Q8 The simple definition of an illegal firework is a pyrotechnic that goes up in the air or explodes. A permit issued by the municipality where a device would be set off must be issued for a firework to be legal. Illegal fireworks do not include snakes, cones/fountains that emit sparks and sparklers. To assist public safety personnel in prioritizing resources, please indicate which of the following, if any, you would like to see additional enforcement of:

7	We have had damages due to bottle rockets and others I don't know what they were. They melted our deck canapé, grass, shingles. Clog the eve's. Our dog barks and runs around the house to the point of us having to yell at her. Over there constance blowing them off. We have never called the police but wanted to. One neighbor went and purchased a loud one and set it off at his yard line by there bedroom windows early in the morning a few hours after they stopped. Pretty bad when it gets to that point. I've heard the the police won't come, so more and more are doing it.	5/11/2018 1:02 PM

I don't like it when they light them in the streets on 4th of July and then cars drive over them. There is a lot of traffic at the time people are lighting them! Maybe there could be a safe launch pad where people could go to light fireworks and others could enjoy! 83	Neighbor hit me with fireworks on New Year's Eve (physically hit my person with a rogue firework that shot across the street) and didn't even apologize. Burned my porch in multiple places, my rug and scared the crap out of me. Luckily I wasn't injured but it could've been much worse.	5/4/2018 10:52 AM
84	Mostly concerned for fire hazard. Roofs burn. Trees burn.	5/4/2018 9:57 AM
85	This is my view how much is the permit to do those fireworks legally also I can see narrowing the time fireworks are done I'm good with July 3-5 should be okay but it is an issue when people start in June and are still doing them till the middle of July and it's that one at a time situation do them all it's entertainment and then be done. I really would like fireworks be settled by saying if I can legally buy it then I should be able to light it off	5/4/2018 9:52 AM
86	Also depends on the I Q level of the person using the items. I have a neighbor who set off bottle rockets one landed next to me in my back yard before exploding. Another landed on my roof.	5/4/2018 9:41 AM
87	Enjoy the freedom to celebrate wisely!	5/4/2018 9:33 AM
88	Mostly would just worry about week night non holiday noise.	5/4/2018 9:21 AM
89	I don't understand why you would bother to try to determine what was used and then decide where it fits on the list to enforce it. It you see/hear it, find it and enforce it. Pets don't care what kind it is. Fires don't care what kind started them. Garbage lands in yards from all kinds. What it comes down to is "the rules don't apply to me" attitude many have. It isn't about the type of fireworks.	5/4/2018 8:54 AM
90	Only the real loud ones, like M80s.	5/4/2018 8:37 AM

1	July 4th is the worst!!! For four days there are near constant fireworks in my neighborhood and surrounding environs By the third day, I feel I live in a war zone and am ready to rent a hotel room. My dogs are petrified of fireworks. Due to the fireworks, I am considering relocating to someplace that is less enthusiastic about fireworks.	5/15/2018 2:22 PM
2	I think if the fireworks could be kept to July 4th we could appreciate that it would end soon. It's when it drags on that it becomes a nuisance.	5/14/2018 10:07 PM
3	The pendulum needs to swing back the other way. People are to easily bothered or offended. I love fireworks, and I like spending money on them. We are safe and courteous. Family, friends, and neighbor's enjoy our fireworks.	5/14/2018 8:44 PM
4	They are just celebrations, enforcing these dumb laws for small fireworks just makes the public feel worse towards law enforcement	5/14/2018 8:33 AM
5	My dogs can't go out for many of the summer months because of out of town guests coming up to summer homes. They wouldn't like it in their home town.	5/13/2018 8:58 PM
6	Louder the better.	5/13/2018 7:07 PM
7	In our neighborhood, we mostly have fireworks going off only on 4th of July (or all that weekend) and New Year's Eve, and I think we can put up with it those few days.	5/13/2018 12:20 PM
8	4th of July is a celebration, a day of remembrance of how lucky we are to be in this wonderful country, so fireworks are a welcome reminder. We have pets, but aren't bothered by the noise. When moving to Menasha about 8 yrs ago, we found it "homey" and the 4th was fantastic with celebration in contrast to other cities. Also love Santa at Christmas time. I wouldn't change a thing.	5/13/2018 11:14 AM
9	There are two things, enforcing the sale of the FW, and enforcing the use of the FW. Good luck!	5/13/2018 5:01 AM
10	I would like strict fines imposed on the use of illegal fireworks. It would be one thing if it only lasted for a few days, but it goes on and on...	5/12/2018 10:19 PM
11	I've been tempted to call police several times over my 10 years in this community due to fireworks, but have always feared that nothing would/could be done about it because of the difficulty in knowing exactly where the fireworks were launched from. Is it still worth logging a complaint regardless of this fear?	5/12/2018 9:45 PM
12	Bottle rockets and loud firecrackers, loud explosions are extremely stressful for my dog.	5/12/2018 2:18 PM
13	I understand the fun of it all but there has to be a noise ordinance established. A timeframe when folks can shoot fireworks off. One day prior to the 4th until one day after. And absolutely no rocket bottles and the crack and boom mortar ones, if that's what they are. I jump, the cat shakes and shivers, and it's simply uncalled for.	5/12/2018 11:36 AM
14	I absolutely love fireworks and think the illegal band of larger fireworks should be lifted as long as those who are lighting the fireworks take the safety instructions seriously!	5/12/2018 11:21 AM
15	No	5/12/2018 10:56 AM
16	I enjoy the celebration of the 4th in our neighborhood, when we do move, that is what I will miss the most I think. Please don't stop it. If anything, enforce a noise ordinance after midnight.	5/12/2018 10:50 AM

17	Everyone loves Fireworks! I have organic peanut butter relaxation bars for dogs that are bothered but some dogs go hunting and are not bothered at all. Michigan changed their laws on fireworks and allows all class c consumer fireworks during the holiday time. Check with them. There is huge sales tax revenue that helps Michigan from the stores that sell fireworks. And summer jobs! It vaies greatly in northeast Wi as to which communities allow up in the air fireworks or just ground shows. The class C cinsumer fireworks aren't illegal. If you shoot them without a permit then you are shooting illegally. People confuse this. If you obtain a permit for anything that goes up in the air or bangs...You are perfectly legal. So the fireworks aren't illegal....You have to shoot them legally. Happy 4th of July!!	5/12/2018 9:19 AM
18	Illegal fireworks are just that—illegal and should be policed. They are very disturbing to our family. It's unbelievable that a neighbor had to post a sign a member of their household has PTSD and that neighbors still set off rockets. We need police assistance with the illegal fireworks. Thank you for this survey.	5/12/2018 8:38 AM

22	Fireworks are a fantastic way to celebrate the holidays. If pets are a concern, some local Fireworks shops have all natural, anxiety reducing treats/drops for these pets. People need to make sure they practice safety while shooting, but overall it's supposed to be a time of fun and celebration	5/12/2018 12:41 AM
23	Make only certain time of day (830-1030) to celebrate with fireworks (the 4th and the friday and saturday after) if the 4th lands on a Wednesday then the fri/sat before and after	5/11/2018 11:36 PM
24	it is fine to do fireworks,and I do love them, the week of the 4th of July. But I think they should be done by a reasonable time , say 11:00pm. The problem is with the pets. we have 2 dogs that freak out and so do a lot of others have this problem. They won't go out to go to the bathroom and stress out in the house. Last year we had some nearby neighbors that started shooting fireworks at 1:00 am. Went on for about 10 -15 minutes. I think people should be fined as a noise ordinance if it goes on after 11:00.	5/11/2018 11:04 PM

26	Fireworks are a part of summer. If there being lite off very late like after midnight then I could see some action being taken if there are complaints otherwise let kids be kids and crazy uncles be crazy uncles with bottle rockets!	5/11/2018 10:28 PM
27	The amount of noisy fireworks has increased a tremendous amount in just the past few years. And not just on the Fourth of July. We have called the police about several neighbors, and spoken to them. Once we or the police are gone, it starts up again. Seemingly there are no consequences for breaking laws for illegal fireworks or disturbing the peace, so they don't stop.	5/11/2018 9:41 PM
28	I reside near Riverside Park and neighbors shoot off fireworks all day long - well within earshot of the police in the park. The fact that nothing is done when the police are there to hear what's going on is a clear flaunting of the law and undermines police stature in the community.	5/11/2018 9:37 PM
29	I have no issues with fireworks and our family enjoys them.	5/11/2018 9:01 PM
30	Eliminate sale of all illegal fireworks in community.	5/11/2018 8:41 PM
31	As long as people aren't firing them at people or in dangerous places, I don't see an issue, but like anything, certain people will ruin it for everyone.	5/11/2018 8:03 PM
32	The only thing I'm concerned about is the number of complainers in this city.	5/11/2018 7:29 PM
33	Why does the city of menasha cops let some people get away with discharging load fireworks all night long and others get busted and its really bad to let them get away with it on a week day	5/11/2018 7:16 PM
34	No	5/11/2018 6:50 PM
35	The 4th of July should be the only day you do not give a fine	5/11/2018 6:15 PM
36	I believe if the are being used the proper way at a reasonable time of day (before 10pm) there shouldn't be a harsh penalty. But if after 10pm or used in ways not intended, such and shooting at people or property, there should be a reckless endangerment type ticket	5/11/2018 6:07 PM

37	Fireworks on Doty Island have gotten to be ridiculous. Last year was so bad, we spent the night in a hotel. It stresses my pets, which in turn stresses us. My husband and I have to work in the 5th and it is difficult to sleep when firecrackers are going off at all hours of the morning. I'm not kidding, it is like a war zone. I feel so sorry for veterans that have PTSD. I'm all for city fireworks and legal fireworks but when the neighbors illegal fireworks land on my roof, I am very concerned about the damage they can cause.	5/11/2018 5:41 PM
38	I dont mind the week of July 4th, but not weeks before or the weeks after.	5/11/2018 5:03 PM
39	Whether it be Noon, or the middle of the night, those with fireworks do not appear to care if neighbors and/or their animals suffer from high anxiety or in some cases PTSD. I would like to see (and hear) more respect for others when it comes to fireworks. I also do not want a fire on my roof! Thank you for this survey.	5/11/2018 4:55 PM

53	Glad you are looking into. People need to see more of a police presence these days because they try to stretch the rules every way they can. I see more not stopping at a Red light on a right turn. Not stopping for folks in cross walks. Speeding and passing recklessly. Not stopping on red flashing lights. Railroad tracks, they go before the lights stop (my husband was ticketed for in menasha). Parking on the wrong side of the street. Need more police presence.	5/11/2018 1:02 PM
54	Thank you for doing this survey! Hopefully Brown County will tighten down this nonsense.	5/11/2018 12:54 PM

64	thank you for addressing this significant situation	5/11/2018 10:26 AM
65	I think people should be able to use fireworks that are not mortars and not booming loud on the 4th of July and possibly other times if they are contained to their property and cannot be heard be the neigborneighbor. By Clovis Grove area, we had neighbors who shot their fireworks over our yard and the streets intermittently for hours on end. In addition to being disrespectful to others, I worried about damage and fire to our home. That should never be allowed. Really, I don't like the mortars shot outside of professional displays because they inevitable fly and land on other people's propert. Those shooting them have absolutely no right to put debris, fire and safety hazards on the property of others. Plus the intermittent loud booming fireworks noises are extremely rude and frightening to people, children and pets.	5/11/2018 10:26 AM

69	The person who fire off the fireworks must be responsible for the clean up.	5/11/2018 9:32 AM
70	Illegal fireworks tend to be less of a safety hazard and more of a noise complaint. Random bottle rockets in the middle of the night late into July is more of a nuisance than anything. Enforcement would seem to be a difficulty as many times it is just one or two illegal fireworks being used at a time so finding the source of the noise is difficult. Raising public awareness of the problem would do more to help people know how discourteous it is to be using illegal fireworks at random night-time intervals throughout the summer.	5/11/2018 9:31 AM
71	I thought there were special ordinances/fines to address illegal fireworks. They are unsafe and prohibit the quiet enjoyment of my own home/backyard.	5/11/2018 9:26 AM
72	The only problem I see with use of illegal fireworks is when they are being used too late. Maybe only respond to calls when it's after 11:00 PM	5/11/2018 9:13 AM
73	We have called the police before. We generally would not confront anyone directly because so often the perps are drinking.	5/11/2018 9:00 AM
74	yes, the guy on the north end of the 700 block of Arthur street lights off a ton of stuff the whole week of the 4th. I've had burn holes on my deck and crap all over my roof. Thanks	5/11/2018 9:00 AM
75	We leave town every year for the week of the 4th. It wouldn't be so bad if it was just on the 4th, but the fireworks are going off for weeks before and after the holiday.	5/11/2018 8:59 AM
76	Fireworks that leave the ground should not be allowed in any residential neighborhood or subdivision. The people using them are careless and leave a mess on yards and buildings. They should point them towards their own house rather than at all the neighboring houses.	5/11/2018 8:55 AM

81	Fireworks happen near Geneva Rd throughout the warmer months on the weekends. We routinely get woken up on the weekends and it really impacts our dogs to the point that we must give them melatonin to stay calm.	5/11/2018 8:28 AM
82	I understand wanting to celebrate the 4th of July but the use of noisy and dangerous fireworks has gotten out of hand and people should have a cutoff date once the 4th has come and gone and the fireworks should stop by 10 p.m. so people who have to work the next day can get some sleep.	5/11/2018 8:15 AM
83	We had a bottle rocket land on our covered porch on our first year in our new neighborhood, while we also had a 2 week old baby we were trying to get to sleep. Scared us terribly and thought we were under attack. Very annoying and a nuisance. We now have a dog who is deathly afraid of fireworks and shakes uncontrollably during fireworks.	5/11/2018 8:13 AM

84	I've had illegal fireworks from neighbors land in my yard which is both a fire risk and a risk to my pets. In addition, it's not just property and pets. It's also people with anxiety disorders and PTSD who struggle. I wish they were truly illegal and any private use was banned.	5/11/2018 8:13 AM
85	The airborne fireworks etc during 4th of July week do not bother me much (although my dog freaks out the entire week), but over the last few years the use has spread through out the summer. Common courtesy has also seemed to decrease with fireworks going off into early morning hours. My biggest complaint with fireworks is the proliferation of the loud booms at all hours of the day and night. These bother both my dogs and myself. I would like to see the booms stop and limit the other fireworks to 4th of July week.	5/11/2018 8:12 AM
86	No place for illegal fireworks in town. It is disrespectful to people with pets and PTSD. Designate an area outside of town where people can set off illegal fireworks if they have to.	5/11/2018 8:09 AM

91	Be respectful. Neighbors and police alike. Society will always have those who take it to far. Having the police stop by and explain someone is not happy would go farther than having to watch your back like a death squad is patrolling when you light a bottle rocket. My neighbor likes to shoot of a firework when the Packers score!! I don't mind. 4th or not. It always never made sense to have "illegal" fireworks. I always thought it was another way for the city to make money. Literally anyone can buy them.(18+)And then it's like " ope, hey, that's illegal, here's your fine." Counterintuitive. And don't police have many more serious concerns? Yes some idiot burns himself or loses a finger when doing something stupid. But someone kills themselves or someone else or both daily on our roads here in Wisconsin. I don't think fireworks are nearly as lethal as some people's driving methods. And those idiots get to do it everyday.	5/11/2018 7:24 AM
92	This really is a problem, and thank you for addressing it. It is important that neighboring communities do the same. Fireworks are dangerous, and we are lucky to live in communities that sponsor free, amazing fireworks shows. There is no need for people to set off fireworks at home. Thank you.	5/11/2018 7:18 AM
93	Leave the people alone	5/11/2018 7:17 AM
94	I have never liked laws against fireworks...at certain times of the year. A few days before or after July 4th, special occasions like new years, Packer game victories, etc. I don't mind some fireworks going off during the day or right after dark. Late at night is probably the worst. I live quite a distance from the square in Menasha, but every New Year's Eve my house shakes (probably because of the cold clear air and lack of leaves on trees) from the fireworks. You can't have it both ways. If you are going to crack down on individuals, then the city shouldn't be making the noise either, even though it is done by "licensed professionals."	5/11/2018 7:12 AM

115	Not only the potential of a fire hazard, but I don't enjoy finding bottle rockets in my yard or on my vehicle or in my rain gutters. It's just a matter of time before someone gets seriously hurt by some moron shooting off mortars. And how is it that the fly by night fireworks stands that pop up all over can be selling illegal fireworks??? Also it seems like everyone really likes lighting stuff off, but not cleaning up their mess they leave out in the street. Traffic shouldn't have to stop because people are lighting stuff off out in the street. Make it illegal to sell illegal fireworks in the state. that little disclaimer they make you sign or pay \$2 for is a joke. Pot is illegal, and you don't see stands set up at gas stations selling it. Residential areas certainly are not the place to be lighting off sketchy chinese made explosives. And of course the majority of the people that support allowing illegal fireworks, are the ones who annoy their neighbors with them. When the city does their show on the 4th, they are set up with a controlled area, licensed pyrotechnicians shooting them over the water and the fire department is on hand, they're not shooting them off over in Bob's backyard half drunk.	5/11/2018 3:26 AM

163	I think, aside from community members with PTSD and community members that choose to light the large, truly dangerous fireworks off, that it's really a noise/timing issue. If there were a curfew of 10pm for fireworks, or possibly pushing that noise window later for the days surrounding the 4th I think it would at least alleviate concerns about having to listen to loud bangs at 3am. Myself and my children personally really enjoy seeing fireworks go up around the neighborhood, especially right after the excitement of the city fireworks when we just want to see a few more bursts before we go to bed. It's nice to see a handful pop up over the treeline on the way home afterwards as well.	5/8/2018 12:22 PM

165	It seems that use of repeatedly loud fireworks has increased over the past years. I don't mind it so much on July 4, but when the holiday falls on a weeknight and I have to get up early for work the next morning, it can be tiresome. I also greatly dislike the frequent use of them... it seems that they are being used 1-2 weeks around the holiday, which seems excessive. I would talk to a next door neighbor if I was bothered, but most of the time, I have no idea where they are being shot off. It could be blocks away.	5/8/2018 8:08 AM
166	Every year my pets , husband and I are frightened and our lives disturbed by this invasive, dangerous and selfish form of entertainment. It's not legal, yet it is allowed. I call the police, complain to those involved and basically get laughed at. This needs to stop this to regain peace in our neighborhood. There are control displays and this is where these folk can get their fireworks fix, no in our living area. It is so dangerous. Each time they do it I flinch in fear of fire or injury to life and home. Please have extra patrols on at this time of year so they can respond to complaints!!!!!! Mimi Robertson	5/8/2018 7:40 AM

I think this could be addressed by asking your neighbors and telling them why you would rather not have this in your close proximity. They could take those members for the evenings into a basement or use headphones too.	5/6/2018 9:43 AM

199	I live across the street from Jefferson park. I myself enjoy all of the celebration of the 4th of July. I do however understand the struggles of pet owners and especially victims of PTSD. 204	I live in the 800 block of Broad. I feel that certain neighbors in the Jefferson Park area feel exempt from the city ordinance because of there location to the Park. It only takes a certain few House to make the experience bad. If a ordinance was made the certain few could be responsible for their actions and not make it unpleasant for everyone.	5/6/2018 8:19 AM
205	Our dog hides every year from about July 1 to July 10 because of the fireworks. I don't mind July 4, because of the holiday, but the rest of the time, it's difficult to have to tranquilize her and keep her on a leash in our yard (it's fenced) so she can do her duties without running to hide everytime a firework explodes.	5/6/2018 7:08 AM

258	Maybe more regulations about fireworks on days around the 4th? I've had to deal with late night fireworks for up to a week's time in the days before/after the actual holiday. Those of us with kids/pets/early wake-ups (not to mention verterans who are stressed by loud noises) can prepare for one day; but multiple days surrounding the 4th is too much!	5/5/2018 9:35 AM

271	Last year there were folks who shot off fireworks consistently aground 3-4am. It went on for 15-20 minutes or so. The other issue is concern for my house/neighborhoods burning. The fireworks near my older neighborhood (E Wisconsin Ave) were REALLY bad! I didn't want to walk my dog for weeks. Was scared to leave my home unattended (fires). Was a huge issue last year. Not sure where the police were through all this but it sucked.	5/5/2018 7:34 AM

291	Last year my dog died on July 2 because of the stress from my neighbors fireworks. They were the very loud, left the ground and rived that of Community Fest. We could not get away from the noise in my home. I closed all the windows, turned fans on, but the windows still shook. She went into distress, her stomach flipped and I lost my faithful companion of 14 years. I called the police, saw them arrive while I left to go to Animal referral, saw my neighbors light a firework that exploded in the sky, but nothing happened to my neighbors. They stopped for the night and resumed letting their fireworks off the next night. I would like to see these types of fireworks banned and also confiscated if the police are called. We don't let people keep their illegal drugs, why do we let people keep their illegal fireworks.	5/4/2018 11:12 PM
292	We live near a park, where older kids often go to light off fireworks (especially after the city fireworks on July 4). It is concerning because not only are they setting them off during a time of high traffic (when cars are detoured off certain blocked-off streets and there is a lot of foot traffic returning home), but also because no care is given to where the fireworks land; it could be in a tree, it could be on the school, it could be on a neighbor's property. None of the debris is cleaned up—it's all left to smolder and litter the area, or for kids to find at the park the next day. Also, it used to be just a night or two around the 4th that people would set off their fireworks, but now it goes on almost nightly for nearly two weeks. It was difficult having newborns and toddlers during that time, finally getting them to sleep only to have them wakened by a sudden nearby explosion. And the pets are traumatized every year by it.	5/4/2018 11:01 PM

My yard caught on fire last year from debris from my neighbor's illegal fireworks. My dog won't go potty outside. My cats hide. My kids cry. And there should be NO places allowed to sell fireworks like these. People who possess illegal fireworks should have them confiscated. I feel so bad for veterans with PTSD - our city's abuse of illegal fireworks is shameful and careless to those that have served our country. Further, we've been nearly hit with fireworks walking home from Menominee Park. Very scary. Very dangerous. It's like giving a bunch of untrained people guns, but these are explosives - something very wrong with that.	5/4/2018 4:41 PM

I take issue with it when it happens in an "off-time" like a random day or week in October or February where it seems totally inappropriate. I know it may be difficult to "selectively" enforce ordinances, but from my perspective fireworks going off in late June to early July signal a celebratory time of year but outside of that seems imprudent and purposefully annoying.	5/4/2018 3:54 PM

484	Overall I do not care if neighbors set off fireworks on the 4th as long as they are done by 11 or so, anything after that is ridiculous. There are people who will set them off until the early morning hours and those are the people who are the nuisances. The day before and after the 4th I am OK with them until a bit earlier (9:30 or so) but when someone is lighting off fireworks weeks or months before or after the 4th then there is an issue that should be addressed. If people are lighting fireworks people also need to be concerned about the waste from the firework, a mortar for example just has paper that falls down while others have plastic pieces that fall. Last year I had a rather large plastic base from a rocket style firework that fell on my metal shed, luckily it was just my shed and not the neighbors car that is parked a few feet away.	5/4/2018 12:33 PM

Right around the 4th, I'm not too concerned, but all summer long? And usually doesn't start until 10PM, and at times have been launched at 1-2AM. I really don't mind the noise, but I know others do.	5/4/2018 11:47 AM
502	In my neighborhood the fireworks start in May and end in August,its really ridiculous.They were shooting them off last night.My dog is up all night long crying so therefore my husband and myself get no sleep on top of listening to fireworks.Wheres the compassion for the working class? Makes for a very irritating 3 months.	5/4/2018 11:47 AM
503	No	5/4/2018 11:34 AM
504	I have a 15 year old dog that stresses a great deal. There are outside animals in the wild. There are veterans with PTSD. I worry about grass and roofs starting on fire. Make selling them illegal as well! That's a no brainer.	5/4/2018 11:29 AM

506	NA	5/4/2018 11:26 AM
507	My main concerns are the noise late into the night, (lack of respect for others), and a concern of fire over the whole "what goes up must come down" thing and you see exhausted fireworks that have landed on rooftops and thank goodness it didn't start a fire., this time, I fear a fire.	5/4/2018 11:22 AM

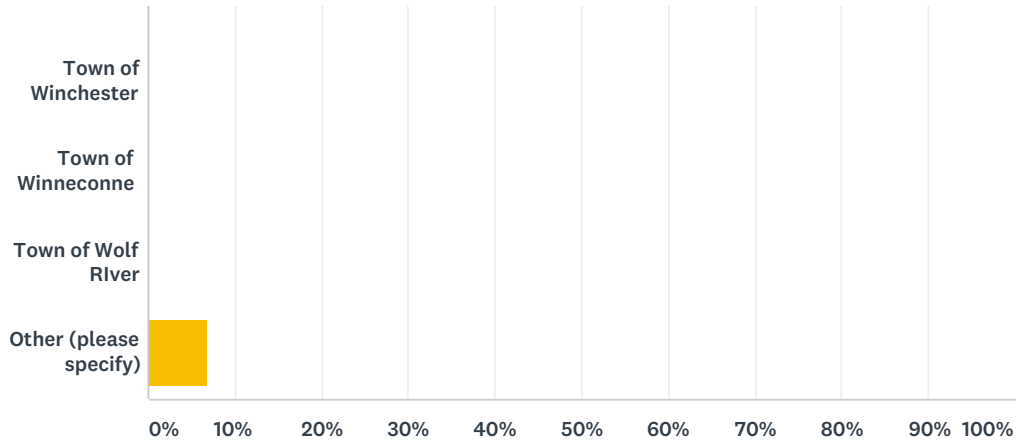

508	No	5/4/2018 11:21 AM
509	More enforcement between the hours of 11pm-2am when fireworks are shot of the most on New Year's Eve/Day and July 4-5 should be a top priority for police when anything is shot into the air. An increase in fire/paramedic should also be made available due to people shooting fireworks off for children, friends and other family members due to the dangers. Hospitals should also have more on staff in the ER than normal.	5/4/2018 11:19 AM
510	I think some people are trying to out do each other. Who can have the biggest firework show in their backyard?	5/4/2018 11:16 AM
511	Only allow them on the 4th of July. We are celebrating independence from a tyrannical government. If ya can buy em....let it be for one day. People are gonna still light them off whether or not it is illegal to do so. Why waist patrols on such things.	5/4/2018 11:06 AM

513	People just want to have fun and give their kids something beautiful to look at. Its hard to decipher between those with good intentions and those who are careless and take unnecessary risks. Good luck!	5/4/2018 10:52 AM
514	I realize this comes with the Fourth but my dogs are so afraid they will not go out at all. Makes it miserable for them and me.	5/4/2018 10:42 AM
515	I have no issues with ANY fireworks on the 4th of July (or the day before/after). I think those days it's expected and part of the holiday and would not want to see anyone get in trouble for those few days. I have issues with fireworks the rest of the year. I live in the middle of the city and fairly often throughout the entire summer there are people a block or so away that decide to do fireworks. My main concern is how stressed it makes my dog.	5/4/2018 10:39 AM
516	I have called multiple times on neighbors allowing children to light firecrackers off with nothing being done. Last year i called and no one came 20 min later the child was sent to the hospital for injuries	5/4/2018 10:32 AM
517	The past 3 years my neighborhood has seen a large increase in the use of fireworks. I have been told by several of my neighbors that it causes a lot of stress to them as well as their pets. It used to be a nusciance, but it's become a stressful problem!	5/4/2018 10:29 AM

519	Excessive acceleration at intersection of Oak and Division. Neenah	5/4/2018 10:24 AM
520	Illegal fireworks are an issue YEAR ROUND. A cavalier attitude towards illegal fireworks has been taken for too long. Fireworks should not be started in June and end in August, as is common in my neighborhood. Last year people near us were setting them off in December with no warning.	5/4/2018 10:09 AM

526	Let the people have fun	5/4/2018 9:28 AM
527	Non holiday week nights and after 10pm should be monitored and shut down, other than that I don't think it is a problem. Excessive/constant use should be dealt with individually. No more fines for things like this are needed.	5/4/2018 9:21 AM
528	N/a	5/4/2018 9:14 AM
529	Let them have fun it's only one week of the year people just make to much out of nothing	5/4/2018 9:13 AM
530	Only that is not year round, only on the 4th for a weeks or so. Most are considerate but bottle rockets and air displays from back yards concern me due to fire and property damage if they land on property. Especially if dry and could cause a fire. Other than that I think we are pretty civil when it comes to celebrating...Only once a year...	5/4/2018 9:11 AM
531	The law is kind of a joke so I would rather see the law overturned and replaced with time guidelines. I don't have a problem with fireworks as long as they are not after 10pm.	5/4/2018 9:00 AM

532	There are so many places to buy illegal fireworks, all outside the city limits. But most people fire them off inside the city. Need to find a way to keep these outside the city limits!	5/4/2018 9:00 AM
533	There is no need for new laws, no need to categorize fireworks beyond legal and illegal. Just crack down on the existing laws. Let people know the rules do apply to them and will be enforced.	5/4/2018 8:54 AM
534	Noise issues are never fully addressed	5/4/2018 8:39 AM
535	It is the large aerial displays with falling debris that is most disturbing. Talking with these people does not deter them.	5/4/2018 8:30 AM
536	Only dislike about fireworks is lighting them off between 12a and 6a.....especially when I have to be up at 4a for a 12 hour shift at the hospital.	5/4/2018 8:26 AM
537	My biggest concern is damage to property and house fires if one of the fireworks that goes up and explodes in the air might land on my roof. I don't mind people setting off fireworks during the days surrounding the Fourth of July, but if it's after midnight it is definitely a disturbance.	5/4/2018 8:24 AM
538	Start a serious campaign to get the sales stopped statewide. Set fines higher in residential areas, double fines each time of offense. Make the fines high enough to discourage. Set fines even higher when children are present. Add more \$ to fines when debris from fireworks is found on neighboring roofs or yards. Start an ad campaign now to educate about the effects on people with PTSD and pets. My dogs are traumatized for weeks. It's a miracle that the old spruce trees in our neighborhood have not burned down. Really sick of this whole thing. Four solid weeks every summer. Please fix this. Thank you	5/4/2018 8:24 AM
539	Scary to often find large pieces of debris in our yard and on roof as these can obviously still ignite something initially	5/4/2018 8:22 AM
540	I think the cops should worry about real problems like rounding up illegals!!!! And quit bothering citizens!!!!	5/4/2018 8:17 AM
541	I would like to take a survey about neighborhood fire pits.	5/4/2018 8:14 AM
542	The Menasha Police Dept. does a great job considering the amount of people they have to control. Great job people!!	5/4/2018 8:12 AM
543	Just because everyone is doing it does not make it ok. The Police are part of the problem. Quit giving warnings and start writing citations. \$150 min. Scan their license with your smartphone, hand them a standard citation and move on. Upload the scanned documents at the end of the night. Mail them the citation and court date. CamScanner is a great tool for scanning a license. Stick and move. Time is \$\$\$ during the 4th of July. Start enforcing the law or move aside and hire someone who will.	5/4/2018 8:11 AM
544	I think the most important factor is enforcing time for the fireworks to stop. Last year we had a 1year old trying to sleep and being woken up after midnight by mortars from the neighbors. Of course when I did make a call to the police, before the officers arrived (3-4 mins later, which is incredibly fast in my opinion) the fireworks had stopped.	5/4/2018 8:01 AM
