

PUBLIC HEALTH DIRECTOR

About the Position

The Public Health Director is responsible for the successful operation of the Health Department and the Senior Center, and is charged with planning, implementing, and administering public health, school health, City safety, and consumer protection programs. The Public Health Director oversees eight regular full-time employees, five health aides, various temporary employees, and a number of volunteers. This position reports to the Mayor.

Education

A Bachelors Degree from a four-year college or university and a Masters Degree in Nursing, Public Health, Public Administration, or related field is required; a nursing background is a plus. And, a positive track record of continuing involvement in professional development is expected.

Experience

Requires experience in public health administration and public health nursing supervision. Knowledge of and practical experience in the areas of: senior center operations, environmental health, grant writing, and/or safety programs is strongly desirable. Must demonstrate strong management skills.

Preferred experience includes a minimum of three (3) to five (5) years in the field of public health administration; preferably as a department director or as an assistant director in a public agency of similar size or larger in comparison to the City of Menasha.

Essential Job Duties

- Directs and administers the operations of the Health Department and the Senior Center.
- Plans, administers, supervises, and participates in public health nursing programs, environmental health/consumer protection programs, and the City's safety program.
- Coordinates and supervises Menasha Joint School District school health programs and school visits by nurses and other departmental staff.
- Selects, trains, and evaluates health professional and support staff, and maintains administrative records.
- Evaluates and interprets present and potential health needs of the community and updates the community health improvement plan as needed.
- Prepares, presents, and administers the annual budget for the Health Department, Senior Center, and City Safety programs.

- Prepares grant applications, monitors grant activities, completes and submits required budget, program and other grant related reporting.
- Responsible for all required internal and external reporting and statistical recordkeeping with regard to the Health Department, Senior Center, and City Safety programs.
- Plans and promotes special public health programs and activities such as mass flu and immunization clinics.

Compensation

	Minimum	Midpoint	Maximum
Annual Salary	\$72,500	\$80,500	\$88,600

Ideal Candidate

The Public Health Director will lead and be actively involved in operations of the Health Department, Senior Center, and City Safety Program. Encouraging strong communications and community outreach will be a priority to deliver streamlined, customer-focused processes that enhance efficiencies and deliver quality service. An individual who has vision, insight, and experience to see the broader picture in terms of the community is desired.

The ideal candidate will be an excellent communicator with the ability to establish and maintain effective working relationships with citizens, elected officials, employees, and local, state, and Federal agencies.

A municipal government professional who is able to develop a high performing team, motivate, mentor, and delegate effectively will be successful. The successful candidate must demonstrate strong leadership skills and be able to encourage departmental ownership and accountability as well as organizational collaboration. The ideal candidate should be skilled in strategic planning, policy, and decision-making, as well as organization development and performance management.
