.

CITY OF MENASHA, WISCONSIN
Notes to Basic Financial Statements
December 31, 2012

NOTE D - OTHER INFORMATION (Continued)

10. Contingencies

- a. The City contracts with Neenah-Menasha Sewerage Commission (the "Commission") for sewage treatment services and is contingently liable for costs incurred by the Commission. The following item has been identified by the Commission and the City as a potential liability not recorded on the financial statements:

The U.S. Fish & Wildlife Service and the Wisconsin Department of Natural Resources ("WDNR") acting on behalf of the Natural Resource Trustees have prepared Natural Resource Damage Assessments to determine the level of such damages to the Lower Fox River and Green Bay resulting from PCB contamination. The U.S. Environmental Protection Agency ("EPA") and the WDNR have conducted a Feasibility Study and issued two Records of Decision ("RODs") (which have been subsequently modified) selecting dredging and capping of PCB contaminated sediments in the Fox River together with long-term monitoring in the Fox River and Green Bay as remedies to eliminate, reduce, or control risks to human health and the environment associated with the PCB contaminated sediments in the Lower Fox River and Green Bay. Representatives of the federal and state agencies have stated that at this time the total net present value of the past and future remediation costs including agency oversight costs, operation and maintenance costs and natural resources damages, is \$1.5 billion dollars (collectively "Estimated Remediation Costs"). Appleton Paper, Inc. and NCR commenced CERCLA contribution actions for past and future remediation and oversight costs and natural resource damages against thirty-three defendants including the Commission. On December 16, 2009, a U.S. District Court Decision and Order held that Appleton Paper, Inc. and NCR were not entitled to recover any contribution from the defendants. The Court has denied Appleton Paper, Inc. and NCR's motion to enter judgment against them to permit an interlocutory appeal and there are various motions yet pending in the action. The Commission and City continue to vigorously defend the action.

On October 14, 2010, the United States of America and the State of Wisconsin filed suit in the federal district court in Green Bay against various defendants including the Neenah-Menasha Sewerage Commission (Commission). The complaint alleges the Commission received PCB-containing wastewater from several facilities – including the WTM Facility, the John Strange Facility, and the Kimberly Clark Neenah and Badger Globe Facilities and in turn discharged partially treated PCB-containing wastewater from those facilities to the Lower Fox River. In their claim for relief they seek, among other things, judgment for unreimbursed response costs and damages resulting from releases of hazardous substances. The City has put its insurance carriers on notice but they have denied a duty to defend or indemnify. Some of the carriers have accepted the tender of defense but have asserted a claim that they may seek to recover defense costs which they pay, a claim the Commission/City vigorously disputes. The City may seek to recover any judgment from its insurance carriers and/or other responsible entities. The Commission and City are vigorously defending the action.

- b. The City's valuation and taxing power secure a portion of the outstanding long-term debt of the Neenah-Menasha Sewerage Commission, a joint venture created by the City and six other municipalities. The City would be liable in the unlikely event that the Commission defaulted on the debt.
- c. The City participates in a number of federal and state assisted grant programs. These programs are subject to program compliance audits by the grantors or their representatives. Accordingly, the City's compliance with applicable grant requirements will be established at some future date. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time although the City expects such amounts, if any, to be immaterial.

December 31, 2012

NOTE D - OTHER INFORMATION (Continued)

- d. From time to time, the City is party to other various pending claims and legal proceedings. Although the outcome of such matters cannot be forecast with certainty, it is the opinion of management and the City attorney that the likelihood is remote that any such claims or proceedings will have a material adverse effect on the City's financial position or results of operations except as indicated below.
 - e. In November 2008, the Wisconsin Department of Natural Resources issued a Notice of Violation to Menasha Utilities alleging that certain activities performed at the steam utility were undertaken without proper authorizations under the Clean Air Act (CAA). In June 2009, the United States Environmental Protection Agency also served Menasha Utilities with a Notice of Violation and Finding of Violation alleging that certain activities performed at the steam utility facility were undertaken without proper authorizations under the Clean Air Act. The penalties prescribed for violations of air pollution control laws range from \$10 to \$37,500 per violation per day. Intentional violations and repeat violations are subject to forfeitures of not more than \$50,000 per day per violation. The City of Menasha and Menasha Utilities have contested the alleged violations and are communicating with WDNR and EPA in an attempt to work out a resolution to these environmental issues in a cooperative fashion.
 - f. In January 2012, Menasha Utilities discovered an electric meter multiplier error that resulted in incorrect data being used to calculate the monthly billing for a large industrial customer. This resulted in an overbilling to that customer over a six year period totaling \$1,754,724. Starting in March 2012, that customer will receive a refund of the overbilling in monthly payments, including interest, for 24 months. The overbilling of one customer resulted in the under-billing of remaining customers. This issue was brought before the Public Service Commission of Wisconsin (PSC). On March 1, 2012, the PSC authorized the use of the power cost adjustment clause (PCAC) to collect \$734,948 of the under-billing through the PCAC over a 24 month period.
11. Cumulative Effect of Change in Accounting Principle
The City has adopted GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*, which requires debt issuance costs to be expensed in the period incurred, rather than recorded as assets and amortized over the life of the related debt issue. Financial statements for the year ended December 31, 2011 have not been restated. The cumulative effect of this change was to decrease the December 31, 2012 net position of the governmental activities by \$167,928.

12. Prior Period Adjustment

On October 24, 2011, the City and its redevelopment authority executed a sale of land acquired by the City from a developer in lieu of assessments. The forgiveness of the special assessments and the issuance of the notes payable to the City by the RDA and related land sales by the RDA was not reflected in the City's 2011 financial statements. As a result, the City made the following prior period adjustment in its government-wide financial statements:

	Governmental Activities	Redevelopment Authority
Special assessments forgiven	\$ (4,798,547)	\$ -
Promissory note issued by the RDA to the City	3,900,000	(3,900,000)
RDA investment in property held for sale at December 31, 2011	-	3,179,500
Land contract receivable due to the RDA at December 31, 2011	-	683,694
	<u>\$ (898,547)</u>	<u>\$ (36,806)</u>

The above adjustment had no effect on the City's governmental funds.

The City implemented GASB Statement No. 45 for the fiscal year ended December 31, 2009. Information for prior years is not available.

SUPPLEMENTARY INFORMATION

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special revenue funds are used to account for the proceeds of specific revenue sources (other than major capital projects or expendable trust) that are legally restricted to expenditures for specific purposes. The City utilizes special revenue funds to record financial transactions pertaining to the following activities:

Housing Rehab

To account for activity of loans made to local homeowners that were originally financed by an economic development grant received by the City from the Wisconsin Department of Development.

Community Development Block Grant

To account for grant proceeds received by the City from the Wisconsin Department of Administration to be used to make loans to local homeowners.

Marina Operations

To account for collections from the City marina used to finance related disbursements for personnel, supplies and improvements.

Tax Incremental Districts (TIDs)

To account for tax increment revenues of TID No. 1, and No. 3 for which the construction period for eligible projects has elapsed. All project expenditures were originally recorded in capital projects funds.

Park Development

To account for grants received and other collections to be used for the development of City parks.

Recycling

To account for the property taxes levied and intergovernmental grants received to finance the City's recycling activities.

Post-Employment Sick Leave Reserve

To account for the accumulation of resources to be used to reimburse City employees for accumulated sick leave at date of retirement.

Lead Paint Reduction

To account for grants received to be used for housing rehabilitation.

Library Endowment

To account for funds held by the City library.

Hattie Minor Scholarship

To account for funds held by the City for the purposes of providing scholarships from investment income.

NONMAJOR GOVERNMENTAL FUNDS (Continued)

SPECIAL REVENUE FUNDS (Continued)

Public Safety Donations

To account for donations received by the City.

Heckrodt Nature Center

To account for donations received by the City.

Senior Center Memorials

To account for donations received by the City.

FEMA Grant

To account for FEMA grant received by the City.

Senior Center Fund Raising

To account for collections and disbursements relating to activities offered by the senior center.

Steam Utility

This fund accounts for resources used in the closing of the steam utility plant.

CAPITAL PROJECTS FUNDS

Capital project funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities other than those financed by proprietary funds. The City utilizes capital projects funds to record financial transactions pertaining to the following activities:

Capital Projects

To account for proceeds of general obligation debt used to finance capital projects.

Capital Facility

To account for the accumulation of resources to be used for building improvement projects of the City.

Capital Improvements

To account for the accumulation of resources to be used for capital improvement projects of the City.

Tax Incremental Districts (TID's)

To account for the activity of TID No. 4, No. 5, No. 6, No. 7, No. 8, No. 9, No. 10, No. 11 and No. 12 which are still eligible to incur construction costs.

Roadways at River's Edge

To account for the accumulation of resources to be used for capital improvements on roadways.

INTERNAL SERVICE FUNDS

Internal service funds are used to account for the financing of goods or services provided by one department to other departments of the City, or to other governmental units, on a cost reimbursement basis. The City utilizes internal service funds to record financial transactions pertaining to the following activities:

City Garage

To account for services provided to other City departments by the Department of Public Works.

Property and Liability Insurance

To account for funds held by the City, generated by charges to other City departments, to finance property and liability claims levied against the City.

Dental Insurance

To account for funds held by the City generated by charges to other City departments, employees, and retirees, to finance dental claims of City employees, retirees, and their dependents.

Information Technology

To account for services provided to other City departments by the information technology department.

**ADDITIONAL INDEPENDENT AUDITORS' REPORT FOR
BASIC FINANCIAL STATEMENTS**

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Independent Auditors' Report

To the Honorable Mayor
and Members of the City Council
City of Menasha, Wisconsin

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Menasha, Wisconsin, as of and for the year ended December 31, 2012, and the related notes to the financial statements, which collectively comprise the City of Menasha, Wisconsin's basic financial statements, and have issued our report thereon which included an emphasis of matter paragraph as indicated on page 2 dated November 26, 2013.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Menasha, Wisconsin's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Menasha, Wisconsin's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Menasha, Wisconsin's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs as items 2012-01 and 2012-02 that we consider to be significant deficiencies.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Menasha, Wisconsin's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

City of Menasha, Wisconsin's Response to Findings

City of Menasha, Wisconsin's response to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. City of Menasha, Wisconsin's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of City of Menasha, Wisconsin's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Menasha, Wisconsin's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL AND STATE PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE

Independent Auditors' Report

To the Honorable Mayor
and Members of the City Council
City of Menasha, Wisconsin

Report on Compliance for Each Major Federal and State Program

We have audited City of Menasha, Wisconsin's compliance with the types of compliance requirements described in the *U. S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* and the *State Single Audit Guidelines* issued by the Wisconsin Department of Administration that could have a direct and material effect on each of City of Menasha, Wisconsin's major federal and state programs for the year ended December 31, 2012. City of Menasha, Wisconsin's major federal and state programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal and state programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of City of Menasha, Wisconsin's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and the *State Single Audit Guidelines* issued by the Wisconsin Department of Administration. Those standards, OMB Circular A-133 and the *State Single Audit Guidelines* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about City of Menasha, Wisconsin's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of City of Menasha, Wisconsin's compliance.

Opinion on Each Major Federal and State Program

In our opinion, City of Menasha, Wisconsin complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended December 31, 2012.

Report on Internal Control Over Compliance

Management of City of Menasha, Wisconsin is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered City of Menasha, Wisconsin's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal or state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with OMB Circular A-133 and the *State Single Audit Guidelines*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City of Menasha, Wisconsin's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified certain deficiencies in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as items 2012-03 and 2012-04 that we consider to be significant deficiencies.

City of Menasha, Wisconsin's response to the internal control over compliance findings identified in our audit are described in the accompanying schedule of prior year audit findings and corrective action plan. City of Menasha, Wisconsin's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and the *State Single Audit Guidelines*. Accordingly, this report is not suitable for any other purpose.

 For the Year Ended December 31, 2012

Section II - Basic Financial Statement Findings

Finding No.	Control Deficiencies
-------------	----------------------

2012-01 Preparation of Annual Financial Report

Condition: Current City staff maintains accounting records which reflect the City's financial transactions; however, preparing the City's annual financial report, including note disclosures, involves the selection and application of specific accounting principles which would require additional experience and knowledge. The City contracts with us and our knowledge of applicable accounting principles, financial statement formats, and note disclosures to prepare the annual financial report in an efficient manner.

Criteria: The preparation and review of the annual financial report by staff with expertise in financial reporting is an internal control intended to prevent, detect and correct a potential omission or misstatement in the financial statements or notes.

Cause: City management has determined that the additional costs associated with training staff to become experienced in applicable accounting principles and note disclosures outweigh the derived benefits.

Effect: Without our involvement, the City may not be able to completely prepare an annual financial report in accordance with accounting principles generally accepted in the United States of America.

Recommendation: We recommend the City continue reviewing the annual financial report prepared by Schenck. While it may not be cost beneficial to train additional staff to completely prepare the report, a thorough review of this information by appropriate staff of the City is necessary to obtain a complete and adequate understanding of the City's annual financial report.

CITY OF MENASHA, WISCONSIN
 Menasha, Wisconsin
 Schedule of Findings and Questioned Costs (Continued)
 For the Year Ended December 31, 2012

Section II - Basic Financial Statement Findings (Continued)

Finding No.	Control Deficiencies
-------------	----------------------

2012-02 Capital Asset Additions

Condition: City staff provides us with the current year asset additions and disposals, the method and rate of depreciation and the salvage value of the assets. From this information, we assist the City in recording the capital asset additions and disposals and calculating the annual depreciation expense. During our 2012 audit, we identified a material capital asset addition that was not reported to us by City staff.

Criteria: A material adjustment to the underlying accounting records is considered to be an internal control deficiency.

Cause: The City does not have a system in place to identify capital asset transactions throughout the year.

Effect: The City could have capital assets transactions which are not reflected in the detailed capital records and the annual financial report.

Recommendation: We recommend the City develop a system to identify capital asset additions and disposals throughout the year. Many governments of your size identify new additions at the time the related invoice is paid and maintain a copy of the invoice for us.

CITY OF MENASHA, WISCONSIN
 Menasha, Wisconsin
 Schedule of Findings and Questioned Costs (Continued)
 For the Year Ended December 31, 2012

Section III - Federal Award and State Financial Assistance Findings

Finding No.	Internal Control Deficiencies
-------------	-------------------------------

2012-03 Financial Reporting for Federal and State Financial Assistance

Federal CFDA #: All federal programs.
 State IDs: All state programs.

Condition: OMB Circular A-133 and the *State Single Audit Guidelines* requires the City to prepare appropriate financial statements, including the schedules of expenditures of federal awards and state financial assistance. While the current staff of the City maintain financial records supporting amounts reported in the schedules of expenditures of federal awards and state financial assistance, the City contracts with Schenck to compile the data from these records and prepare the single audit report for the City.

Criteria: Having staff with expertise in federal and state financial reporting prepare the City's single audit report is an internal control intended to prevent, detect and correct a potential misstatement in the schedules of expenditures of federal wards and state financial assistance, or accompanying notes to the schedule.

Cause: The additional costs associated with hiring staff sufficiently experienced to prepare the City's single audit report, including the additional training time, outweigh the derived benefits.

Effect: The City could receive federal or state grant awards which are not included in the accompanying Schedules of Expenditures of Federal Awards and State Financial Assistance.

Recommendation: We recommend City personnel continue reviewing the City's single audit report prepared by Schenck. While it may not be cost beneficial to hire additional staff to prepare these items, a thorough review of this information by appropriate staff of the City is necessary to ensure all federal and state financial assistance programs are properly reported in the City's single audit report.

 For the Year Ended December 31, 2012

Section III - Federal Award and State Financial Assistance Findings

Finding No.	Internal Control Deficiencies
-------------	-------------------------------

2012-04 Late Submittal of City's Reporting Package in Accordance with OMB Circular A-133

Condition: For the year ended December 31, 2012, the City expended over \$500,000 in federal awards, requiring a federal single audit. The City's single audit reporting package was submitted after the required deadlines.

Criteria: According to OMB Circular A-133, the single audit reporting package shall be submitted within the earlier of 30 days after receipt of the auditors' report or nine months after the end of the audit period.

Cause: The City was without a Finance Director for a portion of the year, resulting in the audit and single audit reporting package not being completed timely.

Effect: The City did not comply with the reporting deadlines of OMB Circular A-133.

Recommendation: We recommend the City establish procedures to submit the single audit reporting package within nine months after the end of the audit year.

 Menasha, Wisconsin
 Schedule of Prior Year Audit Findings and Corrective Action Plan
 For the Year Ended December 31, 2012

Status of Prior Year Audit Findings

The findings noted in the 2011 Schedule of Findings and Responses has been reported to the proper state agencies. Management continues to believe the cost to hire additional staff to eliminate the control deficiency identified as 2011-01, 2011-02 and 2011-03 outweigh the benefits to be received. Management reviews the financial report prepared by Schenck.

Corrective Action Plan for Audit Findings

Finding No.	Corrective Action Plan
2012-01	<p>Preparation of Annual Financial Report</p> <p>Management believes that the cost of hiring additional staff to prepare year end GASB 34 conversion entries and to prepare financial reports outweighs the benefits to be received. Management has reviewed financial statements and other information prepared by Schenck prior to issuance of the report.</p>
2012-02	<p>Capital Asset Additions</p> <p>Management believes the cost for additional staff time to maintain the capital asset records outweigh the benefits to be received. Management has reviewed capital asset records prepared by Schenck prior to issuance of the report.</p>
2012-03	<p>Financial Reporting for Federal and State Financial Assistance</p> <p>Management believes the cost of additional staff time and training to prepare these items outweigh the benefits to be received. Management has reviewed single audit reports and other information prepared by Schenck prior to the issuance of the report.</p>
2012-04	<p>Late Submittal of City's Reporting Package in Accordance with OMB Circular A-133</p> <p>The City has hired a Finance Director in October, 2013. The financial records and audit of the City will be completed earlier in future years, allowing for the submittal of the single audit reporting package within the prescribed time frame.</p>

MEMORANDUM

Date: November 27, 2013

To: Administration Committee
From: Pamela A. Captain, City Attorney

RE: Underground Storage Tanks (UST) Insurance (RENEWAL)

For your consideration attached is a summary of quotations for UST insurance coverage. You may recall that according to federal regulations cities must demonstrate financial ability in the case of a leak. In the past the City of Menasha relied on its bond rating to demonstrate financial ability. At this time we are not able to rely upon our bond rating. Over the past few years the Administration Committee recommended and the Common Council approved taking out UST insurance in order to be compliant with federal regulations.

We are looking for approval to renew the City's UST insurance coverage. If anyone is interested in reviewing the complete proposal it is available in the City's clerk office. We requested our insurance broker, through CVMIC, to seek quotations. We have two company quotations from which to choose. A third was priced over \$5,000 so it is not included.

SAMPLE MOTION:

To approve the renewal of the UST insurance coverage accepting the quotation of ACE American Ins. Co. for 1 year in the amount of \$3,880.00.

Arthur J. Gallagher Risk Management Services

RE: UNDERGROUND STORAGE TANK POLICY #G24735497 001
ACE AMERICAN INSURANCE COMPANY
EXPIRATION DATE: DECEMBER 31, 2013

Dear Mr. Brunn:

The captioned policy expires on December 31, 2013. Attached is the renewal quotation issued by the incumbent carrier, ACE American Insurance Company for your review.

We are not aware of any changes in your exposures to loss, nor are we aware of any changes in your business operations that would necessitate additional coverage options. Please notify us immediately if you are planning any new business operations.

We would like to outline the following notable points for your consideration:

- Any entity not named above, may not be an insured entity. This may include partnerships and joint ventures.
- The insurance carrier is ACE American Insurance Company.
- The A. M. Best rating is A+ XV. The A. M. Best Rating Summary is attached for your review.
- The renewal premium is \$3,880. A slight increased from expiring premium of \$3,528.
- Commission to Gallagher is at 15%.
- The premium is based upon expiring information and is not subject to audit.
- A renewal application is enclosed for your signature. Please review the renewal application and let us know if there are any changes to the information listed on this application.
- Please refer to the policy for the Claims Reporting Requirements.

Gallagher is responsible for the placement of the following lines of coverage:

- Underground Storage Tanks coverage

It is understood that any other type of exposure/coverage is either self-insured or placed by another brokerage firm other than Gallagher. If you need help in placing other lines of coverage or covering other types of exposures, please contact your Gallagher representative.

To renew/bind this policy, please refer to the "Client Authorization to Bind Coverage" page attached.

1. Note any changes you desire to be made on the renewal application.
2. Date and sign the Client Authorization To Bind and the Renewal Application and it's attachments.
3. Return the signed & dated Client Authorization To Bind and the Renewal Application via email or fax no later than December 20, 2013.

We appreciate your business and look forward to working with you in the coming year. Please contact me if you have any questions.

Sincerely,

Joann Le
Account Executive

PF-31181 (10/10) ACE TankSafe® Storage Tank Liability Insurance Policy

Endorsements: See Attachment A

Subjectivities: See Attachment B

Please read this quotation carefully, as the limits, coverage and other terms and conditions may vary significantly from those requested in your submission and/or from the expiring policy. Terms and conditions that are not specifically mentioned in this quotation are not included. The terms and conditions of this quotation supersede the submitted insurance specifications and all prior quotations. Actual coverage will be provided by and in accordance with the policy as issued.

The insurer is not bound by any statements made in the submission purporting to bind the insurer unless such statement is reflected in the policy or in an agreement signed by someone authorized to bind the insurer.

This quotation has been constructed on reliance of the data provided in the submission. A material change or misrepresentation of that data voids this quotation.

THIS BINDABLE QUOTATION SHALL EXPIRE SEVENTY-FIVE (75) DAYS FROM THE DATE INDICATED AT THE TOP OF THIS DOCUMENT OR NO LATER THAN THE INCEPTION DATE OF COVERAGE.

THE PREMIUM INDICATED ABOVE MUST BE REMITTED TO US WITHIN THIRTY (30) DAYS OF THE INCEPTION DATE.

Thank you for the opportunity to quote on this risk. For underwriting questions or concerns, please contact Carlos Mora at 2156405212 (phone) or Carlos.Mora@acegroup.com (email).

RESOLUTION R - 21 - 13

A RESOLUTION REGARDING THE OFFICIAL DEPOSITORIES OF THE CITY OF MENASHA

Introduced by Mayor Merkes

BE IT RESOLVED by the Mayor and Common Council concurring that the City of Menasha depositories for public funds will be as follows: First National Bank – Fox Valley and all other banks affiliated with First National Bank – Fox Valley in the CDARS and ICS Placement Network, US Bank of Menasha, Anchor Bank of Menasha, Associated Bank of Neenah and all other banks affiliated with Associated Bank of Neenah in the CDARS Placement Network, Lakeview Credit Union, and the State of Wisconsin Local Government Investment Pool.

Passed and approved this ____ day of December, 2013.

Donald Merkes, Mayor

ATTEST:

Deborah Galeazzi, City Clerk

FISCAL NOTE: This resolution allows the City to participate in the CDARS and ICS investment programs, with First National Bank-Fox Valley acting as the custodian, which provides additional protection of City Funds through the Federal Deposit Insurance Corporation. Peggy Steeno, City Comptroller/Treasurer
