

Dear Friends,

In 2008, hundreds of Winnebago County citizens age 65 and over were victims of a crime. Others found themselves fending off frauds, scams and abuse and struggling to maintain a safe, healthy quality of life.

SALT is a national organization dedicated to the prevention of victimization and increasing the quality of life of mature adults. For the past 10 years, a local group of dedicated and passionate volunteers, law enforcement officers, and community members have been part of SALT. They have worked to educate other seniors about potential victimization by organizing workshops and seminars, volunteering at law enforcement centers, and advocating for senior crime victims.

As the number of people over age 60 in Winnebago County surpasses 27,000 it is more important now than ever to continue the mission of SALT. Please consider my personal invitation to become our partner in crime prevention.

Sincerely,
Erica Geschrei
Winnebago County
Crime Prevention Officer
