D. PUBLIC COMMENT ON ANY ITEM OF CONCERN ON THIS AGENDA

1. No one spoke.
E. DISCUSSION

1. **Lighting Standards for Residential Properties**
   CDD Keil explained he has drafted some language for the Police Department to review; will bring it back to Plan Commission once that review has taken place.

2. **April 14, 2015 Meeting Quorum**
   Commissioners discussed the agenda items and time sensitivity of the meeting. There was consensus to schedule the meeting pending receiving of all necessary materials in ample time to allow commissioners to review.

F. ACTION ITEMS

1. **Proposed Rezoning of Vacant Parcel Immediately East of 1233 Midway Road – Parcel #6-01635-00**
   Motion by Ald. Benner, seconded by Comm. DeCoster to recommend the proposed rezoning of vacant parcel immediately east of 1233 Midway Road, Parcel #6-01635-00 from C-3 Business and Office District to C-4 Business Park District. The motion carried.

2. **Proposed Rezoning of Parcel Immediately North of 1737 Racine Road – Parcel #4-00762-03**
   CDD Keil reported that conditional zoning on parcels cannot be done. Rezoning of the parcel would be a continuation of the industrial zoning on surrounding properties and that deed restrictions will be applied to ensure sufficient buffering for the commercial property to the north and the residential properties to the west.

   Commissioners discussed the following:
   - Timing of the rezoning in relationship to amending the comprehensive plan
   - Restrictive covenants to address the buffering of parcels to the north and west was well as taking into account the restrictions of planting material allowed under the high voltage wires and site lines for the driveway access on to CTH P.
   - Fencing

   Ald. Benner requested that the recommendation of the rezoning be held until the amendment of the comprehensive plan is brought to the commission. This would allow a landscape plan and site plan to be brought to the commission for review. It was recommended that the amendment of the Comprehensive Plan continue. No further action was taken.

3. **Site Plan Amendment – 600 Racine Street, Additional Parking and Stormwater Management Facilities**
   CDD Keil reported that the site plan meets requirements relating to the addition of the parking lot to the north, lighting, landscape and fencing on the north side be consistent with the height requirement of 4’ 6” within the 20’ right-of-way. The stormwater calculations have been submitted to the Public Works department for review.

   Commissioners discussed the following:
   - Fencing height and materials
   - Number of entrances off Racine Street
   - Landscape materials
   - Lighting

   Motion by Ald. Benner, seconded by Comm. Sturm to approve the amended site plan for 600 Racine Street for the additional parking and stormwater management facilities with the following conditions: lighting be brought to compliance, tapering of the fence within the 20’ right-of-way, remove some of the maple trees and bring in two additional species of trees and approval of the stormwater calculations by Public Works. The motion carried.

4. **Proposed Street Name Change – Province Link**
   Mayor Merkes indicated that a proposed street name change to Province Link would be to promote and honor the First Menasha High School football state championship. School district members along with the football coach and team members were approached with the idea.
The two ideas for the street name change were Korth Pass and Championship Lane.

Commissioners discussed the following:
- Association with school and this location
- Other streets that would be closer to school or stadium
- Effect on residents living on a street if a name change occurs
- Honorary street sign instead of changing a street name

The consensus of the commission was to research the topic and bring it back for consideration. No further action was taken.

5. **Relocation of Veterans Memorial from Menasha Public Library to Isle of Valor, Smith Park – Recommendation from Parks and Recreation Board**

Dave Mix, Veterans of Foreign Wars, presented the site plan for the relocation of the Veterans Memorial. Mr. Mix informed commissioners that the VFW Post 2126 has worked with the Library Board as well as the Park Board on this project. The area will be handicapped accessible and allow for veterans bricks to be placed in front of the memorial and purchased bricks to be placed behind the memorial. Mr. Mix also explained that a Historical Marker will be placed on the Isle of Valor by the Wisconsin Historical Society. Once the Letter of Understanding is signed, it will be brought to the city.

Motion by Comm. Sturm, seconded by Ald. Benner to recommend the relocation of Veterans Memorial from Menasha Public Library to Isle of Valor consistent with the recommendation from Park Board. The motion carried.

- Amending the Planned Unit Development District (PUD) Plan for Parcel Number 3-00798-00 and 3-00790-00 adjacent to Marina Place

Mayor Merkes opened the public hearings at 3:40 PM.

Due to related subject matter comments were received relating to both the amendments to the zoning district standards and the proposed rezoning of parcels from C-2 to PUD.

CDD Keil gave an overview of the purpose of the rezoning and how the rezoning relates to the project proposed to parcel numbers 3-00818-00, 3-00818-01, 3-00816-01 and 3-00817-01 as well as the amendment to the PUD for parcel numbers 3-00798-00 and 3-00790-00.

Sandra Dabill Taylor, 545 Broad Street, regarding proper public notice for the scheduled public hearings before the Plan Commission and Common Council and asked that no action be taken.

Dan Pamenter, 167 Main Street, indicated that he had not been given notice or knowledge to the construction plans. He expects more loyalty as a downtown business owner.

1. Sandra Dabill Taylor, 545 Broad Street, spoke regarding the proposed Amendment to the PUD District ordinance stating that half of the ordinance has been retracted. Questioned why the C-2 zoning district was not modified so any new buildings in the C-2 district could exceed 6 stories. Feels that we are changing the ordinance to fit the development. She is protesting the amendments to the PUD District as she doesn’t feel the public hearings should be taking place.

E. DISCUSSION

1. None.

F. ACTION ITEMS

1. Certified Survey Map – Winnebago Avenue
   CDD Keil informed the Commission that the land had been purchased, the existing ARC building has been razed and the Certified Survey Map prepared to create four residential lots. Access to Lot 1 is via a recorded easement over a portion of Winnebago Court, which is a private street. The lots proposed do meet the minimum lot size and minimum lot width per the zoning code. Motion by Comm. Sturm, seconded by DPW Radtke to approve the Certified Survey Map on Winnebago Avenue. The motion carried.

2. Amendment to Planned Unit Development (PUD) Ordinance
   CDD Keil explained the intention of going through the PUD zoning amendment. He also explained that the building has been presented to the Landmarks Commission where they unanimously approved a Certificate of Appropriateness and that the Landmarks Commission agreed that the proposed building is compatible and harmonious with the Upper Main Street Historic District. Motion by DPW Radtke, seconded by Comm. Sturm to approve the amendment to the Planned Use Development (PUD) ordinance to the Common Council as submitted. The motion carried.

3. Rezoning of Parcels (including Site Plan Review) from C-2 Central Business District to Planned Unit Development (PUD) and Amendment to PUD Plan

MEMORANDUM

To: Common Council
From: PRD Tungate
Date: April 15, 2015

RE: New Eastside Park Sponsorships

As you know, the City of Menasha is actively pursuing the development of a new park on the City’s rapidly expanding east side. In 2012, the City was awarded a Stewardship grant to acquire an approximately 5 acre parcel near the intersection of Villa Way and Lotus Trail. Since that time, the City has introduced plans (along with neighborhood input) to develop the land into a park for community use. The City has also developed an understanding between the Park Board and Menasha Rotary Club for the purpose of collaboratively fundraising and soliciting in-kind services to turn the plans to reality over the next several years.

Typically, in order to receive naming rights, an organization would contribute at least 50% of the value of the amenity to be named after the group. The naming rights would be awarded for the expected life of the amenity.

Sponsorship Levels for the park include:

- Naming rights for both play areas .................................................. $80,000
- Naming rights for park shelter ...................................................... $75,000
- Naming rights for large play area .................................................. $50,000
- Naming rights for small play area .................................................. $35,000
- Naming rights for “gathering patio” ................................................ $170,000-$175,000
- $15,000

In addition, there are opportunities for $125,000 of in-kind labor to assist in the construction of the park shelter ($75,000) and playground ($50,000), as well as smaller amenities including drinking fountain, bike rack, benches, etc.

As approved in the 2015 budget, the first phase of the development will be the purchase and installation of play equipment. If all goes as planned, this is expected to occur in the fall of 2015. At this point, Menasha Rotary has committed to installing the equipment during a “Community Build” (tentatively scheduled for late fall), where club members actually install the equipment with oversight from the equipment vendor. Additionally, Menasha Rotary will begin a campaign to raise money and obtain major sponsorship funding in conjunction with the City with a goal to raise at least $200,000 in cash and in-kind services. If the goals are met, it is expected that the Park Board will offer the name of “Menasha Rotary Woodlands Park”.

The development of the park is being eagerly awaited by the residents of Menasha’s growing east side. We look forward to working with Menasha Rotary as we move forward with this partnership to improve our community and provide yet another reason to choose Menasha as a place to call home.
Memorandum

TO: Common Council
From: Greg Keil, CDD
Date: April 16, 2014
RE: Rezoning of Parcels in the vicinity of Main and Mill Street from C2 to PUD

It has been called to my attention that a procedural error was made in notifying neighboring property owners of the proposed rezoning. Accordingly, the proposed ordinance rezoning the properties is not being advanced at this time. We have scheduled new public hearings for April 28, 2015 before the Plan Commission and May 4, 2015 before the Common Council. Proper notice of these hearings has been sent to neighboring property owners.
Memorandum

To: Common Council
From: Greg Keil, CDD
Date: April 16, 2014
RE: Schedule of Public Hearings on Zoning Changes

Public hearing notices were published on the proposed zoning changes prior to the meeting time of the current Common Council being changed from 6:00 PM to 5:00 PM. The hearing times were scheduled for 6:00 PM or shortly thereafter. Therefore the public hearings and action items associated therewith are on the new council agenda.

These items include the rezoning of the parcel adjacent to 1233 Midway Road, and the amendment to the PUD Zoning District Standards. The ordinance effecting the rezoning of the parcels in the vicinity of Main and Mill streets is being deferred due to a procedural error in the notification of neighboring properties as described in my other memo accompanying this agenda.
RESOLUTION R-15-15

Subject: City Clerk Appointment

Date: April 15, 2015

I would appreciate your support for my re-appointment as City Clerk for the City of Menasha. I have enjoyed the position of City Clerk since 2004 and wish to continue.

It is important to me that the day to day operations of the City Clerk's office run smoothly and I feel that is happening in the Menasha Clerk's office. I continue to advance my education when it comes to clerk related topics, which has greatly helped the clerk's office run smoothly.

As a member of the Wisconsin Municipal Clerks Association (WMCA), I am in my fourth year as the District VI Co-Director. Through that position I meet with other municipal clerks around Wisconsin to discuss matters pertaining to the clerk’s office. I help other clerks by teaching a clerk’s class at the Clerks and Treasurers Institute through UW-Green Bay. The past three years have been busy with elections and I feel the City of Menasha elections are conducted in a very professional manner.

I enjoy working with the residents of the City of Menasha and I have always tried to treat each resident on a fair and equal basis. I feel I do a good job at that.

I look forward to the opportunity to continue as City Clerk and to meet new and exciting challenges in the future.

Subject: Re: Sustainability Board

Ever since I can remember, I have been interested in the "outdoors." This led me to pursue an education in Geography, which is a unique study bridging the social sciences (human geography) and natural sciences (physical geography). To me, this is where sustainability lies. That is, it is upon us as humans to sustain our physical environment for us and future generations. To aid this effort, I bring over 15 years of nonprofit fundraising, communications and project management for environmental, social, and arts organizations. I look forward to applying this experience to achieve Menasha's sustainability goals.

ORDINANCE O-7-15

Introduced by Mayor Merkes at the recommendation of the Plan Commission.

The Common Council of the City of Menasha does ordain as follows:

SECTION 1: Repeal and recreate Title 13, Article C, SEC. 13-1-33(a) and SEC. 13-1-33(c) of the Code of Ordinances of the City of Menasha, Wisconsin as follows:

TITLE 13 – ZONING

CHAPTER 1

Zoning Code

ARTICLE C

Zoning Districts

SEC. 13-1-33 PUD (PLANNED UNIT DEVELOPMENT) DISTRICT.

(a) **INTENT.** It is the intent of the City of Menasha that planned development be encouraged for those areas of the community now developed or undergoing redevelopment, and in those areas which, in time, would be annexed to the City. More specifically, it is the intent to:

1. Promote and permit flexibility that will encourage a more creative and imaginative approach in development and result in a more efficient, aesthetic, desirable and economical use of land, while maintaining intensity of use consistent with the adopted comprehensive plan.

2. Provide minimal effect upon adjacent properties and existing development. To this end, the Plan Commission may make appropriate requirements.

3. Promote development that can be conveniently, efficiently and economically served by existing municipal utilities and services or by their logical extension.

4. Promote flexibility in design, placement of buildings and use of open space, pedestrian and vehicular circulation facilities and off-street parking areas in a manner that will best utilize the potential of sites characterized by special features of geography, geology, topography, size or shape.

5. Provide, where it is shown to be in the public interest, for the preservation of historical features and such natural features as streams, drainage ways, floodplains, ponds, lakes, topography, rock outcroppings, unique areas of vegetation, stands of trees and other similar natural assets.
(6) Provide for more adequate recreational facilities and other public and common facilities than would otherwise be provided under conventional land development.

(7) Provide for the enhancement of the natural setting through careful and sensitive placement of man-made facilities and plant materials...

(c) **DESIGN STANDARDS.** Even though PUD's purpose is to permit flexibility of design, certain standards must be applied to insure compatibility of the project with the intent of this Chapter. These standards are:

1. **Permitted Uses.** Uses eligible for inclusion in the PUD include any use listed as a permitted use or special use in the zoning district that the subject property (ies) was (were) located within immediately prior to the requested zoning classification change to PUD. Normal permitted uses are those of a residential character including single family (detached or attached), two (2) family and/or multiple family dwellings, churches and the usual accessory buildings, such as garages, storage space, maintenance structures and buildings for recreational purposes. Commercial uses, limited to those specifically approved by the Common Council, are permitted, provided that such uses are primarily for the service and convenience of the residents of the development. Such commercial uses are encouraged to be located within residential buildings. However, if such uses are proposed to be contained with a separate freestanding structure:
   a. They must be so designed to reflect the residential character of the development; and
   b. They may contain an identification sign of no more than four (4) sq. ft., placed flush on one (1) wall and generally not observable from the periphery of the development.

2. **Harmony With Surrounding Uses:** The uses and design of the PUD will be harmonious with the character or the surrounding area in terms of density, intensity of use, size and heights of buildings, architecture and other impacts.

3. **Tract Size.** The minimum size tract for a PUD is one (1) acre.

4. **Parking.** All parking shall generally comply with the requirements as set forth in Article E. Any variation from these requirements shall be noted on the PUD plan and any subsequent approval thereof. Parking lot design consideration shall be as follows:
   a. Parking areas shall be treated as an integral part of the development in scale, location and character;
   b. Parking areas shall be so arranged to discourage through traffic;
   c. As appropriate, parking areas shall be screened from adjacent structures and streets with hedges, plantings, fences, earth berms, changes in grade and/or other similar examples; and
   d. Parking areas shall be so designed to allow for drainage of surface water without erosion, flooding and other inconveniences.
Harmony With Surrounding Uses: The uses and designed of PUD will be harmonious with the character of the surrounding area in terms of density, intensity of use, size and heights of buildings, architecture and other impacts.

Open Space. A major portion of any PUD is its open space. The desirability is closely tied to the integration of open space with the total development. The intent statement of this Section sets forth the overall objective desired for PUDs. Therefore, no quantitative standards are stated in this Section. Quality standards acknowledge the separate and multiple functions of open space: active recreation, passive recreation and preservation of natural site amenities. In designing the PUD, consideration shall be given to such functions.

Shoreland Setbacks.

a) For parcels annexed to the City of Menasha after May 7, 1982 the following standards shall apply:
   1) Shoreland setback area for a principal building - 50 feet as measured from the ordinary high water mark, except that a principal structure may be constructed or placed within the shoreland setback area if all of the following apply:
      a) The principal building is constructed or placed on a lot or parcel of land that is immediately adjacent on each side to a lot or parcel of land containing a principal building.
      b) The principal building is constructed or placed within a distance equal to the average setback of the principal building on the adjacent lots or 35 feet from the ordinary high-water mark, whichever distance is greater.

   ...

SECTION 2: This ordinance shall become effective upon its passage and publication as provided by law.

Passed and approved this ___ day of April, 2015.
